### **PART I – QUALIFIED SUPPLIERS:**

#### **1) Enhanced Recovery Capability (ERC) Project – List of Qualified Suppliers**

On November 15, 2019 Canada published the Invitation to Qualify (ITQ) W8476-175567/F as the first phase of the procurement process for the Enhanced Recovery Capability (ERC) Project. Respondents were invited to pre-qualify in order to participate in any subsequent phases of the procurement process including the Review and Refine Requirements (RRR) Phase. Interested suppliers were informed that only Qualified Suppliers would be permitted to participate and bid on any subsequent solicitation issued as part of the procurement process. With the completion of the ITQ Phase and in accordance with the ITQ terms, Canada is publishing the list of Qualified Suppliers. The Qualified Suppliers (in alphabetical order) are:

Enhanced Recovery Capability Project – List of Qualified Suppliers	
1.	General Dynamics Land Systems - Canada
2.	Iveco Defence Vehicles SpA
3.	Navistar Defense Canada
4.	Oshkosh Defense LLC
5.	Ranglar Manufacturing
6.	Rheinmetall Canada Inc.

#### **2) Additional Qualified Suppliers:**

Canada may, at its sole discretion, re-open the ITQ. If so, Canada will publish an ITQ on [BuyandSell](#). If other qualification round(s) results in additional Qualified Suppliers, Canada will share the RRR Phase documents with them and they may join the engagement activities, assuming Canada has planned more activities at the time.

#### **3) Fairness Monitor and Consultants:**

Canada has engaged RFP Solutions Inc. as a fairness monitor for this procurement. Canada may engage consultants at its sole discretion for the purposes of the ERC Project. The list of consultant firms engaged by Canada during the procurement process will be published through this notice. Updating the Lists: The list of Qualified Suppliers will be updated through this notice. The list of consultant firms engaged by Canada will also be updated as applicable.
