

Questions and Answers #2

Q1:

In follow up to answers received in the latest amendment, please note that Categories 1, 2 and 5 can be combined for reasons of compatibility when required. However in this RFB, the Power Module, the Task Light and the Monitor Arms do not have any compatibility issues with the products requested in Categories 1 and 2. Please agree to separate Category 5 to be solicited separately to allow bidders who comply to Category 1 and 2 to submit a bid.

A1:

No – to ensure compatibility issues, the RFB will remain unchanged.

R1 :

Non – Afin d'assurer la compatibilité, le RFB restera inchangé.
