This revision is raised to publish answer to questions received to date:

Question 1

Section 4.3 Rated criteria, RATED REQUIREMENT 3 (R3): Supplier website:

We are not the manufacturer of the products we supply. There is much more information on the web site of the instrument manufacturer. Can we provide information on the manufacturer's web site instead of ours?

Answer 1

The requested information for this Rated requirement (R3) is as follow: Supplier should demonstrate that it has a website detailing equipment and product's technical specifications and a description of the client experience available to the client on their website (customization of client account, past history of purchase ...). Canada want to see how and what information clients can find on your website. Reference links to the manufacturer in your website acceptable but should not be the only source of product information.

Question 2

If a supplier participated in Request for Supply Arrangement "E60PV-19EQUI-B, Lab Sci Equipment". Could you please confirm that no response is required for the Government of Canada_E60PV-19EQUI/C_Lab Sci Equipment Request for Supply Arrangement as per the below clause.

Solicitation No. - N° de l'invitation

CCC No./N° CCC - FMS No./N° VME

Suppliers who have submitted an arrangement for E60PV-19EQUI/B are not required to submit a new arrangement.

Following the completion of solicitation E60PV-19EQUI/B, this version /C is being published to allow new suppliers to become qualified for the on-going opportunity for qualification.

Any Supply Arrangement awarded under this version /C will have the same evaluation procedures as the E60PV-19EQUI/B.

Answer 2

Yes, suppliers who have submitted an arrangement under E60PV-19EQUI/B, will received an update shortly regarding their evaluation. If their arrangement was deemed non-compliant, then they can submit a new arrangement under the E60PV-19EQUI/C should they wish to do so.

Question 3

If a supplier participated in Request for Supply Arrangement "E60PV-19EQUI/B, Lab Sci Equipment". How is the awarded supplier notified? Can we obtain a copy of the successful proponents?

Answer 3

All information and documents will be posted on buyandsell.gc.ca. All suppliers (compliant and non-compliant) that submitted an arrangement will receive an email detailing whether or not their arrangement was successful.

Question 4

Is the closing date of March 29, 2030 is correct? How and when should we send our Arrangement?

Answer 4

The solicitation closing date of March 29, 2030 is correct. There is no closing date. In this Request for Supply Arrangement, Canada has included the clause (in Part 6.A. section 6.8 of the RFSA) On-going Opportunity for Qualification. Therefore, as indicated in the Request for Supply Arrangement, the period for Supply Arrangement is as follows:

The Supply Arrangement has no defined end-date and will remain valid until such time as Canada no longer considers it to be advantageous to use it.

The period for awarding contracts under the Supply Arrangement begins on the date upon which the Supply Arrangement was awarded.

During this time, the Supplier can submit, at any time, their Arrangement to the bid receiving unit (Part 2, under 2.2 – Submission of Arrangement), when they are ready. Each Supplier will receive a confirmation of receipt of their arrangement by email. Newly received arrangements will be evaluated periodically and the Supply Arrangement updated accordingly to reflect new successful suppliers being added.

ALL OTHER TERMS AND CONDITIONS REMAIN THE SAME
