### **Amendment 013**

This amendment is raised to provide information on the Common Heavy Equipment Replacement (CHER) project procurement schedule and update industry on target dates for Request for Proposal (RFP) releases.

The CHER project Definition Phase was extended by one year due to a realignment of projects within the Department of National Defence portfolio. The project is now scheduled to enter Implementation Phase starting in 2022.

There is no change to the RFP release strategy provided in Amendment 008 to this Request for Information. The CHER procurement plan involves releasing one RFP for each bundle, which will include both Acquisition and In-Service Support contracts. RFPs are scheduled to be released following project Implementation approval. Releases are planned in the order that the bundles are numbered over a timeframe of three years.

Target RFP release dates for each CHER bundle are as follows:

CHER Bundle	Target RFP Release Date
Bundle 1	2022
Bundle 2	2022
Bundle 3	2022
Bundle 4	2023
Bundle 5	2023
Bundle 6	2023
Bundle 7	2023
Bundle 8	2024

Canada will not be bound by anything stated herein and reserves the right to revise its procurement schedule, as it considers appropriate, for any reason it deems appropriate.

**All other terms and conditions remain unchanged.**
