AMENDMENT 002 ANSWERS A QUESTION FROM A POTENTIAL BIDDER

- Q1.** Regarding point rated criteria R8, it is our understanding that the current standards designers (Categories 3, 5, 8, 11, and 14) and technicians (Categories 6 and 12) would have limited to no experience performing and signing for aircraft maintenance or engineering approvals at CFSATE as most of these categories do not work directly on Aircraft.

We request R8 be amended to the following - "The Bidder should demonstrate that the proposed resources for Labour Categories 2, 4, 7, 9, 10, and 13 have recent experience performing and signing for aircraft maintenance or engineering approvals in support of an aircraft fleet" or remove R8 in its entirety.

- A1.** The requirement remains unchanged.

Point rated criteria R8, is to encourage a work force with recent experience. This criteria awards points for individuals with current experience which shows proficiency and awareness of current aircraft policy which is valuable to DND. An individual currently in a technical category, may not be required to perform and sign for aircraft maintenance or engineering approvals in support of an airworthy aircraft fleet.
