INVITATION TO TENDER

IMPORTANT NOTICES TO BIDDERS

REFERENCE TO PWGSC

All references to the Department of Public Works & Government Services Canada (PWGSC) in the instructions, general terms, conditions and clauses identified in the Invitation to Tender (ITT) by number, date and title, set out in the Standard Acquisition Clauses and Conditions Manual (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) are to be replaced with the Correctional Service of Canada (CSC).

INTEGRITY PROVISIONS – BID

Changes have been made to the Integrity Provisions – Bid as of 2016-04-04. See GI01, Integrity Provisions – Bid of R2710T of the General Instructions for more information.

LISTING OF SUBCONTRACTORS

As per GI07 of R2710T you should provide using Annex B at Bid closing a list of Subcontractors that have 20% or more of the tendered price value.

PWGSC UPDATE ON ASBESTOS USE

Effective April 1, 2016, Public Works and Government Services Canada (PWGSC) contracts for new construction and major rehabilitation will prohibit the use of asbestos-containing materials. Further information can be found at <http://www.tpsgc-pwgsc.gc.ca/comm/vedette-features/2016-04-19-00-eng.html>

SPECIAL INSTRUCTIONS TO BIDDERS (SI)

SI01 BID DOCUMENTS

1. The following are the bid documents:
 - a. Invitation to Tender - Page 1;
 - b. Special Instructions to Bidders;
 - c. General Instructions – Construction Services – Bid Security Requirements, R2710T (2019-05-30)
 - d. Clauses & Conditions identified in “Contract Documents”;
 - e. Specifications;
 - f. Bid and Acceptance Form and related Appendix(s); and
 - g. Any amendment issued prior to solicitation closing.

Submission of a bid constitutes acknowledgement that the Bidder has read and agrees to be bound by these documents.

2. General Instructions – Construction Services – Bid Security Requirements R2710T is incorporated by reference and is set out in the Standard Acquisition Clauses and Conditions (SACC) Manual, issued by Public Works and Government Services Canada (PWGSC). The SACC Manual is available on the PWGSC Web site:
<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual/5/R>

SI02 ENQUIRIES DURING THE SOLICITATION PERIOD

1. Enquiries regarding this bid must be submitted in writing to the Contracting Officer named on the Invitation to Tender - Page 1 as early as possible within the solicitation period. Except for the approval of alternative materials as described in GI15 of R2710T, enquiries should be received no later than five (5) calendar days prior to the date set for solicitation closing to allow sufficient time to provide a response. Enquiries received after that time may not result in an answer being provided.
2. To ensure consistency and quality of the information provided to Bidders, the Contracting Officer will examine the content of the enquiry and will decide whether or not to issue an amendment.
3. All enquiries and other communications related to this bid sent throughout the solicitation period are to be directed ONLY to the Contracting Officer named on the Invitation to Tender - Page 1. Failure to comply with this requirement may result in the bid being declared non-responsive.

SI03 MANDATORY

There will be a **Mandatory** site visit **on October 31, 2019 at 11:00am**. Interested bidders are to meet at the main entrance to Collins Bay Institution 1455 Bath Road, Kingston Ontario.

All bidders must show up at least 15 minutes prior to the site visit to allow for processing. The site visit will start at 11:00 and any bidders arriving late will not be allowed entrance.

The site visit for this project is **MANDATORY**. **The Contracting Officer must be notified by October 28, 2019 at 13:00** prior to the Mandatory Site Visit the names of the Representatives from the firm that will be attending this site visit for security reasons. Failure to notify CSC of the names will result in your Representative not being allowed entrance for the Site Visit, and for that reason alone will result in disqualification of a bid.

The representative of the bidder will be required to sign the Site Visit Attendance Sheet at the site visit. Bids submitted by **Bidders who have not signed the attendance sheet will be rejected.**

SI04 REVISION OF BID

A bid may be revised by letter in accordance with GI10 of R2710T. The revised bid must be received in its entirety before the solicitation closing date and time indicated on page 1.

SI05 BID RESULTS

CSC will send an official letter by email to unsuccessful bidders to inform them of the name of the winning bidder as well as the total contract value.

SI06 INSUFFICIENT FUNDING

1. In the event that the lowest compliant bid exceeds the amount of funding allocated by Canada for the Work:
 - a) by 15% or less, Canada in its sole discretion may:
 - i . cancel the solicitation; or
 - ii. obtain additional funding and, subject to the provisions of GI10 of R2710T, award the Contract to the Bidder submitting the lowest compliant bid; and/or
 - iii. negotiate a reduction in the bid price and/or scope of work with the Bidder submitting the lowest compliant bid.
 - b) by more than 15%, Canada in its sole discretion may:
 - i . cancel the solicitation; or
 - ii. obtain additional funding and subject, to the provisions of GI10 of R2710T award the Contract to the Bidder submitting the lowest compliant bid; and/or
 - iii. revise the scope of work accordingly and invite Bidders who submitted a compliant bid to the initial invitation to tender to resubmit a bid.
2. If Canada decides to enter into negotiations or request that compliant bidders resubmit a bid as per paragraph 1.a) iii. or 1. b) iii., bidders must use the same subcontractors and suppliers as for their initial offer.
3. If Canada decides to negotiate a reduction in the bid price as per paragraph 1.a) iii. and an agreement satisfactory to Canada cannot be reached, Canada will exercise option 1. a) i. or 1. a) ii.

SI07 BID VALIDITY PERIOD

1. Canada reserves the right to seek an extension to the bid validity period prescribed in BA04 of the Bid and Acceptance Form. Upon notification in writing from Canada, Bidders must have the option to either accept or reject the proposed extension.
2. If the extension referred to in paragraph 1. of SI07 is accepted, in writing, by all those who submitted bids, then Canada will continue immediately with the evaluation of the bids and its approvals processes.
3. If the extension referred to in paragraph 1. of SI07 is not accepted in writing by all those who submitted bids then Canada will, at its sole discretion, either
 - a. continue to evaluate the bids of those who have accepted the proposed extension and seek the necessary approvals; or
 - b. cancel the invitation to tender.
4. The provisions expressed herein do not in any manner limit Canada's rights in law or under GI11 of R2710T.

SI08 CONSTRUCTION DOCUMENTS

The successful Contractor will be provided with one paper copy of the sealed and signed drawings, the specifications and the amendments upon acceptance of the offer. Additional copies, up to a maximum of two (2), will be provided free of charge upon request by the Contractor. Obtaining more copies must be the responsibility of the Contractor including costs.

The Contractor must check the existing building dimensions before starting work and ordering any materials. The Contractor must report discrepancies affecting the work shown on the drawings to the CSC Project Manager for clarification and final decision. It is the responsibility of the Contractor to visit the site personally to verify or obtain dimensions. Any dimensions given are approximate and CSC assumes no responsibility for the accuracy of these dimensions.

SI09 WORKERS COMPENSATION BOARD AND SAFETY PROGRAM

The recommended Bidder must provide to the Contracting Authority, prior to Contract Award:

- a) a Workers Compensation Board letter of good standing, also listing covered Directors, Principals, Proprietor(s), or Partners who will be or who are anticipated to be present on the work site(s); and
- b) a Certificate of Recognition (COR) or Registered Safety plan (RSP) acceptable to the Authority Having Jurisdiction (AHJ). A health and safety policy and program, as required by the respective provincial/territorial Occupational Health and Safety Act, will be acceptable lieu of a COR or RSP. If none is required by law, a copy of the health and safety policy and program that has been sent to the AHJ for review will also be acceptable, provided that the recommended Bidder certifies that it has been sent to the AHJ.

The recommended Bidder must deliver all of the above documents to the Contracting Authority on or before the date stated (usually 3 to 5 days after notification) by the Contracting Authority. Failure to comply will result in a breach of promise, at which time the Contracting Authority will be free to approach the next lowest responsive Bidder.

	Supplementary Conditions		
 - e. Any amendment issued or any allowable bid revision received before the date and time set for solicitation closing;
 - f. Any amendment incorporated by mutual agreement between Canada and the Contractor before acceptance of the bid; and
 - g. Any amendment or variation of the contract documents that is made in accordance with the General Conditions.
2. The documents identified by title, number and date above are incorporated by reference and are set out in the Standard Acquisition Clauses and Conditions (SACC) Manual, issued by Public Works and Government Services Canada (PWGSC). The SACC Manual is available on the PWGSC Web site:

<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>
3. The language of the contract documents is the language of the Bid and Acceptance Form submitted.

SUPPLEMENTARY CONDITIONS (SC)

SC 01 INSTITUTIONAL ACCESS REQUIREMENTS

1. NIL security screening required as there is no access to sensitive information or assets. Contractor personnel will be escorted at all times by Correctional Service Canada personnel or those authorized by CSC on its behalf. CSC has developed very stringent internal policies to ensure that the security of institutional operations is not compromised.
2. Contractor personnel must adhere to institutional requirements for the conduct of searches by Correctional Service Canada prior to admittance to the institution/site. Correctional Service Canada reserves the right to deny access to any institution/site or part thereof of any Contractor personnel, at any time.

SC02 INSURANCE TERMS

The obligations of the Contractor are defined in R2900D and in the Insurance Terms below.

The obligations of the Insurer are defined on the Certificate of Insurance in Annex A including the insurance requirements on page 2 of the form.

The contracting officer must add the following information to page 1 of the certificate of insurance before publishing the invitation to tender:

- Description and location of work
- Contract number
- Project number
- Types of insurance required, by checking off the appropriate boxes.

Upon contract award, the Certificate of Insurance (page 1 & 2) will be provided to the winning contractor in MS Word. It will allow its insurer/broker to complete electronically.

Minimum Insurance Requirements:

Contracts with an estimated value of less than \$100,000:

- Commercial General Liability

Contracts with an estimated value of \$100,000 and more:

- Commercial General Liability
- Builder's Risk/Installation Floater (generally not required for contracts where there is no work/property to ensure, such as paving, asbestos abatement and dredging).

Additional Insurance:

The client is responsible to inform the contracting officer which types of additional insurance is necessary.

Contractors Pollution Liability:

Required when the nature of the work poses a risk of pollution damage such as:

- work involving storage tanks
- work on bridges or above water where contaminants could be released into water streams
- work involving removal of hazardous materials

1) Insurance Contracts

- (a) The Contractor must, at the Contractor's expense, obtain and maintain insurance contracts in accordance with the requirements of the Certificate of Insurance. Coverage must be placed with an Insurer licensed to carry out business in Canada.
- (b) Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract. The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill

its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

2) Period of Insurance

- (a) The policies required in the Certificate of Insurance must be in force from the date of contract award and be maintained throughout the duration of the Contract.
- (b) The Contractor must be responsible to provide and maintain coverage for Products/Completed Operations hazards on its Commercial General Liability insurance policy, for a period of six (6) years beyond the date of the Certificate of Substantial Performance.

3) Proof of Insurance

- (a) Before commencement of the Work, and no later than thirty (30) days after acceptance of its bid, the Contractor must deposit with Canada a Certificate of Insurance on the form attached herein.
- (b) Upon request by Canada, the Contractor must provide originals or certified true copies of all contracts of insurance maintained by the Contractor pursuant to the Certificate of Insurance.

4) Insurance Proceeds

In the event of a claim, the Contractor must, without delay, do such things and execute such documents as are necessary to effect payment of the proceeds.

5) Deductible

The payment of monies up to the deductible amount made in satisfaction of a claim must be borne by the Contractor.

SC03 COMPLIANCE WITH APPLICABLE LAWS:

The Contractor must comply with all laws, regulations rules instructions and directives applicable to the performance of the Work or any part thereof in force on the site where the Work is to be performed. The Contractor must also comply with all laws, regulations, rules, instructions and directives applicable to the agents and servants of the Crown. The Contractor must also require compliance therewith by all of its subcontractors. Evidence of compliance with such laws, regulations and rules must be furnished by the Contractor to the Contracting Authority at such times as the Contracting Authority may reasonable request.

Unless otherwise provided in the contract, the Contractor must obtain all permits and hold all certificates and licenses required for the performance of the Work.

Details on existing CSC policies can be found at www.csc-scc.gc.ca or any other CSC web page designated for such purpose.

SC04 WORKERS COMPENSATION

It is mandatory that every Contractor contracted for work must have an account with the Provincial Workers Compensation Board/Commission, and coverage shall be extended to cover all employees.

SC05 TUBERCULOSIS TESTING:

It is a condition of this contract that the Contractor or any employees of the Contractor who require entry into a Correctional Service of Canada Institution to fulfil the conditions of the contract may, at the sole discretion of the Warden,

be required to provide proof of and results of a recent tuberculin test for the purpose of determining their TB infection status.

Failure to provide proof of and results of a tuberculin test may result in the termination of the contract.

All costs related to such testing will be at the sole expense of the Contractor.

SC06 INFORMATION GUIDE FOR CONTRACTORS

Prior to the commencement of any work, the Contractor certifies that its employees, or employees of its subcontractors, working under contract for CSC, will complete the applicable Module(s) and retain the signed checklist(s) from the CSC Information Guide for Contractors” website: www.bit.do/CSC-EN.

SC07 CLOSURE OF GOVERNMENT OFFICES

Contractor personnel are employees of the Contractor and are paid by the Contractor on the basis of services rendered. Where the Contractor or the Contractor’s employees are providing services on government premises pursuant to this Contract and the said premises become non accessible due to evacuation or closure of government offices, and consequently no Work is being performed as a result of the closure, Canada will not be liable for payment to the Contractor for the period of closure.

Contractors working at CSC sites should be aware that they may be faced with delay or refusal of entry to certain areas at certain times even if prior arrangements for access may have been made. Contractors are advised to call in advance of travel to ensure that planned access is still available.

SC08 CONTRACTOR’S PERFORMANCE EVALUATION REPORT

CSC will evaluate the Contractor’s performance during the execution of the work and when it is completed using PWGSC – TPSGC form 2913 “Contractor Performance Evaluation Report Form (CPEPF)”. This evaluation will be based on the quality of the execution of the work, timeliness, management of on-site health and safety and the general management of the Contractor’s work in relation to the effort required by the Department’s employees in the administration of the contract. A completed performance evaluation report will be sent to the Contractor when the work has been completed for all projects.

BID AND ACCEPTANCE FORM (BA)

BA01 IDENTIFICATION

Underground Heating Line Repairs – BB03

BA02 BUSINESS NAME AND ADDRESS OF BIDDER

Name: _____

Address: _____

Telephone: _____

Fax: _____

PBN: _____

E-mail address: _____

BA03 THE OFFER

The Bidder offers to Canada to perform and complete the Work for the above named project in accordance with the Bid Documents for the **TOTAL BID AMOUNT INDICATED IN APPENDIX 1**.

BA04 BID VALIDITY PERIOD

The bid must not be withdrawn for a period of ninety [90] days following the date of solicitation closing.

BA05 ACCEPTANCE AND CONTRACT

Upon acceptance of the Contractor's offer by Canada, a binding Contract will be formed between Canada and the Contractor. The documents forming the Contract will be the contract documents identified in Contract Documents (CD).

BA06 CONSTRUCTION TIME

The Contractor must perform and complete the Work within 6 (six) weeks from the date of notification of acceptance of the offer.

BA07 BID SECURITY

The Bidder is enclosing bid security with its bid in accordance with GI0 8 - Bid Security Requirements of R2710T - General Instructions Construction Services – Bid Security Requirements.

BA 08 SIGNATURE

Name and title of person authorized to sign on behalf of Bidder (Type or print)

Signature

Date

APPENDIX 1 - COMBINED PRICE FORM (1 page)

- 1) The prices per unit will govern in establishing the Total Extended Amount. Any arithmetical errors in this Appendix will be corrected by Canada.
- 2) Canada may reject the bid if any of the prices submitted do not reasonably reflect the cost of performing the part of the work to which that price applies.

LUMP SUM

The Lump Sum Amount designates Work to which a Lump Sum Arrangement applies.

- (a) Work included in the Lump Sum Amount represents all work not included in the unit price table.

LUMP SUM AMOUNT (LSA) Excluding applicable tax(es)
--

UNIT PRICE TABLE

The Unit Price Table designates Work to which a Unit Price Arrangement applies.

- (a) Work included in each item is as described in the referenced specification section.
- (b) The Price per Unit will not include any amounts for Work that is not included in that unit price Item.

Item	Specification Reference	Class of Labour, Plant or Material	Unit of Measurement	Estimated Quantity (EQ)	Price per Unit applicable tax(es) extra (PU)	Extended amount (EQ x PU) applicable tax(es) extra
TOTAL EXTENDED AMOUNT (TEA) Excluding applicable tax(es)						N/A

TOTAL BID AMOUNT (LSA +TEA) Excluding applicable tax(es)
--

APPENDIX 2 – INTEGRITY PROVISIONS – LIST OF NAMES

List of names: all bidders, regardless of their status under the Policy, must submit the following information when participating in a procurement process or real property transaction:

- bidders that are corporate entities, including those bidding as joint ventures, must provide a complete list of the names of all current directors or, for a privately owned corporation, the names of the owners of the corporation;
- bidders bidding as sole proprietors, including sole proprietors bidding as joint ventures, must provide a complete list of the names of all owners; or
- bidders that are a partnership do not need to provide a list of names.

If the list of names has not been received in a procurement process or real property transaction by the time the evaluation of bids or offers is completed, or has not been received in a procurement process or real property transaction where no bid/offer will be submitted, the contracting authority will inform the bidder of a time within which to provide the information. Providing the required names is a mandatory requirement for award of a contract or real property agreement. Failure to provide the list of names within the time specified will render a bid or offer non-responsive, or the bidder otherwise disqualified for award of a contract or real property agreement.

To be completed and provided to the contractor at time of contract award.

APPENDIX 3 – DEPARTMENTAL REPRESENTATIVES

TO BE PROVIDED AT CONTRACT AWARD.

Contracting Authority is:

Name: Alexa Fraser

CERTIFICATE OF INSURANCE (not required at solicitation closing)

PAGE 2 of 2

General

The insurance policies required on page 1 of the Certificate of Insurance must be in force and must include the insurance coverage listed under the corresponding type of insurance on this page.

The policies must insure the Contractor and must include Her Majesty the Queen in Right of Canada as represented by the Minister of Public Safety Canada as an additional Insured.

The insurance policies must be endorsed to provide Canada with not less than thirty (30) days notice in writing in advance of a cancellation of insurance or any reduction in coverage.

Without increasing the limit of liability, the policies must protect all insured parties to the full extent of coverage provided. Further, the policies must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.

Commercial General Liability.

The insurance coverage provided must not be substantially less than that provided by the latest edition of IBC form 2100.

The policy must either include or be endorsed to include coverage for the following exposures or hazards if the Work is subject thereto:

- a) blasting;
- b) pile driving and caisson work;
- c) underpinning;
- d) removal or weakening of support of any structure or land whether such support be natural or otherwise if the work is performed by the insured contractor.

The policy must have the following minimum limits:

- a) \$5,000,000 Each Occurrence Limit;
- b) \$10,000,000 General Aggregate Limit per policy year if the policy contains a General Aggregate; and
- c) \$5,000,000 Products/Completed Operations Aggregate Limit.

Umbrella or excess liability insurance may be used to achieve the required limits.

Builder's Risk / Installation Floater.

The insurance coverage provided must not be less than that provided by the latest edition of IBC forms 4042 and 4047.

The policy must permit use and occupancy of any of the projects, or any part thereof, where such use and occupancy is for the purposes for which a project is intended upon completion.

The policy may exclude or be endorsed to exclude coverage for loss or damage caused by asbestos, fungi or spores, cyber and terrorism.

The policy must have a limit that is **not less than the sum of the contract value** plus the declared value (if any) set forth in the contract documents of all material and equipment supplied by Canada at the site of the project to be incorporated into and form part of the finished work. If the value of the work is changed, the policy must be changed to reflect the revised contract value.

The policy must provide that the proceeds thereof are payable to Canada or as Canada may direct in accordance with GC10.2, "Insurance Proceeds" (<https://buyandsell.gc.ca/policy-and-guidelines/standards-acquisition-clauses-and-conditions-manual/5/R/R2900D/2>).

Contractors Pollution Liability

The policy must have a limit usual for a contract of this nature, but no less than \$1,000,000 per incident or occurrence and in the aggregate.

ANNEX B – LISTING OF SUBCONTRACTORS

- 1) In accordance with GI07 – Listing of Subcontractors and Suppliers of R2710T – General Instructions – Construction Services – Bid Security Requirements, the Bidder should provide a list of Subcontractors with his Bid.
- 2) The Bidder should submit the list of Subcontractors and for any portion of the Work valued at 20% or greater of the submitted In Price.

ANNEX C - SCOPE OF WORK

GENERAL INFORMATION

SCOPE OF WORK

Project Name: Heating line Repairs Underground BB03 Project Number: 423-3906-0 Institution: Bath Institution

Objectives

Correctional Service Canada (CSC) requires the services of a qualified contractor to excavate a new trench to facilitate the installation of new heating supply and return lines that run underground from BB03 to BB02. (approximately 28 meters underground and 25 meters within Building BB 03)

Scope of Work

Contractor must excavate a new trench and install the heating supply and return lines that run underground from BB03 to BB02. The Contractor must provide new isolation valves at distribution manifold, remove abandoned piping within BB 03 for this heating loop, and provide new piping within building BB 03 to connect to newly installed isolation valves.

- The isolation of these heating line waterlines will require the contractor to coordinate this with the institution
- Locates is the responsibility of the contractor
- The under ground portion of the new piping must be 316L Stainless
- The piping must be replaced from where it exits BB02 to where it will enter BB03 following an alternate route to previously installed lines. (to be identified at site meetings)
- New lines supplied by this project must be connected with new lines that will be supplied by another contractor. It is up to the contractor to ensure that the lines are compatible with the existing contractor lines and to coordinate this with the existing contractor.
- Piping must be insulated with an approved underground insulation product
- Piping, where it enters the building, must be properly sleeved and formed in concrete
- All grounds/sidewalks must be restored .

Delivery and Security

Contractor considerations:

- All employees entering the facility must report to the ID Building and pass through all security devices and screening before reporting to the identified work area.
- When assembling at the entrance they will be provided with an escort that will be with them at all times during the installation process.
- At any time a Corrections Officer may require a contractor's employees to submit to a search if deemed necessary by a corrections officer.
- Employees should be aware that a tobacco ban is in effect. No smoking materials are permitted in the institution.
- Contractors must submit a tool list for approval 48hrs prior to entering the institution and only bring necessary tools into the institution and must account for these items at the end of every workday.
- Valid photo identification is required for entry into the Institution.

Travel

Contractors are required to travel to and from Bath Institution.

Material Requirements

Contractor must provide all personnel, tools, services, supplies, materials, supervision and equipment to complete the work as described. All material must be new.

Requirements and Considerations

Contractor must comply with the following:

Safety:

- All applicable Federal and Provincial safety codes must be adhered to.
- The contractor must maintain compliance of site procedures regarding potential hazardous work locations and situations.
- The contractor must provide a site specific health and safety plan prior to any onsite work. This plan must identify any hazards and details on how these hazards will be mitigated. This plan must also include a Fire Emergency Plan.

Certificates, inspections, standards, codes of practice and regulations:

- All work must comply with all applicable federal or provincial/territorial codes & regulations (latest versions). Contractor must provide documentation confirming such to the project authority.

- Work must comply with the National Building Code or Ontario Building Code – whichever one has more stringent requirements.
- Work must comply with the National Electrical Code
- Work must be in conformance with all applicable sections of CSC's Technical Criteria
- All new materials must be installed in accordance with manufacturer's specifications, engineering standards, building codes, and best practices.
- Contractor must submit a Notice of Project to the Ministry of Labour prior to starting projects that meet the standards set out in section 6(1) of the Regulations for Construction Projects, O.Reg 213/91 (the Regulation). Proof of this notification must be provided to the Project Authority prior to commencing work.

Workmanship and housekeeping:

- Contractor must provide all necessary equipment and materials to complete the work as described in the scope of work.
- Any equipment damaged in the course of this project must be repaired and restored to normal operation by the contractor at no cost to CSC.
- Workmanship must be of the highest standard and must meet all industry standards.
- All work must be executed with minimum disruption occupants and daily operations of the institution.
- Worksite must be kept clean and neat and upon project completion the workplace area must be clean, free of post construction materials and returned to original integrity.
- If work is to be completed in an occupied area then construction area must be hoarded off and institutional property must be protected from damage and dust.
- Contractor must be responsible for taking accurate measurements.
- All work and the work site must be visually inspected by the Project Authority or their representative and completed/cleaned up to the satisfaction of project authority prior to project closeout.

Tool Control:

- A master tool list must be provided prior to project start up and a daily tool list must be provided upon entry and all tools must be accounted for at the end of day.
- Any scrap material (wiring, pipe, etc) must be accounted for and cleaned up.

Site Access:

- Work must be performed during regular working hours Monday – Friday (08:00 – 16:00) unless otherwise approved by Project Authority.
- Written notice must be provided 48hrs prior to accessing the institution.
- Any required submittals must be provided to Project Authority prior to site access.
- Photo identification is required for entry into the Institution.
- All work must be completed without delay and a schedule of operation must be provided to the Project Authority 48 hours prior to commencing work. The schedule must include the following; start date, hours of work, the names of those who require entry, milestone dates, commissioning dates and completion date.

Additional Work or Delays:

- Any additional work beyond that described in this scope of work must be approved by the Project Authority prior to commencing additional work.
- Any circumstances that cause delay during the project must be identified to the Project Authority as soon as the circumstance is discovered and must be followed up in writing to the Project Authority.

Disposal or removal of materials and Environmental Protection Plan:

- Disposal of any removed material must be carried out using the highest standard in regards to landfill waste diversion, reusing, recycling, and comply with applicable transportation and environmental legislation (federal and provincial).
- Copies of waste manifests must be provided to the Project Authority.
- Contractor must ensure that Transportation of Dangerous Goods regulations are followed. Institution may request qualification proof for transporter.
- Provide an Environmental Protection Plan that identifies tasks to be performed, associated potential risks and mitigation measures to address those risks.

Construction Cost Breakdown:

- Contractor must provide in quote and invoices a detailed cost breakdown of all materials and labour.

Submittals:

- Contractor must submit shop drawings for approval prior to fabricating/ordering materials.
- Contractor must provide MSDS.
- Contractor must provide a complete project schedule five (5) business days after award of contract for approval by the Project Authority.
- Contractor must submit health and safety plan (including fire emergency plan). This plan must identify any hazards and details on how these hazards will be mitigated.
- Contractor must submit plan for approval by Project Authority for maintaining operation of the building during construction.
- Contractor must submit Environmental Protection Plan addressing spill potential, risk protection and response associated with any vehicle fluids from elevating devices and delivery trucks as well as providing a waste management plan (copy of waste manifests).
- Contractor must provide tool list for approval by Project Authority
- Contractor must submit one (1) hard copy and one (1) electronic copy of O & M Manual (Complete with as built drawings).
 - Electronic Copies:
 - Must be provided in PDF format (latest version).

Place of Performance

Bath Institution

Period of Performance

Schedule to be approved by Project Authority.

Site Meeting

There will be a mandatory bidder site visit.

ANNEX D - Specifications

The SPECIFICATIONS are to be referenced along with the SCOPE OF WORK - ANNEX C.
