4. Enquiries – Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than 5 business days before the bid closing date. Enquiries received after that time may not be answered.

Care should be taken by bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Bidders. Annex D - Evaluation Criteria

1.0 Technical Evaluation:

1.1 The following elements of the proposal will be evaluated and scored in accordance with the following evaluation criteria.

- Mandatory Technical Criteria (see below M1 – M2)

It is imperative that the proposal address each of these criteria to demonstrate that the requirements are met.

1.2 LISTING EXPERIENCE WITHOUT PROVIDING ANY SUBSTANTIATING DATA TO SUPPORT WHERE, WHEN AND HOW SUCH EXPERIENCE WAS OBTAINED WILL RESULT IN THE STATED EXPERIENCE NOT BEING CONSIDERED FOR EVALUATION PURPOSES.

1.3 All experience must be strictly work-related. Time spent during education and/or training will not be considered, unless otherwise indicated.

1.4 Experience must be demonstrated through a history of past projects, either completed or on-going.

1.5 References must be provided for each project/employment experience.

I. Where the stated experience was acquired within a Canadian Federal Government Department or Agency **as a Public Servant**, the reference must be a Public Servant who had a supervisory role over the proposed resource during the stated employment.

II. Where the stated experience was acquired within a Canadian Federal Government Department or Agency **as a consultant**, the reference must be the Public Servant who was identified as the Project Authority of the project on which the proposed resource acquired the experience.

III. References must be presented in this format:

- a. Name;
- b. Organization;
- c. Current Phone Number; and
- d. Email address if available

1.6 Response Format

I. In order to facilitate evaluation of proposals, it is recommended that bidders' proposals address the mandatory criteria in the order in which they appear in the Evaluation Criteria and using the numbering outlined.

II. Bidders are also advised that the month(s) of experience listed for a project or experience whose timeframe overlaps that of another referenced project or experience will only be counted once. For example: Project 1 timeframe is July 2001 to December 2001; Project 2 timeframe is October 2001 to January 2002; the total months of experience for these two project references is seven (7) months.

III. For any requirements that specify a particular time period (e.g., 2 years) of work experience, CSC will disregard any information about experience if the technical bid does not include the required month and year for the start date and end date of the experience claimed.

IV. CSC will also only evaluate the duration that the resource actually worked on a project or projects (from his or her start date to end date), instead of the overall start and end date of a project or a combination of projects in which a resource has participated.

MANDATORY TECHNICAL CRITERIA

Bidders must meet all the mandatory requirements of the RFP, any bids not meeting all the mandatory requirements will be considered non-responsive and will not be considered further.
