Amendment 005

This amendment is issued to:

1. publish Q & A; and,
2. revise Appendix 1 - Combined Price Form.

The following changes in the tender documents are effective immediately. This addendum will form part of the contract documents.

Questions and Answers

Question #1:

Can the line item for the supply of 3,579 m3 of material from the Trutch Quarry be removed from the cost of services form? Use of quarry was not discussed at the site visit and based upon the visit to the quarry in 2017 a significant amount of work and therefore costs are required to ensure the road and quarry are safe for use. Attempts we're made to visit the site this week but road is blocked to vehicles due to downed tree's.

Answer #1:

Please refer to the revised Unit Price Table, which has excluded the line item for Backfill-Owner Supplied from the Trutch Rock Quarry.

Question #2:

Regarding our previous question, Question #4 in addendum 003:

"Can you confirm the source of the imported backfill and location? Can you confirm the pricing on the backfill (for ex. per tonne)?"

We understand that the contractor has to determine the cost of backfill (with transportation costs, equipment included per tonne), however we want to know the tailgate fee for the backfill, if there is any ? Can we assume if its "Backfill-owner" that the cost for the backfill is zero ? Can this be clarified. If PWGSC doesn't own the pits, can we be provided with contact information?

Answer #2:

Yes, there is no cost for Backfill-Owner Supplied material regardless of the location. The contractor is responsible for loading, transporting, placing and compacting Backfill-Owner Supplied. An excavator will not be provided by PSPC for loading material at the source.

Appendix 1 - Combined Price Form

The revised **APPENDIX 1 - Combined Price Form – dated 10-29-2019** must be used when submitting your bid. Any bid submitted on a previous version of the Bid and Acceptance Form will be considered non-compliant and therefore disqualified.

APPENDIX 1 - COMBINED PRICE FORM – dated 10-29-2019

- 1) The prices per unit will govern in establishing the Total Extended Amount. Any arithmetical errors in this Appendix will be corrected by Canada.
- 2) Canada may reject the bid if any of the prices submitted do not reasonably reflect the cost of performing the part of the work to which that price applies.
