Amendment 002 is raised to replace the Table 1 – Product Table for Categories 1, 2 and 5 from the request for proposal and to answer questions received from industry as follows:

1. Replace Table 1 – Product Table, for category 1, 2 and 5 as follows:

DELETE IN ITS ENTIRETY:

Categories 1, 2 and 5

Table 1 – Product Table

REPLACE BY:

Categories 1, 2 and 5

Table 1 – Product Table

For Categories 1B, and 2 floor plans are for information purposes only.

For Category 1A Refer to Annex C for the floor plans and the panel matrix.

2. QUESTIONS AND ANSWERS

Question 1

What are the items bubbled in the drawing below?

Answer 1

Furniture provided by the client, not part of the furniture procurement (printer, shredder, safe).

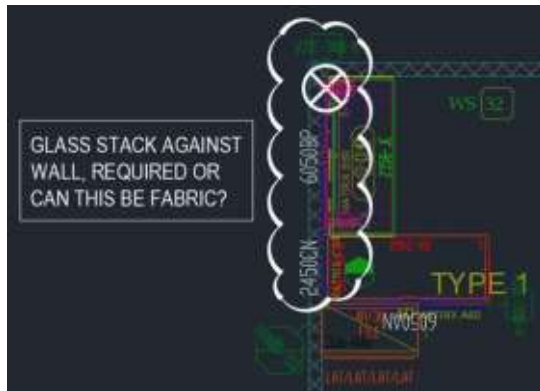

Question 2

Is the upper frame + glazing necessary on these stack panels for station #32? The panels are against a wall. Or can this station have fabric stacks instead?

Answer 2

The glazing provide an uniformity of all work stations, to reduce the number of different type of work station and allow reconfiguration of the space if needed.

**Question 3**

Type 3 workstations cannot have a standalone panel. Can we eliminate panel and add desktop power modules, if not, should we add wing panels?

Answer 3

Eliminate panel.

**Question 4**

Closed office 102 – Can this station be freestanding? The panels cannot be standalone, therefore either wing panels need to be added, or they need to be eliminated. Please advise on your preference.

Answer 4

Eliminate panels and change NSA tag 1b-3 from Panel Mounted to Freestanding.

Question 5

Can you advise if Tag 1B-1 & 1B-2 are supposed to be freestanding return shells (as per the GOCuid code), as the drawing is showing them as panel mounted surfaces. Please advise which one these are supposed to be.

Answer 5

Freestanding return shells.

Question 6

Task lights have been requested to have USB power and Regular 110 Volt plug in power integrated. Please confirm that an alternate task light with just USB power can be supplied? If not, we request that these lights be removed from the Cat 1, 2, 5 table for the RFB and procured separately as they have no impact on the workstation specification but limit the ability of suppliers to bid.

Answer 6

Can be only USB power.

All other terms and conditions are to remain unchanged.
