This amendment 003 is to answer questions from offerors for COMOX.

Questions:

Question 1 :

We are trying to finish the paper work for the bidding on W3705-21CX01 and I have some questions that you may help us to answer.

- What page should we send back for the bid offer?
- There are a Section I for the Technical offer, however we could not find any page to fill this information.

Answer 1:

In their technical offer, offerors should explain and demonstrate how they propose to meet the requirements and how they will carry out the Work. Also in their technical offer, the offeror should demonstrate how they meet each of the mandatory technical criteria listed in ATTACHMENT 1 TO PART 4 TECHNICAL CRITERIA. There is no specific instruction on how to present the requested information.

You should send as per the request in the RFSO in the Offer Preparation Instructions the following:

Section I: Technical Offer (three hard copies)

Section II: Financial Offer (one hard copy)

Section III: Certifications (one hard copy)

Section IV: Additional Information (one hard copy)

Question 2:

I am currently looking at this contract and am doing preliminary requests in regards to the insurance requirement for Environment Impairment Liability (EIL) . It seems to be an issue when I state that I'm submitting a bid for this landscaping, grass cutting and snow removal my insurance Commercial Account Executive, informs me that it will be highly unlikely that I will get this. It is filled with questions regarding fuel storage tanks on site.

My question is do I require this for the SO that I am wanting to bid on?

Answer 2:

Yes, Environmental Impairment Liability Insurance is required for the SO.
