## **QUESTIONS AND ANSWERS**

### **Question 1:**

Will you please clarify Question 6 from the Amendment? Are any privacy panels required on either the upper or lower portion of the work benches, and if so what type of material would you like them to be? Fabric or laminate.

Amendment 001, Question 6: 7.4.8 Privacy Panels. Please clarify the upper and lower privacy panels requested. Are privacy panels even required as there seems to be wall structures behind all benches?

Answer 6: Privacy Panels are required but could be open framed.

**Answer 1:** After review privacy panels are not required.

### **Question 2:**

For the larger Type B & C benches, you ask for 2 36" shelves to make a 72" shelf. The answer was that 2 shelves could make the 72" shelf. Understood.

Then when you ask for levels of shelving that is not clear. Do you require 1 level of shelving, or do you require 2 levels of shelving for Type B and C Benches.

This shows 2 levels of shelving.

**Answer 2:** We require two (2) levels of shelving for Type B and C Benches.

**Question 3:** Our design team noticed the following: If you look at appendix A for Type B stations, there are 3 benches that don't show upper shelves, is that correct? Please see attached, x marks the location.

**TYPE R**

**Answer 3:** Yes that is correct there are no shelves required at these locations.

**Question 4: 7.4.2. Each vertical post must be a minimum of 2.5” x 2.5” in diameter, 62” high and 84” high respectively, with 1” adjustability all along the post.** Please advise if vertical post of 2.5” x 2” is acceptable.

**Answer 4:** Yes this is acceptable.

**Question 5: 7.4.3. One 2 post frame must have a static load capacity of at least 544.31 kg (1200 lbs).** Please advise of load capacity of 1000 lbs is acceptable.

**Answer 5:** Yes this is acceptable.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED**
