7-Clarification Request:

Annex A Supported Repairable-Consumable Equipment and Spares Table, Annex E Table 1: Supported Equipment and Spares, and Annex H Basis of Payment Optional Requirements Item # 25 – indicate FSS pricing is to be provided / finalized during the acquisition contract option and does not need to be included in the initial bid. Please confirm this to be a correct understanding.

7-Response

The final FSS selection will be done during the acquisition contract, and as such the pricing for item #25 in Annex H will be determined after contract award, as you assume. However, the estimated pricing for the specific FSS items listed in Annex A/Annex E tables will still be required to complete pricing in Annex H page 11/14 and page 13/14 Supply Support Provision of Material (Fleet Support Spares (FSS)) for 20% of the FSS cost.

8-Clarification Request:

Annex E 1.8 Acronyms and Abbreviations: FSS Fleet Support Spares. Annex E 1.4 Concept of Operations and Support lists Level of Spares (Fleet Support and Operational Spares Kits). Please confirm the intent is only Fleet Support Spares.

8-Response

Confirmed, the title in Annex E 1.4 should not have had Operational Spares Kits listed, and the intent is for only FSS.

Clarification Request #4 for W8476-196050 HASE-COM

9-Clarification Request:

Annex A Supported Repairable-Consumable Equipment and Spares Table, Annex E Table 1: Supported Equipment and Spares: Inspection Maintenance/Inspection Rotation columns, Annex H does not indicate bidder should provide a price. Please confirm where in Annex H bidder is to insert price.

9-Response

As the requirements for this can be found in Annex E under sub-section 3.5.4 Detailed Inspection and Equipment Rotation, which forms part of Annex E section 3.0 CORE REQUIREMENTS, the Bidders must include the cost for this in Annex H page 6/14 and page 7/14 as part of CORE Activities.

10-Clarification Request:

Annex A Maintenance and Parts Handbook – Please confirm that the Maintenance and Parts Handbook is only required for the Confined-Space Communication System (COM), and not required for the High Angle Search Equipment (HASE) as listed in para 4.3.1.3.

10-Response

Confirmed.
