To obtain a copy of this document, the Bidder must make a request in writing to the Contracting Authority identified in Article 7-5.1

2. Under 2.7 Equivalent Products

DELETE - ALL

INSERT:

2-7 Equivalent Products

APPENDIX 1 to ANNEX A – EQUIVALENT PRODUCTS identifies a list of all products for which Canada will consider equivalent products.

For a proposed product to be considered as an equivalent product, that product must at a minimum meet or exceed all the mandatory performance criteria indicated for the product in APPENDIX 1 to ANNEX A. Equivalent products must be submitted during the bid enquiry period to be approved prior to bid submission.

1. Products that are equivalent in form, fit, function and quality to the item(s) specified in the bid solicitation will be considered where the Bidder:
 - a. designates the brand name, model and/or part number of the equivalent product;
 - b. states that the equivalent product is fully interchangeable with the item specified;
 - c. provides complete specifications and descriptive literature for each equivalent product;
 - d. provides compliance statements that include technical specifics showing the equivalent product meets all mandatory performance criteria that are specified in the bid solicitation; and

-
- e. clearly identifies those areas in the specifications and descriptive literature that support the equivalent product's compliance with any mandatory performance criteria.
 - f. submits an Appendix 1 to Annex A document with the proposed equivalent product information filled in (as applicable).
2. Products offered as equivalent in form, fit, function and quality will not be considered if:
- a. the bidder fails to provide all the information requested to allow the Contracting Authority to fully evaluate the equivalency of each equivalent product; or
 - b. the equivalent product fails to meet the mandatory performance criteria specified in the bid solicitation for that item.

Bidders must provide all required information during the bid enquiry period. Acceptance or rejection of an equivalent product will be indicated in a solicitation amendment except in the situations where the equivalency request is indicated as Commercial – In – Confidence.

Commercial – In – Confidence: If the bidder is proposing an equivalent service, the bidder may invoke that the enquiry and resulting answer is proprietary and is commercial - in – confidence. In this situation Canada will answer only to the bidder that submitted the enquiry; no solicitation amendment will be processed for these types of equivalency results..

All Other Terms and Conditions Remain the Same.
