## APPENDIX B - PRICE PROPOSAL REVISION 1

### INSTRUCTIONS

1. Complete price proposal form and submit in a separate sealed envelope, with the Proponent's name, Solicitation Number, and "Price Proposal Form" typed on the outside.
2. Price proposals are not to include Applicable Taxes and will be evaluated in Canadian Dollars.
3. Proponents are not to alter or add information to the form.
4. In order to ensure that fair and competitive hourly rates are received for each of the positions listed, the following requirement must be strictly adhered to: proponents must provide an hourly rate for each listed position. In the event that the firm consists of fewer personnel than listed, provide an hourly rate that corresponds with each position listed. The hourly rate provided must be equal to or greater than the hourly rate provided for the position listed below it. For example, if the firm does not have an Intermediate Personnel, the hourly rate provided must be equal to or greater than the hourly rate provided for the Junior Personnel. The hourly rate for any given category of personnel cannot be \$0 or nil value. Failure to insert an hourly rate for each position listed will render your proposal non-responsive.
5. In order to ensure that fair and competitive unit prices are received, the following requirements must be strictly adhered to: Proponents must provide a Fixed Hourly Rate for each Unit Price for each Category of Service and must provide a Unit Price for each Laboratory Service. There must be neither \$0 value nor NIL value. Failure to insert an hourly rate and unit price for each category of personnel/service will render your proposal non-responsive.
6. The Fixed Hourly Rates and Unit Prices shall govern in establishing the Total Extended Amounts and/or Subtotals. Any arithmetical errors in this Appendix will be corrected by Canada
7. The hourly rates identified for all disciplines, including sub-consultants and specialists and unit prices for all laboratory services will be for the duration of the Standing Offer.
8. Fixed hourly rates for each Category of Personnel are to be provided in columns B and D and multiplied by the weight factor % in column A (provided for evaluation purpose only). Sub-totals of columns C and E are then multiplied by the identified weight factor % of each period and the results are added for evaluation purposes.
9. **Calculation of Total Evaluated Price**  
For this Standing Offer the Total Evaluated Price (Price Proposal) will be established as follows:  

	Labour Category Subtotal x 70%
+	Laboratory Services Subtotal x 30%
=	Total Evaluated Price
