

Bidder Question and Answer

NRCan-5000050343

Q1:

“We are looking at the RFP for the National Flood Hazard Data Layer project and were wondering if you could send us a list or overall scope of the existing layers/data you have? This would help in our estimates for quoting the costs of the project.”

Response:

- 2000 Flood Damage Reduction Program (FDRP) maps
- 1 national Disaster Mitigation Program (NDMP) project
- Roughly 30 various web links to provincial/municipal webpages containing flood information, data or Web Map Service (WMS)
