

**Préavis d'adjudication de contrat (PAC)
Advanced Contract Award Notice (ACAN)**

01B46-19-116

For: Agriculture and Agri-Food Canada (AAFC)

An Advance Contract Award Notice (ACAN) is a notification through the open bidding methodology of the intent to award a directed contract.

An Advance Contract Award Notice (ACAN) allows departments and agencies to post a notice, for no less than fifteen calendar days, indicating to the supplier community that it intends to award a good, service or construction contract to a pre-identified contractor. If no other supplier submits, on or before the closing date, a statement of capabilities that meets the requirements set out in the ACAN, the competitive requirements of the government's contracting policy have been met. Following notification to suppliers not successful in demonstrating that their statements of capabilities meets the requirements set out in the ACAN, the contract may then be awarded using the Treasury Board's electronic bidding authorities.

If other potential suppliers submit Statements of Capabilities during the fifteen calendar day posting period, and meet the requirements set out in the ACAN, the department or agency must proceed to a full tendering process on either the government's electronic tendering service or through traditional means, in order to award the contract.

Title

Validation service for laboratory ventilation control

Statement of work

Annual inspection of each device, testing, verification and documentation of:

- 1) The equipment in control of the laboratory,
- 2) Supply valves, return air valves and hood exhaust valves,
- 3) The control of the hoods,
- 4) Certifications of air swaying in rooms,
- 5) Volumetric shift and monitoring of positive and negative pressure,
- 6) The hoods will be certified according to the ASHRAE 110-2016 standard.

Cost

\$37,695.00 + taxes
(12,565.00 per year for 3 years)

Timeline

From April 1, 2020 to March 31, 2023

**Préavis d'adjudication de contrat (PAC)
Advanced Contract Award Notice (ACAN)**
