This amendment 004 is being raised to amend solicitation 5P423-190422/A as follows:

Delete: Closing date January 28th 2020 at 2PM (CST)

Insert: Closing date January 30th 2020 at 2PM (CST)

Question and Answer

Question 1: Is it guaranteed that the total unit of wood outlined on the tender will be taken by the end of the year?

Response 1: This is a standing offer not a contract. The estimated yearly usage as provided in Annex "B" - Basis of Payment, page 16 of 18, is only for evaluation purposes and is not a guaranteed amount.

Question 2: Since there is no specific packaging method and woods can be dropped off in bulk, can we outline a set unit per cord? As per my understanding there are roughly 240 pieces of wood per cord. Can we agree to this number with the outlined specification in Annex A?

Response 2: It is an industry standard to measure firewood by the cord. A proper cord of wood can be easily measured to ensure accuracy. We do not use measurements by the piece because each piece of wood may vary greatly in size, width and length. The Parks Canada representative will not be responsible for counting the number of pieces per delivery to ensure accuracy. Bidders must use the legal measurement for wood which is a cord or 128 cubic feet (3.6 m³).

Question 3: How many deliveries per site will be requested throughout the year?

Response 3: Last year we ordered wood to Wabasso approximately 35 times, 15 times to honeymoon/kerkeslin, 14 times to snaring, 21 time to Pocahontas, and 2 times to Marmot pit. It must be made clear that the number of times and locations will vary from season to season. There is not a set amount of deliveries throughout the year as a call-up is made whenever wood is required. This is for informational purposes only and there is no guaranteed commitment to the numbers listed.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME AND ARE IN FULL EFFECT
