### **QUESTIONS AND ANSWERS**

**Question 1:** Page 19 – Table C: Is this clean cardboard only or mixed with any other materials such as office paper, packaging etc.?

**Answer 1:** It is clean cardboard.

**Question 2:** Page 19 – Table D: What is “plastic”? Please provide a definition or general idea i.e. pop bottles, food containers, process waste from events etc.

**Answer 2:** The types of plastic captured have a plastic rating of 1 to 7.

**Question 3:** Page 17 Destination of Services. Understood that there are 4 service locations in Regina as identified on page 17. Is there a specific number of waste, recycle and roll off containers at each location?

**Answer 3:** The number of containers is based on usage. This information is not required in order to submit a bid. The Basis of payment states that all quantities are for evaluation purposes, and requests a per pick up cost.

**Question 4:** Page 18 Table A. Are these bin quantities in Table A the total number of bins for all 4 locations of the contract?

**Answer 4:** Table A is the container rental cost only, the cost per pick up per bin is captured on the remaining tables.

**Question 5:** Page 19 Table A, B & C. There appears to be conflicting information in the tables. Can it please be clarified? The clarification and question is in Table A is asking for a waste rate, Table B asks for a cardboard rate, Table C asks for recyclable plastic. The ask on the first line does not correlate to the item number type of material and is asking for a waste rate for and item line recycle item and so on throughout the tables.

**Answer 5:** Annex B – Basis of Payment has been updated to clarify the container type ie. 4 YD FL Container Table A is asking for the container rental fee, the remaining table is specifying the type of waste to be removed. ie. Cardboard versus plastic versus waste.

**Question 6:** Would the RCMP consider an extension?

**Answer 6:** Yes, the solicitation date has been extended
