**Question 4**

Annex A, n, ii): The OEM for the laptop that we would like to propose has only tested and qualified vintage generations of Windows 10 Pro as far back as Build 1709 which was released two years ago. They cannot guarantee compatibility with Build 1607 which was released 3½ years ago. Considering the age of the version listed in Annex A, will Canada please consider allowing current laptops that support Windows 10 Pro Update Version 1709?

**Answer 4**

No. As stated previously the client cannot deploy with a version later than 1607.
