The following question and answer (provided by the Technical Authority at Natural Resources Canada) is hereby incorporated into the solicitation.

Amendment number 001 to Request for Proposal (RFP) 23375-200280/A which closes Decemebr 17, 2019 at 2:00 p.m. is raised to:

1. Respond to question received from a bidder.
-

Q1 – In Annex A, Section 3 – General Technical and Mandatory Requirements Point A3.6, Shell diameter to be specified by the contractor up to a maximum outside diameter of 219 mm. Our question is the following:

What is included in the maximum 219mm outside diameter restriction:

- 1) The pipe section of the shell only?
- 2) The piping of every component of the heat exchanger (shell and heads)?
- 3) The overall diameter for the heat exchanger (including the flanges)?

A1 – The maximum diameter specified (219 mm) is for the pipe section of the shell only.

All other terms and conditions of the Request for Proposal remain unchanged.
