## **REQUEST FOR PROPOSAL AMENDMENT NO. 003**

**Request for Proposal Amendment no. 003 is raised for the following reasons: Questions and answers.**

### **1. Questions and Answers**

#### **Question 20:**

AMD 002 - For the High Speed Printer, we have the capacity to install a stacker that has a 3500-Sheet Output Capacity as requested but it cannot staple which is one of your mandatory specifications. In order to meet your mandatory specification for stapling, we must include a different stacker which only has a 3000-Sheet Output Capacity that does not meet your minimum requested output capacity of 3500-Sheet. We are asking to respectfully change one of the two specifications (remove the stapling requirement or reduce the output capacity to 3000 Sheet).

#### **Answer 20:**

Both stapling and stacking output capacity specifications are mandatory operational requirements for the High Production Printer. Both mandatory requirements must be respected, please refer to RFP for specifications mandatory.

**ALL OTHER TERMS AND CONDITIONS OF THE REQUEST FOR PROPOSAL (RFP) REMAIN UNCHANGED.**
