Amendment 004

This amendment is raised to:

- A. Questions and Answers
- B. List of addresses referenced in Amendment 003, Questions 24

A. Questions and Answers

Q29: The solicitation makes it clear that various offices and/or field units will be issuing call-ups against the eventual standing offer. Is there any available information as to the nature and quantity of the typical average call-up?

A29: There is no data available on the average call up. Call ups can occur for one field unit for a few products to a National call up for various products being delivered throughout Canada.

Q30: Regarding tent walls: tent walls are typically printed on one side only, the back side remaining white. Where a tent wall is required to be a specific color or printed, this requires a double-sided wall, with the cost implications thereof. Does Parks Canada require single-sided or double-sided walls?

A30: Parks Canada requires Single-sided walls.
