

Calibration Program Management Solution

Job Aid

CPMSJA028 – Find CPMS Maintenance Plan

Purpose

This job aid covers the steps required to check if a calibration maintenance plan exists for a given STTE.

This would be required, for example, if an STTE has been received at a calibration centre and no recall notification can be found in the system. If it is determined that the STTE should be regularly recalled, it will be necessary to check and see if the STTE has an existing plan.

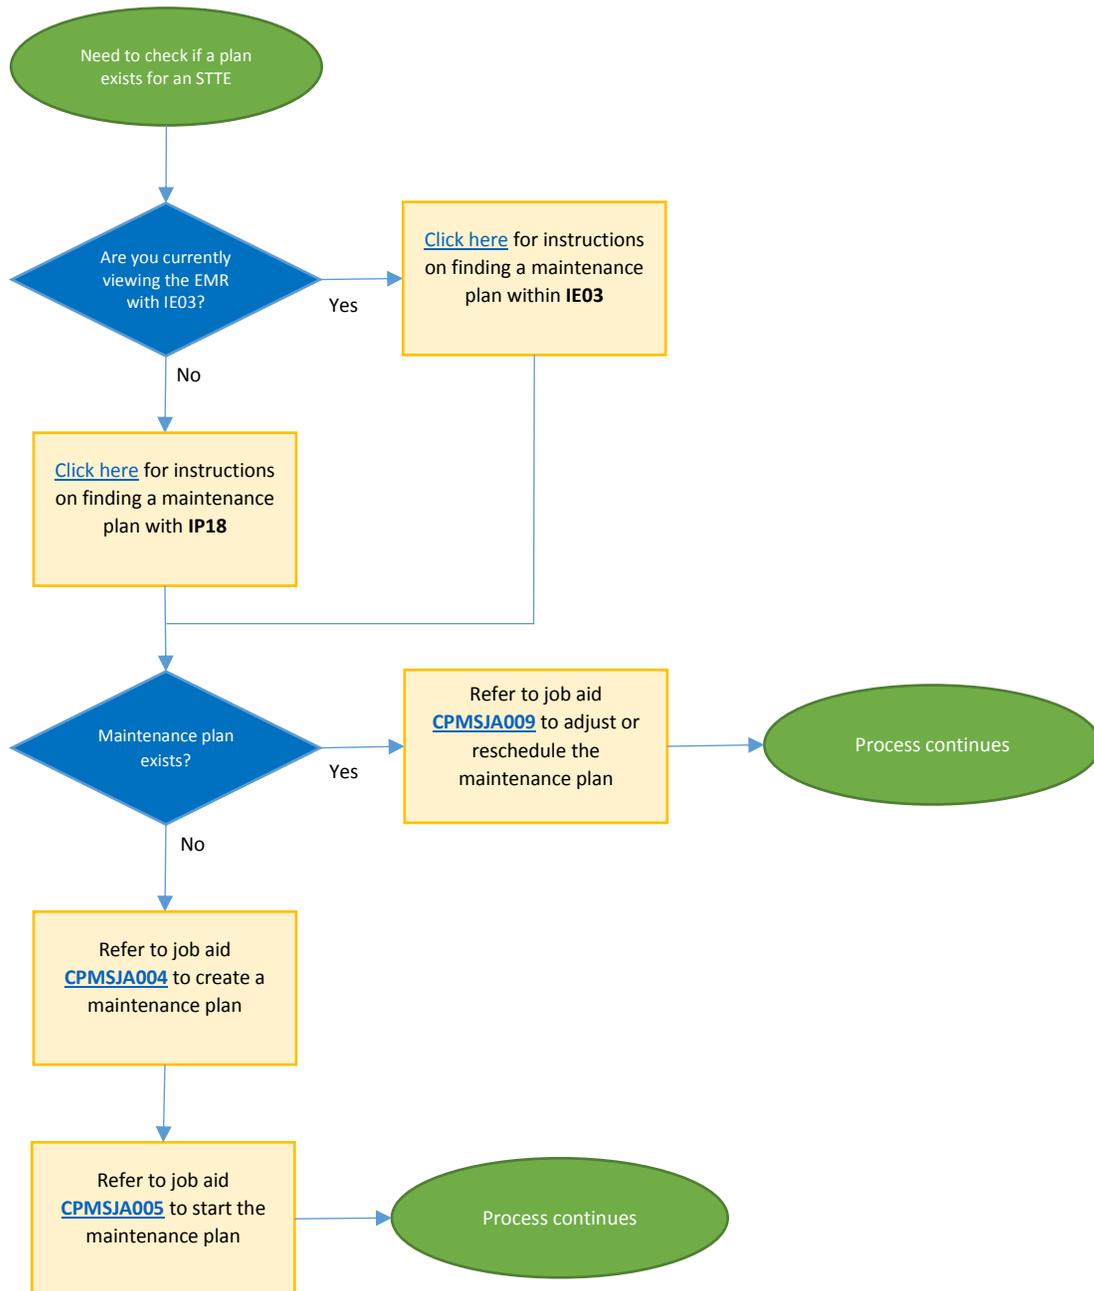

Two methods of checking for a plan are covered in this document.

Transaction Codes

IE03

IP18

Process Flow

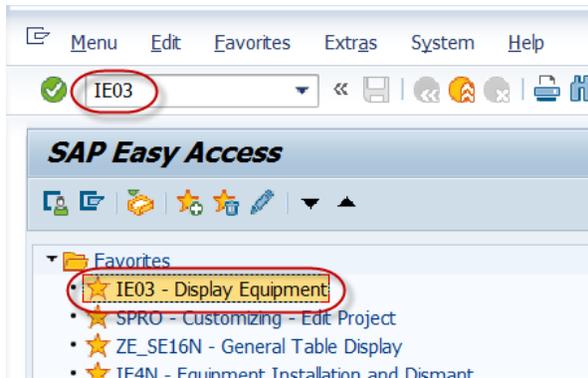

Contents

1. Find maintenance plan from EMR Display..... 3
2. Find maintenance plan using IP18 7

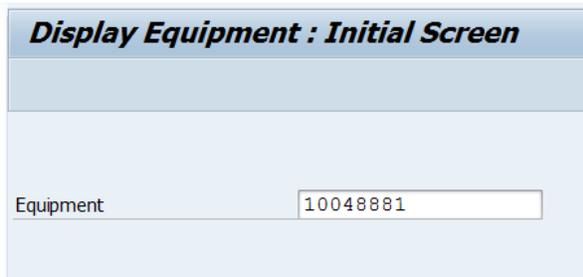

Procedure

1. Find maintenance plan from EMR Display

If you are not already viewing an equipment master record (EMR), enter transaction **IE03** in the *Command Box* and hit  or select it from your Favorites menu.

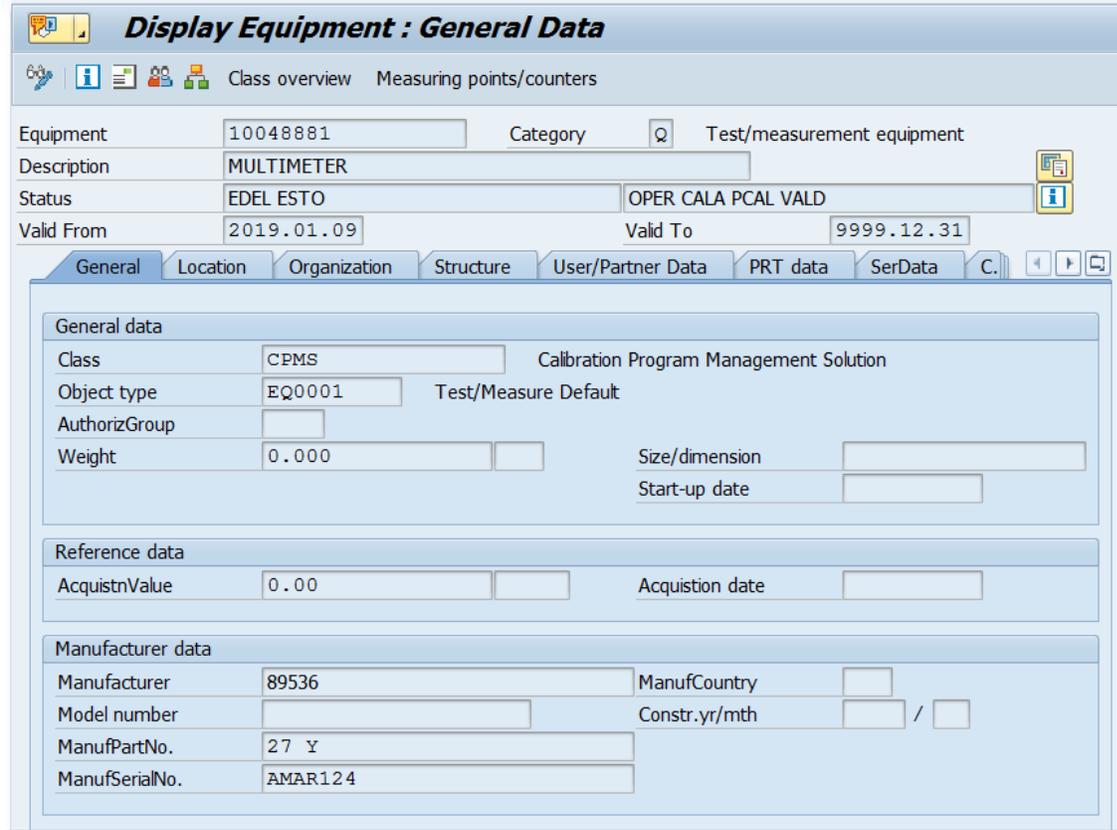

The *Display Equipment: Initial Screen* is shown.

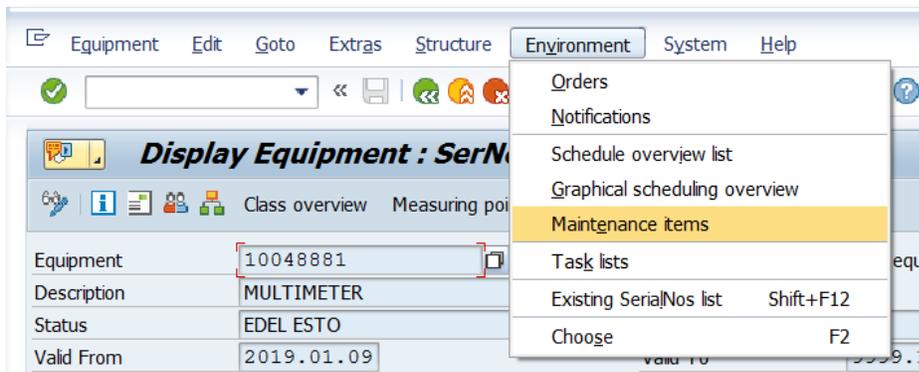

Enter the desired equipment number and press .

The EMR will open in Display mode.

Follow this menu path:

Environment → Maintenance items

The *Display Maintenance Item: Selection Criteria* screen is shown:

Display Maintenance Item: Selection Criteria

Maintenance item selection

Maint. plan cat.	<input type="text"/>	to	<input type="text"/>	
Maintenance Plan	<input type="text"/>	to	<input type="text"/>	
Maintenance item	<input type="text"/>	to	<input type="text"/>	
Maintenance strategy	<input type="text"/>	to	<input type="text"/>	
Maint. item text	<input type="text"/>	to	<input type="text"/>	
Functional Location	<input type="text"/>	to	<input type="text"/>	
Equipment	10048881	to	<input type="text"/>	
Assembly	<input type="text"/>	to	<input type="text"/>	
Material	<input type="text"/>	to	<input type="text"/>	
Serial Number	<input type="text"/>	to	<input type="text"/>	

Maintenance plan active
 Settlement rule with or without with without
 MaintPlan assignment with or without with without
 With object list
 Do Not Rel.Immediately with or without with without

The **Equipment** field will be pre-populated with your EMR number.

Enter "C1" in the **Maint. plan cat.** field:

Display Maintenance Item: Selection Criteria

Maintenance item selection

Maint. plan cat.	C1	to	<input type="text"/>	
Maintenance Plan	<input type="text"/>	to	<input type="text"/>	
Maintenance item	<input type="text"/>	to	<input type="text"/>	

Click to execute the report.

If a plan is found for the EMR, it will be included in the report:

Display Maintenance Item: Maintenance Item List

Maintenance item Maintenance plans Cost estimate

MPlan cat.	MntPlan	MaintItem	Maint. item text	Equipment	Mn.wk.ctr	Plnt	PG	MntPlant	Descri
C1	10000418	14635	CALIBRATION FOR EMR ...	10050488	CPMSFM...	1002		1002	WREN

From here, the plan can be displayed by double-clicking on the plan number:

MPlan cat.	MntPlan	MaintItem	Maint. item text
C1	10000418	14635	CALIBRATIO

Display Maintenance Plan: Single cycle plan 000010000418

Maintenance plan 10000418 CALIBRATION FOR EMR 10050488

Maint. plan header
