This amendment is raised to address the following:

- To respond to questions received during the solicitation period; and
- To revise the solicitation accordingly, as applicable.

QUESTIONS AND ANSWERS

In regards to the Mandatory Requirements identified in section 2.2 in Annex A & C:

Q1: Section 1.36 Must have visible optical plummet

Do you mean a visible laser plummet? There are two styles available: optical plummet and laser plummet.

A1: Must be a laser plummet that is built in

Q2: Section 3.15 Must be a wireless data collector and have a minimum measurement head communication range of 800m

Do you mean that must the long range Bluetooth be built into the manufacturers hardware, or can a 3rd party USB attachable USB range extender be utilized which lessens the waterproof rating?

A2: Bluetooth must be built into the main hardware

Q3: Section 3.18 Must be tablet or keyboard data collector and possess a full keypad as part of the hardware Is an on the screen keyboard suitable, or must it be physical buttons? The specs will not show this, since tablet manufacturers only spec their units are "operational", but a tablet screen keyboard generally won't function below -15 celcius.

A3: A keyboard must have physical buttons.

Q4: Section 3.18 Must be tablet or keyboard data collector and possess a full keypad as part of the hardware For a "Full Keypad" do you require 26 alpha buttons and 0-9 numeric, or is a combined alpha-numeric (phone style 1 -ABC, 2 -DEF) acceptable? In my experience if the user has detailed feature identification, a full qwerty keyboard is desirable.

A4: Must have individual buttons for each alphabet and numeric.

Q5: May I submit multiple bids?

A5: Multiple bids from a single bidder are acceptable. However, bids must be submitted in separate packages.

SOLICITATION REVISIONS

1) On page 14 & 20 at Annex A & C,

DELETE: 1.36 Must have visible optical plummet

INSERT: 1.36 Must have a built-in laser plummet

2) On page 15 & 22 at Annex A & C,

DELETE: 3.15 Must be a wireless data collector and have a minimum measurement head communication range of 800m

INSERT: 3.15 Must be a wireless data collector and have a minimum measurement head communication range of 800m with built in long range Bluetooth capabilities

3) On page 15 & 22 at Annex A & C,

DELETE: 3.18 Must be tablet or keyboard data collector and possess a full keypad as part of the hardware

INSERT: 3.18 Must be a tablet or keyboard data collector and possess a complete alpha-numeric keypad with physical buttons.

All other terms and conditions remain unchanged.
