Description of work:

Innovation, Science and Economic Development Canada (ISED) requires the services of Senior and Intermediate IM Architects. There is a growing demand for IA/IM skillsets, advice, guidance and active participation in projects and activities. The benefits, approaches and practices of IA/IM must be leveraged and integrated into the enterprise IM/IT environment. The CIO at ISED has formulated an integrated approach for its IM and IT divisions to work together to deliver a robust and sustainable infrastructure that would establish ISED as a strong, efficient and effective knowledge based organization that ensures IM compliance and work environment that is consistent with expectations of its employees and clients.
