Q1:

This above noted solicitation requests 5 colour options of the mesh back. Would Canada accept a selection of 4 colour options instead for the mesh back if all other specifications are satisfied, including choice of 5 fabric styles (each with multiple colours to choose from) for the seat and other than black options for the chair frame?

A1:

Unfortunately, we require a minimum of 5 colour options for the mesh back as well as the 5 fabric styles for the seat and other than black options for the frame.

R1 :

Malheureusement, nous avons besoin d'un minimum de 5 options de couleur pour le dossier en maille ainsi que des 5 styles de tissu pour le siège et d'autres options que le noir pour le cadre.
