

Addendum #1

This solicitation addendum is issued to:

1. Provide the following questions and answers:

Q.1. Having just reviewed CMHC's RFP for Architectural Services due Feb 10 and note that it clearly states that it is soliciting **Architects** for this work.

As an Urban Design Firm with several Public Realm Masterplans for large waterfront precincts all over Canada, we would like to know that we are not barred from being able to bid on this work.

Can CMHC please clarify if we would we need to Joint Venture or Team with an architect for all of the projects listed in the RFP in order to qualify for the 'Update Public Realm Design Guidelines' project?

A.1. The intent of the Request for Proposal is to hire an architectural firm to provide as-requested architectural services. In addition to the as-requested services, the successful proponent will act as a Prime Consultant for the projects listed in the solicitation document.

Proponents interested in partnering opportunities for this RFP can add their name to the List of Interested Suppliers on the Tender notice web page for PW-20-00901661.

Q.2. As an engineering consulting firm, can we submit as an independent Engineering firm, or would you want a submittal from Architectural firms only which include our engineering services?

A.2. See response to Q.1
