Amendment 003

Included in the present Amendment:

1. Questions and answers 1 to 3
2. Addition of technical documents

1. Questions and answers 1 to 3

Question 1 :

Item 14: Will the new distribution panel be provided by the CCG or the shipyard?

For other equipment such as generators and crane, it is very clearly identified as "CCG supplied" but for the distribution panel it seems implied but not written word for word "CCG supplied".

Answer 1:

Yes, the electrical panel will be supplied by the CCG.

Question 2:

Item 17.1: Please provide the windlass maintenance manual with specifications and manufacturing drawings to determine the dimensions of the necessary spare parts (e.g. bushings and bearings that we must replace). Also provide details of the gear pump and electric motor specified in item 17.1 C.2.2.

Answer 2:

We do not have plans or specifications for the Windlass but it is a Harrison & Robbins model 132 serial number 507. For the pump and its motor there will be no verification required, please replace item 17.1.C.2.2 with the following:

17.1.C.2.2 The contractor must remove the entire windlass and check the integrity of the steel wire rope and its hook.

Question 3:

Item 17.3, Please provide the following missing documents:

- Hiab sea crane 180 manual
- 42-83-405 deck crane
- 42-83-710 hydraulic oil diagram
- Pull Master M12 service manual
- Item 16.2, please provide the document "50VL-C Owner's information manual and product data".
- Item 11.4, please provide the document "42-83-701 Seachest & Crossover".
- Item 10.1, please provide the document "Ngcc Ile St-Ours-Extincteurs portatif".

Answer 3: See attached documents.
