QUESTIONS AND ANSWERS

Question: 4

Regarding solicitation FP8435-190030/A, ESRI certifications are generally not recognized, nor required, in the geomatics industry or by the Canadian Geomatics Association as they relate to the use of a specific product, rather than the geographic information system expertise required to understand and correctly use these functionalities.

As an equivalence to ESRI certifications, will Canada accept demonstrated experience with ESRI products or similar technologies from the open source or commercial geospatial industry that are aligned with ISO/TC 211?

Answer: 4

ESRI certifications are required for the mentioned resource categories listed under Appendix C to Annex A - Resources Assessment Criteria that will be assessed at Task Authorization stage. The requirement remains unchanged.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
