**Title : Design and fabrication of new composite shelters, sheds and accessories**

**AMENDMENT 003**

**Answer questions from the industry.**

**Enquiries - Bid Solicitation - Clause # 2.3**

To ensure consistency and quality of information provided to bidders, significant enquiries received and the replies to such enquiries will be provided simultaneously to bidders to which the bid solicitation has been sent, without revealing the sources of the enquiries.

Here are the questions which we have received until now:

---

**Question #1 :** I have the expertise to do the 'design' part of this project, but I do not have the facilities to do the 'fabrication' part. Can you tell me what steps I can take to indicate my interest in the industry for this project as a designer and so seize an opportunity to partner with a contractor whose activities would be complementary to mine to meet the project requirements in this solicitation?

**Answer #1 :** In order to increase your visibility, networking opportunities and interaction with new and niche markets, Canada offers you the opportunity to join the *List of Interested Suppliers* (LIS) for active Government of Canada bids.

- **Visibility:** Joining the list is one way to be visible to other companies, prime contractors, or small and medium enterprises (SMEs) for partnering opportunities.
- **Networking opportunities:** Businesses can scan for potential partners and contact them directly.
- **Interaction with new and niche markets:** Large primes can identify potential SMEs partners suited to projects in a new or niche market.
