This Solicitation Amendment 003 is raised to answer the question received as follows:

Q&A

W8482-206084/A

MARINE SECURITY OPERATIONS CENTRE (MSOC) TRAINING CONSULTANT

QUESTION #1

Are the requested services for the above-referenced solicitation currently being provided or have they been provided previously? If so, please identify the means by which such services have been supplied (e.g., direct and or term employee, personal services contract, or contracted services through a company). If the services were contracted through a company, please provide the name of the contractor, and the duration and dollar amount of the contract(s).

ANSWER #1

No.

QUESTION #2

We notice the above solicitation advertised on Buy&Sell and would like to ask if we could be added to the list of invited companies.

ANSWER #2

This Request for Proposal (RFP) does not have a qualified supplier list. Any Vendor meeting all the requirements of the solicitation are invited to submit a bid.

QUESTION #3

We would like to be invited to bid on this requirement. We are assuming this is a TBIPS requirement but if you could please confirm that would be great.

ANSWER #3

Please refer to the ANSWER #2 above and it is not a TBIPS requirement.

QUESTION #4

I am interested in applying for the above-noted contract though I understand that I would require a security clearance to apply for this tender. As a result of this, I am looking for a sponsoring Purchase Officer (PO) to re-obtain my security clearance in accordance with Public Services and Procurement Canada Contract Security Program. I am reaching out to you in hopes that you would act as my sponsoring PO for my security clearance.

ANSWER #4

Yes.

QUESTION #5

MT.5 requires 36 months of ADDIE experience. The military adopted the ADDIE model of instructional design in the 1970s and evolved it overtime into the military's current approach named the Canadian Forces individual Training and Evaluation System (CFITES). Will the Crown accept CFITES as an equivalent to ADDIE instructional design for MT.5?

ANSWER #5

Yes, Canada will accept CFITES model.

The MT.5 of the Table MANDATORY TECHNICAL CRITERIA is amended as follows.

MT.5 The Bidder must demonstrate that the proposed resource has a minimum of thirty-six (36) months of demonstrated experience in developing and designing training using the ADDIE¹ model² for instructional design, or the Canadian Forces individual Training and Evaluation System (CFITES) model.

QUESTION #6

MT.5 requires 36 months of ADDIE instructional experience. Will the Crown accept 36 months of instructional design work by a resource where they designed and developed courses and required materials to be taught in public, recognized universities across Canada?

ANSWER #6

No, Canada will not accept this model because it does not follow the ADDIE model, or the CFITES model, it follows the critical thinking instructional design model. It is an operational requirement that the ADDIE model, or the CFITES model be used to develop this training.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.

¹ ADDIE is an acronym for the five stages of a development process: Analysis, Design, Development, Implementation, and Evaluation.

² ADDIE model is an instructional design methodology used to help organize and streamline the production of your course content.
