The solicitation amendment 002 is for the following reasons.

1. To provide answers to the following questions.

QUESTION 1

Concerning this solicitation, could you please indicate if the items 5 to 14 (Cap, Blasting, Non-Electric M7) are inert or live cap.

ANSWER 1

Within **Annex "A"** of the solicitation, it is requesting for both Live and Inert as described. A more detailed description is provided within Annex G.

QUESTION 2

What are the Packaging details for all items?

ANSWER 2

The packaging for the live non-electric M7 is very specific and is linked to how it is classified for transport and is designed to prevent propagation.

The dummy M6 and XM30 can be in suitable packaging for inert items.

QUESTION 3

Section 6.21 Packaging states: The blasting caps must be packaged in a M19A1 metal box (NSN 8140-00-828-2939). My question is, must the dummy detonators be packaged in the M19A1 metal box also or will commercial packaging be acceptable?

ANSWER 3

As per the requirement under section **6.21 Packaging**, the blasting caps must be packaged in a M19A1 metal box (NSN 8140-00-828-2939).

QUESTION 4

Can we submit our bid in USD or it has to be CAD funds?

ANSWER 4

Payment and Pricing will be made in Canadian Dollars
