PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Offers will be assessed in accordance with the entire requirement of the Request for Standing Offers including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the offers.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

By submitting an offer, the Offeror certifies that they are able to meet the requirements as specified in Annex A – Requirement.

Offeror must be found responsive on at least **90%** of the items in each individual food category in order to be given further consideration. Offers that do not meet this threshold of compliance will be deemed non-responsive. In order for an offered line item to be deemed responsive the following criteria must all be met:

i) Offered Pack Size:

The Offeror must provide either the requested pack size as outlined in Annex B – Basis of Payment excel spreadsheet or another acceptable variance. Offered pack sizes that vary less than +/- 10% from the requested format (i.e., both the size of the individual item and the overall weight/volume/count for the case) are acceptable by default.

In the event that a bidder cannot provide an item in a package size that falls within +/- 10% of that requested they may propose their closest alternate for consideration. Acceptance of said alternate is at the sole discretion of the Client. **Items that are offered in a pack size that varies more than +/- 10% of the requested format and that are deemed unacceptable by the Client will be considered non-compliant and will count against the 90% response rate.** Bidders have the option to contact the Standing Offer Authority identified in this document no later than seven (7) calendar days prior to the solicitation closing date with any alternatives pack size for consideration and preapproval should they wish.

4.1.2 Financial Evaluation

4.1.2.1 Mandatory Financial Criteria

The Offeror **must** complete and submit with its offer, Annex B - Basis of Payment (Excel File). Offerors must submit firm prices for **90% of all items per category** listed in Annex B. Bids will be evaluated on like items only.

Offeror is requested to provide pricing as per unit of issue requested. **It is the responsibility of the Offeror to provide conversion to the unit of issue requested.**

For example: if an item of issue requested is in weight, and the offered item is in volume or unit, the Offeror **must** provide conversion to weight.

Failure to do so may render the bid non-responsive without further consideration.

The price of the offer will be evaluated in Canadian dollars, Applicable taxes are excluded, FOB destination, including all ecology fees, deposits, delivery, offloading and fuel charges. Canadian customs duties and excise taxes included. Additional surcharges will not be accepted.

The financial evaluation will be limited to the line items that are evaluable between all responsive bidders. The price used in the evaluation will be the Total Evaluated Price which is calculated as follows: For each line item to be evaluated in Annex B Basis of Payment – Product List (Excel Spreadsheet) the Offeror's case price will be divided by the contents to determine a price per unit of measure. This price per unit will then be multiplied by the estimated number of units required for the year (determined by multiplying the number of units in a "Requested Format" case by the number of cases listed in the "Total Estimated Annual Usage" column for the line item). The resulting value will become the evaluated total for the line item. The sum of the evaluated totals for the line items will be determined by adding all of the values together to determine the total aggregate price of the offer.

If an item cannot be evaluated after bid closing due to size variations, it will be deleted from the bid evaluation.

4.1.2.2 Evaluation of Price

SACC Manual Clause [M0220T](#) (2016-01-28), Evaluation of Price

The Standing Offer Authority will have the right to ask for additional information to verify the Offeror's certifications.
