**RAMP TOW TRACTORS
SOLICITATION AMENDMENT 006**

This Solicitation Amendment Number 006 has been raised to answer a set of questions (Section A) and modify the Solicitation (Section B), as follows:

A. Questions/Answers:

23. Question 23:

Regarding Item 3.14: Two cable activated couplers...

According to our standard design, just the rear coupler could be in-cab activated and the front coupler would not be activated by the operator. I will be appreciated if you change this requirement and accept two couplers (only rear coupler would be in-cab activated).

Answer 23:

The rear coupler is more critical to be in-cab activated as long as both front and rear couplers are cable release.

See Modification X and XI

24. Question 24:

According to the Item 3.13 P: Two heavy-duty, powered and heated exterior side mirrors, with convex section, must be provided with in-cab controls.

According to our standard design and our experiences there is no need for using a convex mirror because of dimension and shape of the vehicle and the flat mirrors works well. I will be thankful if you change this item and accept heated flat side mirrors

Answer 24:

See Modification XII

B. Modifications:

X. At page 39 of 49, at the Article 3.14 b) of Annex B - Purchase Description

Remove:

The Article 3.14 b) of Annex B - Purchase Description, in its entirety.

Insert:

The couplers must have cable-release.

XI. At page 39 of 49, at the Article 3.14 c) of Annex B - Purchase Description

Remove:

The Article 3.14 c) of Annex B - Purchase Description, in its entirety.

Insert:

The rear coupler must be in-cab activated.

XII. At page 38 of 49, at the Article 3.13 p) of Annex B - Purchase Description

Remove:

The Article 3.13 p) of Annex B - Purchase Description, in its entirety.

Insert:

Two heavy-duty, powered and heated exterior side mirrors must be provided with in-cab controls.

All other terms and conditions of the solicitation remain the same
