PART 1 - GENERAL INFORMATION

1.1 Introduction

The bid solicitation is divided into seven parts plus attachments and annexes, as follows:

- Part 1 General Information: provides a general description of the requirement;
- Part 2 Bidder Instructions: provides the instructions, clauses and conditions applicable to the bid solicitation;
- Part 3 Bid Preparation Instructions: provides Bidders with instructions on how to prepare their bid;
- Part 4 Evaluation Procedures and Basis of Selection: indicates how the evaluation will be conducted, the evaluation criteria that must be addressed in the bid, and the basis of selection;
- Part 5 Certifications and Additional Information: includes the certifications and additional information to be provided;
- Part 6 Security, Financial and Other Requirements: includes specific requirements that must be addressed by Bidders; and
- Part 7 Resulting Contract Clauses: includes the clauses and conditions that will apply to any resulting contract.

The Annexes include the Statement of Work, the Basis of Payment, the Security Requirements Checklist, the Electronic Payment Instruments, the Federal Contractors Program for Employment Equity - Certification, the Insurance Requirements, DND 626 Task Authorization Form and any other annexes.

1.2 Summary

1.2.1

Work under this requirement consists of the provision of all labour, supervision, materials, tools, equipment and fuel, to support winter parking lot maintenance by conducting Snow and Ice Control (SNIC) operations for approximately 260,000 m² of designated vehicle parking and sidewalks throughout Garrison (Grn) Petawawa and the Pembroke Armouries.

This is an annual service contract to be invoiced over six (6) months from November to April for each year of the contract.

The active SNIC operations season is from 15 October to 15 April each year.

Canada intends to award one contract.

1.2.2

There are security requirements associated with this requirement. For additional information, consult Part 6 - Security, Financial and Other Requirements, and Part 7 - Resulting Contract Clauses. For more information on personnel and organization security screening or security clauses, Bidders should

refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

1.2.3

There is a mandatory bidders' site visit associated with this requirement where personnel security screening is required prior to gaining access to CLASSIFIED information, assets or sites. Consult Part 2 – Bidder Instructions.

1.2.4

This bid solicitation allows bidders to use the epost Connect service provided by Canada Post Corporation to transmit their bid electronically. Bidders must refer to Part 2 entitled Bidder Instructions, and Part 3 entitled Bid Preparation Instructions, of the bid solicitation, for further information.

1.3 Debriefings

Bidders may request a debriefing on the results of the bid solicitation process. Bidders should make the request to the Contracting Authority within 15 working days from receipt of the results of the bid solicitation process. The debriefing may be in writing, by telephone or in person.

PART 2 - BIDDER INSTRUCTIONS

2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the bid solicitation by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

Bidders who submit a bid agree to be bound by the instructions, clauses and conditions of the bid solicitation and accept the clauses and conditions of the resulting contract.

The [2003](#) (2019-03-04) Standard Instructions - Goods or Services - Competitive Requirements, are incorporated by reference into and form part of the bid solicitation.

Subsection 5.4 of [2003](#), Standard Instructions - Goods or Services - Competitive Requirements, is amended as follows:

Delete: 60 days
Insert: 120 days

2.2 Submission of Bids

Bids must be submitted only to the Public Works and Government Services Canada (PWGSC) Bid Receiving Unit specified below by the date and time indicated on page 1 of the bid solicitation:

Bid Receiving Public Works and Government Services Canada
Petawawa Procurement
Building S-111, Rm C-114
101 Menin Rd. Garrison Petawawa

Petawawa, Ontario, K8H 2X3

Email address for epost Connect service: TPSGC.orreceptiondessoumissions-orbidreceiving.PWGSC@tpsgc-pwgsc.gc.ca

Note: Bids will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions [2003](#), or to send bids through an epost Connect message if the bidder is using its own licensing agreement for epost Connect.

Facsimile number: (613) 687-6656.

2.3 Former Public Servant

Contracts awarded to former public servants (FPS) in receipt of a pension or of a lump sum payment must bear the closest public scrutiny, and reflect fairness in the spending of public funds. In order to comply with Treasury Board policies and directives on contracts awarded to FPSs, bidders must provide the information required below before contract award. If the answer to the questions and, as applicable the information required have not been received by the time the evaluation of bids is completed, Canada will inform the Bidder of a time frame within which to provide the information. Failure to comply with Canada's request and meet the requirement within the prescribed time frame will render the bid non-responsive.

Definitions

For the purposes of this clause, "former public servant" is any former member of a department as defined in the [Financial Administration Act](#), R.S., 1985, c. F-11, a former member of the Canadian Armed Forces or a former member of the Royal Canadian Mounted Police. A former public servant may be:

- a. an individual;
- b. an individual who has incorporated;
- c. a partnership made of former public servants; or
- d. a sole proprietorship or entity where the affected individual has a controlling or major interest in the entity.

"lump sum payment period" means the period measured in weeks of salary, for which payment has been made to facilitate the transition to retirement or to other employment as a result of the implementation of various programs to reduce the size of the Public Service. The lump sum payment period does not include the period of severance pay, which is measured in a like manner.

"pension" means a pension or annual allowance paid under the [Public Service Superannuation Act](#) (PSSA), R.S., 1985, c. P-36, and any increases paid pursuant to the [Supplementary Retirement Benefits Act](#), R.S., 1985, c. S-24 as it affects the PSSA. It does not include pensions payable pursuant to the [Canadian Forces Superannuation Act](#), R.S., 1985, c. C-17, the [Defence Services Pension Continuation Act](#), 1970, c. D-3, the [Royal Canadian Mounted Police Pension Continuation Act](#), 1970, c. R-10, and the [Royal Canadian Mounted Police Superannuation Act](#), R.S., 1985, c. R-11, the [Members of Parliament Retiring Allowances Act](#), R.S. 1985, c. M-5, and that portion of pension payable to the [Canada Pension Plan Act](#), R.S., 1985, c. C-8.

Former Public Servant in Receipt of a Pension

As per the above definitions, is the Bidder a FPS in receipt of a pension? **Yes () No ()**

If so, the Bidder must provide the following information, for all FPSs in receipt of a pension, as applicable:

- a. name of former public servant;
- b. date of termination of employment or retirement from the Public Service.

By providing this information, Bidders agree that the successful Bidder's status, with respect to being a former public servant in receipt of a pension, will be reported on departmental websites as part of the published proactive disclosure reports in accordance with [Contracting Policy Notice: 2012-2](#) and the [Guidelines on the Proactive Disclosure of Contracts](#).

Work Force Adjustment Directive

Is the Bidder a FPS who received a lump sum payment pursuant to the terms of the Work Force Adjustment Directive? **Yes () No ()**

If so, the Bidder must provide the following information:

- a. name of former public servant;
- b. conditions of the lump sum payment incentive;
- c. date of termination of employment;
- d. amount of lump sum payment;
- e. rate of pay on which lump sum payment is based;
- f. period of lump sum payment including start date, end date and number of weeks;
- g. number and amount (professional fees) of other contracts subject to the restrictions of a work force adjustment program.

For all contracts awarded during the lump sum payment period, the total amount of fees that may be paid to a FPS who received a lump sum payment is \$5,000, including Applicable Taxes.

2.4 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority no later than ten (10) calendar days before the bid closing date. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.

2.5 Applicable Laws

Any resulting contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Bidders may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of their bid, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Bidders.

2.6 Mandatory Site Visit

It is mandatory that the Bidder or a representative of the Bidder visit the work site. Arrangements have been made for the site visit to be held at 101 Menin Rd., Garrison Petawawa on 12 May, 2020. The site visit will begin at 10:00, in Building S-111, Room C-114.

Personnel security screening is required prior to gaining authorized access to sites.

Bidders must communicate with the Contracting Authority no later than 01 May 2020 to confirm attendance and provide the Company name, name(s) and Driver's license number of the person(s) who will attend. Bidders will be required to sign an attendance sheet. Bidders should confirm in their bid that they have attended the site visit. Bidders who do not attend the mandatory site visit or do not send a representative will not be given an alternative appointment and their bid will be declared non-responsive. Any clarifications or changes to the bid solicitation resulting from the site visit will be included as an amendment to the bid solicitation

PART 3 - BID PREPARATION INSTRUCTIONS

3.1 Bid Preparation Instructions

- If the Bidder chooses to submit its bid electronically, Canada requests that the Bidder submits its bid in accordance with section 08 of the 2003 standard instructions. The epost Connect system has a limit of 1GB per single message posted and a limit of 20GB per conversation.

The bid must be gathered per section and separated as follows:

Section I: Technical Bid
Section II: Financial Bid
Section III: Certifications

If the Bidder chooses to submit its bid in hard copies, Canada requests that the Bidder submits its bid in separately bound sections as follows:

Section I: Technical Bid (one hard copy)

Section II: Financial Bid (one hard copy)

Section III: Certifications (one hard copy)

If there is a discrepancy between the wording of the soft copy on electronic media and the hard copy, the wording of the hard copy will have priority over the wording of the soft copy.

If the Bidder is simultaneously providing copies of its bid using multiple acceptable delivery methods, and if there is a discrepancy between the wording of any of these copies and the electronic copy provided through epost Connect service, the wording of the electronic copy provided through epost Connect service will have priority over the wording of the other copies.

Section I: Technical Bid

In their technical bid, Bidders should demonstrate their understanding of the requirements contained in the bid solicitation and explain how they will meet these requirements. Bidders should demonstrate their capability in a thorough, concise and clear manner for carrying out the work.

The technical bid should address clearly and in sufficient depth the points that are subject to the evaluation criteria against which the bid will be evaluated. Simply repeating the statement contained in the bid solicitation is not sufficient. In order to facilitate the evaluation of the bid, Canada requests that Bidders address and present topics in the order of the evaluation criteria under the same headings. To avoid duplication, Bidders may refer to different sections of their bids by identifying the specific paragraph and page number where the subject topic has already been addressed.

Section II: Financial Bid

3.1.1 Bidders must submit their financial bid in accordance with the Basis of Payment in Annex "B".

3.1.2 Electronic Payment of Invoices – Bid

If you are willing to accept payment of invoices by Electronic Payment Instruments, complete Annex "I" Electronic Payment Instruments, to identify which ones are accepted.

If Annex "I" Electronic Payment Instruments is not completed, it will be considered as if Electronic Payment Instruments are not being accepted for payment of invoices.

Acceptance of Electronic Payment Instruments will not be considered as an evaluation criterion.

3.1.3 Exchange Rate Fluctuation

C3011T (2013-11-06), Exchange Rate Fluctuation

3.1.4 SACC Manual Clauses

Section III: Certifications

Bidders must submit the certifications and additional information required under Part 5.

PART 4 - EVALUATION PROCEDURES AND BASIS OF SELECTION

4.1 Evaluation Procedures

- (a) Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- (b) An evaluation team composed of representatives of Canada will evaluate the bids.

4.1.1 Technical Evaluation

4.1.1.1 Mandatory Technical Criteria

The bid must comply with the mandatory technical criteria specified below. The Bidder must provide in their proposal the necessary documentation to support and demonstrate compliance with each and all Mandatory Technical Criterion (MTC).

Bids that do not meet each and every MTC will be declared non-responsive and will be disqualified. Each MTC must be addressed separately.

MTC 1: Bidders or their representative must attend the entire Mandatory Site Visit as specified in Part 2, Article 6 entitled "Mandatory Site Visit". The Contracting Authority will record the attendance at the Site Visit, and will use the record to confirm compliance with this particular MTC.

MTC 2: The Bidders must provide with their bid a completed Annex "H" that demonstrates that they have a minimum of two consecutive winter seasons (within the past 5 years from date of bid closing) of snow removal experience in which the total surface area from which the snow was removed was at least 150,000 m² per year. A winter season is defined as Sept. to May. The bidder must demonstrate their experience includes work that is similar in scope to the requirement identified in the solicitation such as parking lots, sidewalks, ramps and loading docks. In this documentation the bidder must provide the name and address of the company and the total surface area from which the bidder removed the snow. The bidder must provide the name, email and phone number of a company official that can verify they were under contract to remove snow at the location stated in the bidder's experience*. The bidder may combine the area of multiple contracts to demonstrate this experience. Provincial, municipal, county, or private roadways cannot be used to demonstrate compliance with this experience requirement. The bidder must provide the required information in accordance with Annex "H" (attached).

*For reference checks, Canada will conduct the reference check in writing by e-mail. Canada will send all e-mail reference check requests to contacts supplied by all the Bidders within a 48 hour period using the e-mail address provided in the bid. A Bidder will not meet the mandatory experience requirement (as applicable) unless the response is received within 5 working days of the date that Canada's e-mail was sent.

On the third working day after sending out the reference check request, if Canada has not received a response, Canada will notify the Bidder by e-mail, to allow the Bidder to contact its reference directly to ensure that it responds to Canada within 5 working days. If the individual named by a Bidder is unavailable when required during the evaluation period, the Bidder may provide the name and e-mail address of an alternate contact person from the same customer. Bidder will only be provided this opportunity once for each customer, and only if the originally named individual is unavailable to respond (i.e., the Bidder will not be provided with an opportunity to submit the name of an alternate contact person if the original contact person indicates that he or she is unwilling or unable to respond). The 5 working days will not be extended to provide additional time for the alternate contact to respond. Wherever information provided by a reference differs from the information supplied by the Bidder, the information supplied by the reference will be the information evaluated.

A Bidder will not meet the mandatory experience requirement (as applicable) if:

1. The referenced customer states he or she is unable or unwilling to provide the information requested, or

2. The customer reference is not a customer of the Bidder itself (for example, the customer cannot be the customer of an affiliate of the Bidder instead of being a customer of the Bidder itself).

Nor will a mandatory be met if the customer is itself an affiliate or other entity that does not deal at arm's length with the Bidder.

4.1.2 Financial Evaluation

4.1.2.1 Mandatory Financial Criteria

Any bid which fails to meet the following mandatory requirements will be deemed non-responsive and will receive no further consideration:

- a) Pricing must be provided for all items as listed in the Pricing Bases in Annex "B". If the Bidder leaves any price blank, Canada will treat the price as "\$0.00" for evaluation purposes and may request that the Bidder confirm that the price is, in fact, \$0.00. No Bidder will be permitted to add or change a price as part of this confirmation. Any Bidder who does not confirm that the price for a blank item is \$0.00 will be declared non-responsive.
- b) Bids must not contain any alteration to the Pricing Bases other than the addition of the Bidder's prices.
- c) Bids must not contain any condition or qualification placed upon the bid.
- d) Pricing must be firm in Canadian currency, Applicable Taxes excluded, FOB destination, Canadian customs duties and excise taxes included.

4.1.2.2 Financial Evaluation Criteria

For evaluation purposes only, to calculate the bidder's evaluated price for all two years, the following formula will apply:

Pricing Basis (aggregate of Firm Price x estimated usage for all 2 years) = evaluated price.

The extended price is the firm price for each year multiplied by the estimated usage.

The evaluated price is the sum of all extended prices for all years for all items.

4.1.2.3 SACC Manual Clause [A0220T](#) (2014-06-26), Evaluation of Price

4.2 Basis of Selection

A bid must comply with the requirements of the bid solicitation and meet all mandatory evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price will be recommended for award of a contract.

PART 5 – CERTIFICATIONS AND ADDITIONAL INFORMATION

Bidders must provide the required certifications and additional information to be awarded a contract.

The certifications provided by Bidders to Canada are subject to verification by Canada at all times. Unless specified otherwise, Canada will declare a bid non-responsive, or will declare a contractor in default if any certification made by the Bidder is found to be untrue, whether made knowingly or unknowingly, during the bid evaluation period or during the contract period.

The Contracting Authority will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply and to cooperate with any request or requirement imposed by the Contracting Authority will render the bid non-responsive or constitute a default under the Contract.

5.1 Certifications Required with the Bid

Bidders must submit the following duly completed certifications as part of their bid.

5.1.1 Integrity Provisions - Declaration of Convicted Offences

In accordance with the Integrity Provisions of the Standard Instructions, all bidders must provide with their bid, **if applicable**, the Integrity declaration form available on the [Forms for the Integrity Regime](http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html) website (<http://www.tpsgc-pwgsc.gc.ca/ci-if/declaration-eng.html>), to be given further consideration in the procurement process.

5.2 Certifications Precedent to Contract Award and Additional Information

The certifications and additional information listed below should be submitted with the bid but may be submitted afterwards. If any of these required certifications or additional information is not completed and submitted as requested, the Contracting Authority will inform the Bidder of a time frame within which to provide the information. Failure to provide the certifications or the additional information listed below within the time frame specified will render the bid non-responsive.

5.2.1 Integrity Provisions – Required Documentation

In accordance with the section titled Information to be provided when bidding, contracting or entering into a real property agreement of the [Ineligibility and Suspension Policy](http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html) (<http://www.tpsgc-pwgsc.gc.ca/ci-if/politique-policy-eng.html>), the Bidder must provide the required documentation, as applicable, to be given further consideration in the procurement process.

5.2.2 Federal Contractors Program for Employment Equity - Bid Certification

By submitting a bid, the Bidder certifies that the Bidder, and any of the Bidder's members if the Bidder is a Joint Venture, is not named on the Federal Contractors Program (FCP) for employment equity "FCP Limited Eligibility to Bid" list available at the bottom of the page of the [Employment and Social Development Canada \(ESDC\) - Labour's](https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#) website (<https://www.canada.ca/en/employment-social-development/programs/employment-equity/federal-contractor-program.html#>).

Canada will have the right to declare a bid non-responsive if the Bidder, or any member of the Bidder if the Bidder is a Joint Venture, appears on the "FCP Limited Eligibility to Bid list at the time of contract award.

Canada will also have the right to terminate the Contract for default if a Contractor, or any member of the Contractor if the Contractor is a Joint Venture, appears on the "FCP Limited Eligibility to Bid" list during the period of the Contract.

The Bidder must provide the Contracting Authority with a completed annex titled Federal Contractors Program for Employment Equity - Certification, before contract award. If the Bidder is a Joint Venture, the Bidder must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification, for each member of the Joint Venture.

PART 6 - SECURITY, FINANCIAL AND OTHER REQUIREMENTS

6.1 Security Requirements

1. At the date of bid closing, the following conditions must be met:

- (a) the Bidder must hold a valid organization security clearance as indicated in Part 7 - Resulting Contract Clauses;

2. For additional information on security requirements, Bidders should refer to the Contract Security Program of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

3. By the start of the SNIC season, the following conditions must be met:

- (a) the Bidder's proposed individuals requiring access to classified or protected information, assets or sensitive work sites must meet the security requirements as indicated in Part 7 - Resulting Contract Clauses;
- (b) the Bidder must provide the name of all individuals who will require access to classified or protected information, assets or sensitive work sites;

6.2 Insurance Requirements

The Bidder must provide a letter from an insurance broker or an insurance company licensed to operate in Canada stating that the Bidder, if awarded a contract as a result of the bid solicitation, can be insured in accordance with the Insurance Requirements specified in Annex D.

If the information is not provided in the bid, the Contracting Authority will so inform the Bidder and provide the Bidder with a time frame within which to meet the requirement. Failure to comply with the request of the Contracting Authority and meet the requirement within that time period will render the bid non-responsive.

PART 7 - RESULTING CONTRACT CLAUSES

Delete this title and the following sentence at contract award.

The following clauses and conditions apply to and form part of any contract resulting from the bid solicitation.

7.1 Statement of Work

The Contractor must perform the Work in accordance with the Statement of Work at Annex "A".

7.1.1 Task Authorization

The Work or a portion of the Work to be performed under the Contract will be on an "as and when requested basis" using a Task Authorization (TA). The Work described in the TA must be in accordance with the scope of the Contract.

7.1.2.1 Task Authorization Process

Task Authorization:

The Work or a portion of the Work to be performed under the Contract will be on an "as and when requested basis" using a Task Authorization (TA). The Work described in the TA must be in accordance with the scope of the Contract.

Task Authorization Process:

1. The Technical Authority will provide the Contractor with a description of the task using the "DND 626, Task Authorization Form".
2. The Task Authorization (TA) will contain the details of the activities to be performed, a description of the deliverables, and a schedule indicating completion dates for the major activities or submission dates for the deliverables. The TA will also include the applicable basis (bases) and methods of payment as specified in the Contract.
3. The Contractor must provide the Technical Authority, within 2 hours days of its receipt, the proposed total estimated cost for performing the task and a breakdown of that cost, established in accordance with the Basis of Payment specified in the Contract.
4. The Contractor must not commence work until a TA authorized by the Technical Authority has been received by the Contractor. The Contractor acknowledges that any work performed before a TA has been received will be done at the Contractor's own risk.

7.1.2.2 Task Authorization Limit

The Technical Authority may authorize individual task authorizations up to a limit of \$ 50,000.00, Applicable Taxes included, inclusive of any revisions.
Any task authorization to be issued in excess of that limit must be authorized by the Contracting Authority before issuance.

7.1.2.3 Canada's Obligation - Portion of the Work - Task Authorizations

Canada's obligation with respect to the portion of the Work under the Contract that is performed through task authorizations is limited to the total amount of the actual tasks performed by the Contractor.

7.1.2.4 Periodic Usage Reports - Contracts with Task Authorizations

The Contractor must compile and maintain records on its provision of services to the federal government under authorized Task Authorizations issued under the Contract.

The Contractor must provide this data in accordance with the reporting requirements detailed below. If some data is not available, the reason must be indicated. If services are not provided during a given period, the Contractor must still provide a "nil" report.

The data must be submitted on a "quarterly basis" to the Contracting Authority.

The quarterly periods are defined as follows:

- 1st quarter: April 1 to June 30;
- 2nd quarter: July 1 to September 30;
- 3rd quarter: October 1 to December 31; and
- 4th quarter: January 1 to March 31.

The data must be submitted to the Contracting Authority no later than 30 calendar days after the end of the reporting period.

Reporting Requirement- Details

A detailed and current record of all authorized tasks must be kept for each contract with a task authorization process. This record must contain:

For each authorized task:

- i. the authorized task number or task revision number(s);
- ii. a title or a brief description of each authorized task;
- iii. the total estimated cost specified in the authorized Task Authorization (TA) of each task, exclusive of Applicable Taxes;
- iv. the total amount, exclusive of Applicable Taxes, expended to date against each authorized task;
- v. the start and completion date for each authorized task; and
- vi. the active status of each authorized task, as applicable.

For all authorized tasks:

- i. the amount (exclusive of Applicable Taxes) specified in the contract (as last amended, as applicable) as Canada's total liability to the contractor for all authorized TAs; and a title or a brief description of each authorized task;
- ii. the total amount, exclusive of Applicable Taxes, expended to date against all authorized TAs.

7.1.2.5 Task Authorization - Department of National Defence

The administration of the Task Authorization process will be carried out by the Technical Authority. This process includes monitoring, controlling and reporting on expenditures of the contract with task authorizations to the Contracting Authority.

7.2 Standard Clauses and Conditions

All clauses and conditions identified in the Contract by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) (<https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual>) issued by Public Works and Government Services Canada.

7.2.1 General Conditions

[2035](#) (2018-06-21), General Conditions - Higher Complexity - Services, apply to and form part of the Contract.

7.3 Security Requirements

7.3.1 The following security requirements (SRCL and related clauses provided by the Contract Security Program) apply and form part of the Contract.

1. The Contractor/Offeror must, at all times during the performance of the Contract/Standing Offer, hold a valid **Designated Organization Screening (DOS)**, issued by the Canadian Industrial Security Directorate (CISD), Public Works and Government Services Canada (PWGSC).
2. The Contractor/Offeror personnel requiring access to sensitive work site(s) must **EACH** hold a valid **RELIABILITY STATUS**, granted or approved by CISD/PWGSC.
3. Subcontracts which contain security requirements are **NOT** to be awarded without the prior written permission of CISD/PWGSC.
4. The Contractor/Offeror must comply with the provisions of the:
 - (a) Security Requirements Check List and security guide (if applicable), attached at Annex C;
 - (b) Industrial Security Manual (Latest Edition).

7.4 Term of Contract

7.4.1 Period of the Contract

The period of the Contract is from 15 October 2020 to 30 June 2022 inclusive.

7.4.2 Delivery Points

Delivery of the requirement will be made to delivery point(s) specified at Annex "A" of the Contract.

7.5 Authorities

7.5.1 Contracting Authority

The Contracting Authority for the Contract is:

Name: Wayne Cook
Title: Supply Officer

Solicitation No. - N° de l'invitation
W6889-200073/D
Client Ref. No. - N° de réf. du client
W6889-200073

Amd. No. - N° de la modif.
File No. - N° du dossier
PET-9-51006

Buyer ID - Id de l'acheteur
PET906
CCC No./N° CCC - FMS No./N° VME

Public Works and Government Services Canada
Acquisitions Branch
Petawawa Procurement
Bldg S-111, Garrison Petawawa, Petawawa, Ont. K8H 2X3

Telephone: 613-401-0623
Facsimile: 613-687-6656
E-mail address: wayne.cook@pwgsc.gc.ca

The Contracting Authority is responsible for the management of the Contract and any changes to the Contract must be authorized in writing by the Contracting Authority. The Contractor must not perform work in excess of or outside the scope of the Contract based on verbal or written requests or instructions from anybody other than the Contracting Authority.

7.5.2 Project Authority

The Project Authority for the Contract is:

Name: _____
Title: _____
Organization: _____
Address: _____

Telephone: ____ - ____ - ____
Facsimile: ____ - ____ - ____
E-mail address: _____

The Project Authority is the representative of the department or agency for whom the Work is being carried out under the Contract and is responsible for all matters concerning the technical content of the Work under the Contract. Technical matters may be discussed with the Project Authority; however, the Project Authority has no authority to authorize changes to the scope of the Work. Changes to the scope of the Work can only be made through a contract amendment issued by the Contracting Authority.

7.5.3 Contractor's Representative

Name and telephone number of the person responsible for:

General Enquiries

Name: _____
Telephone No: _____
Facsimile No: _____
E-mail address: _____

7.6 Proactive Disclosure of Contracts with Former Public Servants

By providing information on its status, with respect to being a former public servant in receipt of a **Public Service Superannuation Act** (PSSA) pension, the Contractor has agreed that this information will be

reported on departmental websites as part of the published proactive disclosure reports, in accordance with **Contracting Policy Notice: 2012-2** of the Treasury Board Secretariat of Canada.

7.7 Payment

7.7.1 Basis of Payment – Pricing Basis “A” – Firm Requirement

In consideration of the Contractor satisfactorily completing all of its obligations under the Contract, the Contractor will be paid a firm unit price, as specified in Annex “B” – Pricing Basis “A” – Firm Requirement, for a cost of \$_____ *[Note to Bidders: Canada will insert information at time of Contract Award]*. Customs duties are included Applicable Taxes are extra.

Canada will not pay the Contractor for any design changes, modifications or interpretations of the Work, unless they have been approved, in writing, by the Contracting Authority before their incorporation into the Work.

7.7.2 Basis of Payment – Pricing Basis “B” – Task Authorizations

The Contractor will be reimbursed for the costs reasonably and properly incurred in the performance of the Work specified in the authorized Task Authorization (TA), as determined in accordance with the Basis of Payment in Annex B – Pricing Basis “B”, to the limitation of expenditure specified in the authorized TA.

Canada's liability to the Contractor under the authorized TA must not exceed the limitation of expenditure specified in the authorized TA. Customs duties are included and Applicable Taxes are extra.

No increase in the liability of Canada or in the price of the Work specified in the authorized TA resulting from any design changes, modifications or interpretations of the Work will be authorized or paid to the Contractor unless these design changes, modifications or interpretations have been authorized, in writing, by the Contracting Authority before their incorporation into the Work.

7.7.3 Limitation of Expenditure

1. Canada's total liability to the Contractor under the Contract must not exceed \$_____ *[Note to Bidders: Canada will insert information at time of Contract Award]*. Customs duties are included and Applicable Taxes are extra.
2. No increase in the total liability of Canada or in the price of the Work resulting from any design changes, modifications or interpretations of the Work, will be authorized or paid to the Contractor unless these design changes, modifications or interpretations have been approved, in writing, by the Contracting Authority before their incorporation into the Work. The Contractor must not perform any work or provide any service that would result in Canada's total liability being exceeded before obtaining the written approval of the Contracting Authority. The Contractor must notify the Contracting Authority in writing as to the adequacy of this sum:
 - a. when it is 75 percent committed, or
 - b. four (4) months before the contract expiry date, or
 - c. as soon as the Contractor considers that the contract funds provided are inadequate for the completion of the Work, whichever comes first.
3. If the notification is for inadequate contract funds, the Contractor must provide to the Contracting Authority a written estimate for the additional funds required. Provision of such information by the Contractor does not increase Canada's liability.

7.7.4 Method of Payment

7.7.4.1 Pricing Basis "A" – Firm Requirement

SACC Manual clause H1008C (2008-05-12), Monthly Payment

7.7.4.2 Pricing Basis "B" – Task Authorizations & Material

SACC Manual clause H1000C (2008-05-12), Single Payment

7.7.5 SACC Manual Clauses

SACC Manual clause C0710C (2007-11-30) Time and Contract Price Verification

SACC Manual clause A9117C (2007-11-30) T1204 – Direct Request by Customer Department

7.7.6 Electronic Payment of Invoices – Contract

The Contractor accepts to be paid using any of the following Electronic Payment Instrument(s):

- a. Visa Acquisition Card;
- b. MasterCard Acquisition Card;
- c. Direct Deposit (Domestic and International);
- d. Electronic Data Interchange (EDI);
- e. Wire Transfer (International Only);
- f. Large Value Transfer System (LVTS) (Over \$25M)

7.8 Invoicing Instructions

1. The Contractor must submit invoices in accordance with the section entitled "Invoice Submission" of the general conditions. Invoices cannot be submitted until all work identified in the invoice is completed.

2. Invoices must be distributed as follows:

- (a) The original and one (1) copy must be forwarded to the address shown on page 1 of the Contract for certification and payment.
- (b) One (1) copy must be forwarded to the Contracting Authority identified under the section entitled "Authorities" of the Contract.

3. Invoices must be supported by:

- a) Task Authorization Number (if applicable)
- b) Bldg. Number and or location
- c) Cost broken down as per pricing basis
- d) Date on invoice plus date work was completed
- e) Contract number; and
- f) Copies of GPS reports as/when requested by the Technical Authority
- g) Time sheets (if applicable)

The final invoice for each year will not be paid until completion of: all snow clearing operations, Technical Authority post season inspection, and restoration of damaged areas, in accordance with the Statement of work.

7.9 Certifications and Additional Information

7.9.1 Compliance

Unless specified otherwise, the continuous compliance with the certifications provided by the Contractor in its bid or precedent to contract award, and the ongoing cooperation in providing additional information are conditions of the Contract and failure to comply will constitute the Contractor in default. Certifications are subject to verification by Canada during the entire period of the Contract.

7.9.2 Federal Contractors Program for Employment Equity - Default by the Contractor

The Contractor understands and agrees that, when an Agreement to Implement Employment Equity (AIEE) exists between the Contractor and Employment and Social Development Canada (ESDC)-Labour, the AIEE must remain valid during the entire period of the Contract. If the AIEE becomes invalid, the name of the Contractor will be added to the "[FCP Limited Eligibility to Bid](#)" list. The imposition of such a sanction by ESDC will constitute the Contractor in default as per the terms of the Contract.

7.9.3 SACC Manual Clauses

SACC Manual clause [A3015C](#) (2014-06-26), Certifications - Contract

7.10 Applicable Laws

The Contract must be interpreted and governed, and the relations between the parties determined, by the laws in force in _____ (*insert the name of the province or territory as specified by the Bidder in its bid, if applicable*).

7.11 Priority of Documents

If there is a discrepancy between the wording of any documents that appear on the list, the wording of the document that first appears on the list has priority over the wording of any document that subsequently appears on the list.

- (a) the Articles of Agreement;
- (b) the general conditions 2035 (2018-06-21);
- (c) Annex A, Statement of Work;
- (d) Annex B, Basis of Payment;
- (e) Annex C, Security Requirements Check List
- (f) Annex D, Insurance Requirement;
- (g) the signed Task Authorizations (including all of its annexes, if any);
- (h) the Contractor's bid dated _____.

7.12 Insurance – Specific Requirements

The Contractor must comply with the insurance requirements specified in Annex D. The Contractor must maintain the required insurance coverage for the duration of the Contract. Compliance with the insurance requirements does not release the Contractor from or reduce its liability under the Contract.

The Contractor is responsible for deciding if additional insurance coverage is necessary to fulfill its obligation under the Contract and to ensure compliance with any applicable law. Any additional insurance coverage is at the Contractor's expense, and for its own benefit and protection.

The Contractor must forward to the Contracting Authority within ten (10) days after the date of award of the Contract, a Certificate of Insurance evidencing the insurance coverage and confirming that the insurance policy complying with the requirements is in force. For Canadian-based Contractors, coverage must be placed with an Insurer licensed to carry out business in Canada, however, for Foreign-based Contractors, coverage must be placed with an Insurer with an A.M. Best Rating no less than "A-". The Contractor must, if requested by the Contracting Authority, forward to Canada a certified true copy of all applicable insurance policies.

7.13 Contract Financial Security

1. The Contractor must provide one of the following contract financial securities within 10 calendar days after the date of contract award:
 - a. a performance bond form [PWGSC-TPSGC 505](#) in the amount of 10 percent of the Contract Price; or
 - b. a performance bond form [PWGSC-TPSGC 505](#) and a labour and material payment bond form [PWGSC-TPSGC 506](#), each in the amount of 10 percent of the Contract Price; or
 - c. a labour and material payment bond form [PWGSC-TPSGC 506](#) in the amount of 10 percent of the Contract Price; or
 - d. a security deposit as defined in clause [E0008C](#) in the amount of 10 percent of the Contract Price.

Any bond must be accepted as security by one of the bonding companies listed in [Treasury Board Contracting Policy, Appendix L](#), Acceptable Bonding Companies.

2. Security deposits in the form of government guaranteed bonds with coupons attached will be accepted only if all coupons that are unmatured, at the time the security deposit is provided, are attached to the bonds. The Contractor must provide written instructions concerning the action to be taken with respect to coupons that will mature while the bonds are pledged as security, when such coupons are in excess of the security deposit requirement.
3. If Canada does not receive the required financial security within the specified period, Canada may terminate the Contract for default pursuant to the Contract default provision.

7.13.1 SACC Manual clause [E0008C](#) (2018-06-21), Security Deposit Definition – Contract

7.14 Inspection and Acceptance

The Technical Authority is the Inspection Authority. All reports, deliverable items, documents, goods and all services rendered under the Contract are subject to inspection by the Inspection Authority or representative. Should any report, document, good or service not be in accordance with the requirements of the Statement of Work and to the satisfaction of the Inspection Authority, as submitted, the Inspection Authority will have the right to reject it or require its correction at the sole expense of the Contractor before recommending payment.

7.15 SACC Manual Clauses

Damages	19.0
Sand and Treated Salt Requirements	20.0
Hauling	21.0
Sweeping	22.0
GPS Reports	23.0
Invoicing	24.0

1.0. Identification

- 1.1. Work under this requirement consists of the provision of all labour, supervision, materials, tools, equipment and fuel, to support winter parking lot maintenance by conducting Snow and Ice Control (SNIC) operations for approximately 260,000 m² of designated vehicle parking and sidewalks throughout Garrison (Grn) Petawawa and the Pembroke Armouries.

2.0 Objective

- 2.1 The purpose of the Grn Petawawa Winter Parking Maintenance Program is to optimize the use of contractor supplied equipment, personnel and materials, to provide safe winter parking and sidewalk conditions, for vehicle and pedestrian traffic, in a timely manner as set out in this Statement of Work (SOW).

3.0 Standards

- 3.1 Ontario Regulation 239/02 Minimum maintenance for Municipal Highways
- 3.2 Minimum Maintenance Standards 2018 Amendments O.Reg 366/18
- 3.3 Code of Practice for the Environment Management of road salts under the Canadian Environmental Protection Act, 1999
- 3.4 Ministry of Transportation Ontario (MTO) Operators License
- 3.5 Vehicle Licences
- 3.6 Ontario Health and Safety Act (OHSA)

4.0 Safety Plan

- 4.1 The Contractor must develop a safety plan for this requirement.

5.0 Level of Service

- 5.1 The Level of Service (LOS) policy for Priority Parking SNIC operations at Grn Petawawa exceeds the Minimum Maintenance Standards specified in the Ontario Regulation 239/02 for snow accumulation and icy roads.
- 5.2 Winter parking lot and sidewalk maintenance operations begin on October 15 and extend to 14 April of each year. Major activities are plowing, salt spreading, sand and salt spreading, and sweeping.
- 5.3 Service must be provided seven (7) days per week with most operations accomplished during the overnight period between 1800 hours and 0500 hours.
- 5.4 The Level of Service (LOS) and procedures included in this SOW incorporate a combination of action(s) and response required by the contractor in order to maintain these standards.
- 5.5 The Contractor must commence plowing/sanding and salting operations within one (1) hour after accumulated snow of 2" (5cm).
- 5.6 These procedures take into consideration that winter control measures cannot be carried out on all areas at the same time, therefore, operations must follow the priorities as set out by the Project Authority (PA).
- 5.7 The contractor must monitor weather forecasts, patrol reports and other information as available, in order to ensure adequate preparations are planned and organized prior to the beginning of a weather event.
- 5.8 GPS tracking is required on all vehicles.

6.0 Snow Accumulation

- 6.1 Snow accumulation is defined as the natural accumulation of newly-fallen snow, wind-blown snow or slush.
- 6.2 For the purpose of this section, addressing snow accumulation on roads, parking lots and sidewalks includes plowing, sanding, salting, or any combination of these methods.
- 6.3 The standard for addressing snow accumulation is to commence plowing/sanding and salting operations within one (1) hour after accumulated snow of 2" (5) cm. Sanding/salting is to be completed during the same plowing event once the snow has been cleared, and not a return call for sanding/salting.
- 6.4 Plowing, sanding and salting must continue as necessary with respect to ongoing weather and changing surface conditions.
- 6.5 Vehicle entry points must be kept clear from curb to curb with no encroachment due to snow bank heights or accumulations while ensuring that maximum site lines are maintained.
- 6.6 Hydrants located within the contractor's area of responsibility must be cleared on all sides and visible during vehicular approach from either direction.
- 6.7 The contractor may be required to remove stockpiles/snow banks in order to maintain capacity for subsequent snow events.

7.0 Ice Formation

- 7.1 Maintenance Standards as set out in Provincial regulations establish the Level of Service (LOS) required to prevent and treat Ice Formation on Roadway surfaces.
- 7.2 The standard for the prevention of ice formation on parking lots and sidewalks is by ensuring the following steps are carried out in the 24-hour period preceding an alleged/forecasted weather event with expected formation of ice;
 - 7.2.1 The contractor must monitor the weather;
 - 7.2.2 Patrol and assess areas of responsibility; and
 - 7.2.3 As a result of monitoring and patrolling, that there is a substantial probability of ice forming on parking lots and sidewalks, treat all areas in priority within four (4) hours;
- 7.3 Treatment of areas means applying sand and salt materials to the parking lot and sidewalk surfaces.
- 7.4 In the event conditions occur which temporarily prevent achieving the LOS as detailed in this SOW, all attempts must be made to keep surfaces as clear as possible by utilizing all maintenance equipment at maximum efficiency.
- 7.5 Operations must follow the priorities as set out by the Project Authority (PA).

8.0 Significant Weather Events

- 8.1 The contractor must monitor significant weather events, and plan and deploy resources in order to treat and prevent icy surfaces, in advance of a forecasted weather event that is predicted with a high probability of occurring.
- 8.2 At the end of a significant weather event, the contractor must continue to maintain the standards in accordance with this SOW.

9.0 Weather Monitoring

- 9.1 Weather monitoring is an essential component required under the Ontario Regulation 239/02 Section 3.1; and when accomplished properly, aids in determining the appropriate winter maintenance procedures to meet the conditions.
- 9.2 Weather is defined as air temperature, wind and precipitation.

- 9.3 During the active SNIC season, the contractor must monitor the weather, both current and forecast to occur in the next 24 hours, once each eight (8) hour period up to three (3) times per day.
- 9.4 The contractor must monitor conditions and record the depth of snow accumulation and/or ice by conducting a route patrol.
- 9.5 A significant weather event means approaching or occurring weather hazard with potential to pose a significant danger to users of the parking lots and sidewalks.
- 9.6 Weather hazard includes those determined by Environment Canada as meeting the criteria for the issuance of an alert under its Public Weather Alerting Program.

10.0 Areas to be Serviced

- 10.1** Area 1 Consists of P-117 Silver Dart Arena, P-118 Dundonald Hall, P-119 Troy Cinema and 54 Festubert Base Thrift Shop.
 - 10.1.1** P-117 includes parking lot, entrances, sidewalks, rear zamboni access and paved area, ammonia refrigeration room access and electrical room service entrance. The main parking lot is east of P-117 Silver Dart Arena. The total combined area is approximately 8,500 m2.
 - 10.1.2** P-118 includes all building access points, service entrances, sidewalks and ramps, paved access from the intersection of Peacekeeper Way and Givensche Rd to the south west entrance. The total combined area is approximately 9,870 m2.
 - 10.1.3** P-119 includes the parking lot north-west of the building, all sidewalks, entrances, ramps and access points. The total combined area is approximately 3,515 m2.
 - 10.1.4** The base Thrift Shop located at 54 Festubert includes the single lane driveway and two building entrances and sidewalks. The total combined area is approximately 65 m2.
 - 10.1.5** The total combined spaces for Area 1 is approximately 21,950 m2.
- 10.2** Area 2 Consists of Canex Mall at 14 Ypres, R-103 Tim Hortons, and various paved parking lots on the south, west and north-west side of Canex Mall
 - 10.2.1** Overflow parking at the south end of building R-103 including the pedestrian walkway running east and west of the building. The total combined area is approximately 2,600 m2.
 - 10.2.2** Canex mall located at the intersection of Festubert and Ypres Blvd. Includes all service entrances, sidewalks, barrier free ramps, parking areas, side and rear service entrances and loading bays. The total combined area is approximately 3,300 m2.
 - 10.2.3** The paved overflow parking to the north-west of R-102, on the north side of Givensche Road, includes two vehicle access points. The total combined area is approximately 5,700 m2.
 - 10.2.4** R-103 Tim Horton's includes all sidewalks, entrance, waste storage area, rear loading zones, drive through lane and parking lot. The total area is approximately 2,200 m2.
 - 10.2.5** The total combined spaces for Area 2 is approximately 13,800 m2.
- 10.3** Area 3 Consists of Q-101 Protestant Church, Q-104 Roman Catholic Church and Q-103 Petawawa Golf Club/Army Fitness Centre.
 - 10.3.1** Q-101 and Q-104 include all service entrances, sidewalks, ramps and a shared parking lot. The total combined area is approximately 3,790 m2.
 - 10.3.2** Q-103 facility includes all service entrances, sidewalks, ramps, loading doors, and parking lots. Parking lots are located south-west, south and to the east of Q-103 which include the vehicle access points from Givensche Rd

and Festubert Blvd. Storage compound gates are not to be blocked by snow piles. The total combined area is approximately 4,560 m2.

10.3.3 The total combined spaces for Area 3 is approximately 8,350 m2.

10.4 Area 4 Consists of N-109 Base Medical Clinic (BMC), Dental Clinic, N-113 Care Delivery Unit (CDU), N-111 IPSC Warrior Support, and N-101 accommodations buildings.

10.4.1 N-109 and N113 include all sidewalks, walkways, ramps and entrances, the shared south parking lot, the west parking lot, east parking area and two rear laneway access points from Givensche Rd to N-109 loading dock and N-113 building access. The total combined helipad, parking, laneway, sidewalks, ramps and entrances are approximately 12,200 m2.

10.4.2 N-111 and N-101 include the complete front and side parking lots, and all designated handicap spaces, front and side entrances, stairs, ramps and service doors. The total combined area is 2,450 m2.

10.4.3 The total combined spaces for Area 4 is approximately 14,650 m2.

10.5 Area 5 consists of CC-58 Jubilee Lodge & Yacht Club located at the end of Givensche Rd including various High Voltage access routes.

10.5.1 CC-58 includes the main vehicle access, sidewalks and parking up to the building, the pedestrian boardwalk, the centre area main parking lot up to all perimeter boat storage locations, and laneway west of CC-58 up to the marina access gate. No stock piling of snow is permitted in front of the boat launch, fences or cross-country ski trails.

10.5.2 Plowing or pushing of snow into the concrete boat launch is not permitted at any time.

10.5.3 The golf course service road includes a 600m plowed section from Jubilee Lodge parking area for high voltage line crew access.

10.5.4 Includes a 300m plowed section on the south side of the intersection of Paardeberg Blvd and Antwerp St for high voltage line crew access.

10.5.5 The total combined spaces for Area 5 is approximately 6,350 m2.

10.6 Area 6 consists of building S-117.

10.6.1 S-117 includes the south parking lot on Arras Rd, two main sidewalks, all entrances and rear parking and service entrance.

10.6.2 No stock piling of snow is permitted in front of parking lot storage building or in close proximity to the dumpsters. The total combined spaces for Area 6 is approximately 2,350 m2.

10.7 Area 7 consists of building 12-14 Reichwald.

10.7.1 12-14 Reichwald includes laneway and entrance access either side of the building, front parking, barrier-free access ramp, entrances and client parking spaces located opposite 12 Reichwald. The total combined spaces for Area 7 is approximately 550 m2.

10.8 Area 8 consists of the Petawawa Military Family Resource Centre (PMFRC) at 10-16 Regalbuto.

10.8.1 PMFRC 10-16 Regalbuto includes all designated parking spaces located in front, rear and side of the building, sidewalks, side and rear walkways, all building entrances and ramps. The total combined spaces for Area 8 is approximately 350 m2.

10.9 Area 9 consists of Simmons Parade Square.

10.9.1 Simmons parade square includes 4 vehicle entrances and a total combined spaces for Area 9 is approximately 20,000 m2.

-
- 10.10** Area 10 consists of P-142 IPSC and P-143 JPSU.
- 10.10.1** P-142 includes the complete front parking lot with two vehicle access points, all building entrances, stairs, ramps and service doors. The total combined area is 1,850 m2.
 - 10.10.2** P-143 JPSU includes designated parking along the east and west sides of Simmons Lane, handicap spaces and all entrances and service doors. The total combined area is 650 m2.
 - 10.10.3** The total combined spaces for Area 10 is approximately 2,500 m2.
- 10.11** Area 11 consists of G-104 Nicklin Parade Square.
- 10.11.1** G-104 Nicklin Parade Square is located east of building G-104 Normandy Court dining facility. The parade square has 5 vehicle access points. The total combined spaces for Area 11 is approximately 19,000 m2.
- 10.12** Area 12 consists of M-104 staff parking areas and Thompson Parade Square.
- 10.12.1** Thompson Parade Square is located north of building M-104 and accessed from Le Cateau Rd. The area is approximately 5,550 m2 with two vehicle access points.
 - 10.12.2** M-104 staff parking is located along the south side of the building with one vehicle access point from Le Cateau Rd. The area is approximately 1,100 m2.
 - 10.12.3** There are no sidewalk or entrance services required at M-104.
 - 10.12.4** The total combined spaces for Area 12 is approximately 6,650 m2.
- 10.13** Area 13 consists of F-104 Headquarters staff parking and Worthington Parade Square.
- 10.13.1** F-104 Headquarters parking is located at the intersection of Amiens Rd and Vimy Rd. and has 3 vehicle access points. The total area is approximately 2,020 m2.
 - 10.13.2** Worthington Parade Square is located east of building F-104 along Arras Rd, has 3 vehicle access points and is approximately 7,930 m2.
 - 10.13.3** The total combined spaces for Area 13 is approximately 9,950 m2.
- 10.14** Area 14 consists of a gravel parking lot and a portion of Arras Rd in front of building B-658.
- 10.14.1** Area 14 includes a section of Arras Rd from Vimy Rd west past B-658 including parking spaces up to and surrounding the waste collection bins location.
 - 10.14.2** Parking spaces curb side and fronting B658 are also included.
 - 10.14.3** The gravel parking lot on the west side of the intersection of Arras Rd and Vimy Rd has one vehicle access point.
 - 10.14.4** Extreme caution is required in close proximity to B-658 as the stairs and ramps border the road edge.
 - 10.14.5** The total combined spaces for Area 14 is approximately 3,000 m2.
- 10.15** Area 15 consists of the Bulk Waste Disposal Site (BWDS).
- 10.15.1** The BWDS is located on Flanders Row.
 - 10.15.2** All paved, gravel and concrete ramps, parking, equipment storage and travel routes, gated vehicle access point and the attendant building are included.
 - 10.15.3** Clearing up to and within 1 metre of the waste collection equipment is required.
 - 10.15.4** The total combined spaces for Area 15 is approximately 12,000 m2.
- 10.16** Area 16 consists of building Y-108 LAV barn and Y-116 TAPV located on Warrior Drive.

-
- 10.16.1** Y-108 LAV Barn includes all perimeter paved parking and access routes, front and rear gravel parking lots with one vehicle access point onto Warrior Drive. Vehicle access lanes into the facilities at each numbered overhead door. Snow and ice control for these vehicle entry points is required from the paved access routes up to the building and extend the minimum width of the door. The total area is approximately 10,900 m².
- 10.16.2** Y-116 TAPV includes all perimeter paved parking and access routes, with one vehicle access point onto Warrior Drive. Vehicle access lanes into the facilities at each numbered overhead door. Snow and ice control for these vehicle entry points is required from the paved access routes up to the building and extend the minimum width of the door. The total area is approximately 10,956 m².
- 10.16.3** The total combined spaces for Area 16 is approximately 21,856 m².
- 10.17** Area 17 consists of the Antenna Site.
- 10.17.1** The antenna site is located off the garrison in the Town of Petawawa on Wilbert St. The site is secured and only plowing of the vehicle access from Wilbert St. to the compound gate is required.
- 10.17.2** The total combined spaces for Area 17 is approximately 50m².
- 10.18** Area 18 consists of building W-112 South Side Community Centre.
- 10.18.1** W-112 is located in the south side Military housing town site on Wolfe Ave.
- 10.18.2** W-112 includes the main east parking lot, south truck loading zone, rear laneway, all sidewalks, entrances, outside fenced playground sidewalks and entrances.
- 10.18.3** The total combined spaces for Area 18 is approximately 4,000 m².
- 10.19** Area 19 consists of the Pembroke Armouries.
- 10.19.1** The Pembroke Armouries are located on Victoria St. in Pembroke, Ontario.
- 10.19.2** Pembroke Armouries scope of work differs slightly from that expected at Garrison Petawawa and therefore is further clarified under section 12.0 of this specification.
- 10.19.3** The total combined spaced for Area 19 is approximately 1,050 m².
- 10.20** Area 20 consists of the administrative parking area for the Dental Annex building M-12.
- 10.20.1** The paved parking area has one vehicle access point onto Le Cateau Rd.
- 10.20.2** Includes all parking areas, sidewalks, and all building entrances and ramps.
- 10.20.3** The total combined spaces for Area 20 is approximately 300 m².
- 10.21** Area 21 consists of buildings P-105 and P-106.
- 10.21.1** The paved parking areas are located to the front of the buildings along Craftsman Rd.
- 10.21.2** Includes all parking areas, sidewalks, and all building entrances and ramps.
- 10.21.3** The south-east access doors from the Daycare Centre within the fenced compound up to and including gate access.
- 10.21.4** The total combined spaces for Area 21 is approximately is 4,400 m².
- 10.22** Area 22 consists of a controlled access compound at 61 Industrial Avenue in Petawawa.
- 10.22.1** Includes all hard pack and paved surfaces. The total combined spaces for Area 22 is approximately 2,500 m².
- 10.23** Area 23 consists of Z-132 military troop parking lot.

- 10.23.1** Paved parking lot located on Centurion Rd adjacent to building Z-132 with two vehicle access points.
 - 10.23.2** The total combined space for Area 23 is approximately 9,100 m2.
- 10.24** Area 24 consists of H-119 HQ&S Squadron.
 - 10.24.1** H-119 includes the main administrative parking lot located in front of the HQ building and the side gravel overflow parking. .
 - 10.24.2** There are three vehicle access points.
 - 10.24.3** There are no sidewalk or entrance snow clearing required at H-119.
 - 10.24.4** The total combined spaces for Area 24 is approximately 12,500 m2.
- 10.25** Area 25 consists of RCD military troop parking lot.
 - 10.25.1** RCD parking lot is located on the south side of Menin Rd opposite building C-53 and has two vehicle access points.
 - 10.25.2** The total combined spaces for Area 25 is approximately 13,500 m2.
- 10.26** Area 26 consists of Y-101 designated staff parking, parade square and military troop parking lots.
 - 10.26.1** Y-101 has a paved parade square and designated staff parking to the north, east and west sides of the building, bordering two compound gates, with two vehicle access points onto Menin Rd.
 - 10.26.2** Y-101 also includes a separate military troop paved parking lot with one vehicle access point onto Menin Rd.
 - 4.1.1** There is no requirement for snow clearing of any sidewalk, step, entrance, walkway or monument locations at Y-101.
 - 10.26.3** The total combined spaces for Area 26 is approximately 24,000 m2.
- 10.27** Area 27 consists of S-118 and Z-133 staff and military troop parking lots.
 - 10.27.1** This area includes all military troop parking on the south side of Montgomery Rd, has three vehicle access points and borders several vehicle compound gates.
 - 10.27.2** There is no requirement for snow clearing of any sidewalk, step, entrance, walkway or monument locations at S-118.
 - 10.27.3** The total combined spaces for Area 27 is approximately 25,500 m2.

11.0 Priority of Work

- 11.1** Priority One areas must be the first areas to be serviced and completed as follows;
 - 11.1.1** Area 1, P-118, P-117, P-119 complete including all sidewalks and building access;
 - 11.1.2** Area 4, N-109/N-113/N-111/N-101 sidewalks and entrances, all designated handicap and ambulance parking, main parking lots complete;
 - 11.1.3** Area 3, Q-103 Army Fitness Centre entrances and parking lots complete;
 - 11.1.4** Area 2, Canex Mall, R-103 Tim Hortons, complete main parking lots and all sidewalks and building access;
 - 11.1.5** Area 11, G-104 Nicklin parade square to include plowing of the first 75 metres staff and client parking;
 - 11.1.6** Area 10, JPSU building P-143 and IPSC building P-142 complete;
 - 11.1.7** Area 14 Arras Rd, building B-658 perimeter parking and the gravel staff parking lot complete;
 - 11.1.8** Area 20, M-012 Dental annex complete;
 - 11.1.9** Area 21, P-105 and P-106 includes all parking, sidewalks, building access and childcare gated areas;
 - 11.1.10** Area 6, S-117 parking lots, sidewalks and entrances complete; and

11.1.11 Area 18, W-112 parking, sidewalks, stairs and entrances complete and Area 17 antenna gate access.

11.2 Priority Two areas must be started at or near completion of the areas identified under priority one with continuous and uninterrupted services as follows.

11.2.1 Area 3, Q-101 and Q-104 parking lots, sidewalks and entrances complete;

11.2.2 Area 5, CC-58 Jubilee Lodge and Yacht club parking, and high voltage access routes;

11.2.3 Area 7, 12 Reichwald sidewalks, ramps, entrances and all parking complete;

11.2.4 Area 8, Petawawa Military Family Resource Centre at 16 Regalbutto, includes all sidewalks, ramps, entrances and parking complete;

11.2.5 Area 13, building F-104 headquarters staff parking;

11.2.6 Area 12, building M-104 staff parking;

11.2.7 Area 15, Bulk Waste Disposal Site complete including gate entrance from Flanders Row;

11.2.8 Area 16, building Y-108 LAV barn and Y-116 TAPV complete;

11.2.9 Area 22, building and compound at 61 Industrial Ave;

11.2.10 Area 19, Pembroke Armouries complete.

11.2.11 Area 23 complete;

11.2.12 Area 24 complete;

11.2.13 Area 25 complete;

11.2.14 Area 26 complete; and

11.2.15 Area 27 complete.

11.3 Priority Three areas must be started at or near completion of the areas identified under priority one and two, with continuous and uninterrupted services as follows.

11.3.1 Area 9, Simmons parade square complete;

11.3.2 Area 13, Worthington parade square complete;

11.3.3 Area 12, Thompson parade square complete; and

11.3.4 Area 11, remainder of the Nicklin parade square complete.

11.4 CF/DND operational tempos dictate the priority levels. The PA will advise the contractor in the event of priority level changes.

12.0 Pembroke Armouries

12.1 Work at the Pembroke Armouries consists of the provision of snow and ice control operations including plowing, sanding, and salting of entrances, ramps and sidewalks and snow hauling from the Pembroke Armouries.

12.2 Special attention must be paid to all sidewalks, walkways, stairs, ramps, docks, walking entrances and elevator access ramps. These areas must be cleared bare of snow and ice and receive treated salt only applications to provide grit and traction to pedestrian traffic.

12.3 Snow must not be plowed against buildings, onto walkways, or block access to garbage /recycle bins, doors, hydrants or equipment.

12.4 Vehicle entry points to all parking areas will be kept clear from curb to curb with no encroachment due to snow bank heights or accumulations and ensure maximum site lines are maintained.

12.5 There will be no banking or stock piling of snow. After each snow event, snow must be plowed and hauled away.

12.6 The contractor will be provided with a key for use outside of normal working hours and weekends in order to access fenced secure areas. On occasion, the Contractor may be required to co-ordinate daytime snow clearing with the occupants while military vehicles are temporarily relocated.

- 12.7 At no time will any snow be plowed, pushed or stockpiled onto city or surrounding properties.

13.0 Special Attention Areas

- 13.1 All designated handicap parking spaces and access ramps must receive extra attention to ensure safe and passable bare pavement and exhibiting the entire painted decal is visible to all vehicle and foot traffic.
- 13.2 All walkways, stairs, ramps, loading docks, walking entrances and accesses must be cleared bare of snow and ice and receive treated salt abrasives only to provide grit and traction to pedestrian traffic.
- 13.3 Area 9 at building B-658 has a stair and ramp access constructed on the paved section and in very close proximity to the road.
- 13.4 Area 1 Silver Dart Arena rear zamboni paved area must be plowed only with no applications of abrasives in order to prevent sand and salt migration into the zamboni room and on to ice surfaces.
- 13.5 Pembroke Armouries has a canopy covered barrier free access ramp from the main sidewalk up to the elevator and main doors. Building main entrance steps are steep and terminate on municipal sidewalks.
- 13.6 Maps are not to scale and are to be used as a guide only.

14.0 Cycle Times

- 14.1 Cycle time for completion of plowing, sanding and salting of all areas is eight (8) hours.
- 14.2 Work must be continuous until all plowing, sanding and salting have been completed.

15.0 End of Storm Conditions

- 15.1 The standard will be met when SNIC operations have been completed for all areas and sufficient sand/salt has been applied in a uniform and comprehensive manner over complete and entire surface areas, in order to eliminate or minimize the safety risk to pedestrians and vehicles from icy/hazardous surfaces.
- 15.2 Trouble spots or areas experiencing wind-blown accumulations, snow banks, and slush or ice build-up must be monitored, cleared, sanded and salted in order to maintain the LOS.

16.0 Pre-Season Site Inspection

- 16.1 The contractor must meet annually with the PA prior to the snow season to discuss contract performance and expectations.
- 16.2 The contractor must inspect all areas to be serviced prior to the snow season and no later than 15 October each year to ensure all snow paths are clear of debris, stored equipment or materials.
- 16.3 Damages to areas or presence of obstacles must be noted and recorded during the pre-season site inspections.

17.0 Communication

- 17.1 The contractor must have the capability to respond to service calls 24hr/7day per week and maintain cell phone communication with the PA.
- 17.2 The Contractor will be advised of the personnel authorized to request services. Services undertaken at the request of unauthorized person(s) shall be done at the contractors risk with regard to non-payment.

18.0 Equipment

- 18.1 The contractor must supply, operate and maintain an appropriate type and amount of equipment such as loaders, plow trucks, sanders, blowers, and man crew(s) to carry out parking lot and sidewalk SNIC operations within the prescribed timelines.
- 18.2 Equipment must be licensed, road worthy, mechanically fit, and meet Ontario Ministry of Transportation requirements.
- 18.3 Equipment must operate with appropriate lighting assemblies, strobes and warning flashers or audible devices.
- 18.4 Vehicles must have operating GPS tracking capabilities.
- 18.5 DND will not be held responsible for any contractor equipment in use or unattended at Grn Petawawa.

19.0 Damages

- 19.1 The contractor must take care to prevent damage to trees, signs, light standards, curbs, and lawn or grassed areas, walkways, catch basins and other obstacles.
- 19.2 The contractor will be notified by the PA of damage(s) as they are discovered throughout the SNIC season.
- 19.3 The contractor is financially liable for any reported damage and must comply with the instruction of the PA in returning crown property to its pre-season condition.
- 19.4 The PA and the contractor will conduct a post season inspection of areas after each SNIC season.
- 19.5 Restoration of damaged areas must commence no later than 15 May each year and be completed by 15 June annually.
- 19.6 The contractor must carry a portable hazmat spill kit on all equipment capable of containing a (10) liter spill.
- 19.7 All spills must be reported immediately to the Grn Fire hall and to the PA.
- 19.8 Disposal of oily refuse must be transported by appropriate means and disposed of at an approved facility off DND property. There will be no onsite disposal of waste.
- 19.9 Contractor's equipment or actions resulting in a hazmat spill will be the financial responsibility of the contractor in regards to cleanup.

20.0 Sand and Treated Salt Requirements

- 20.1 There is a requirement for sand and treated salt applications after all plowing operations.
- 20.2 The contractor must provide road sand and treated road salt mix for all parking lots and laneways within the areas to be serviced.
- 20.3 The contractor must provide treated road salt only for all sidewalks and entrances.
- 20.4 Materials must be mixed and stored off-site.
- 20.5 Sand and salt mix is required at a mixed ratio of (5:1).
- 20.6 Commercial grade treated road salt products must meet the following requirements;
 - 20.6.1 The de-icing product must prevent snow and ice from bonding to the road surfaces;
 - 20.6.2 Must be proven to work to -14° C;
 - 20.6.3 Must contain a viscosity modifier for adherence to the roadway when being spread without the use of pre-wetting;
 - 20.6.4 Must be environmentally friendly and include a corrosion inhibitor in the formulation;
 - 20.6.5 Must not leach when stored or spread; and
 - 20.6.6 Must be coloured and not stain or discolour.

21.0 Hauling

- 21.1 Hauling from snow stockpiles will be accomplished on an "as and when required" basis.
- 21.2 The PA may utilize DND equipment and personnel to remove snow at their discretion.
- 21.3 Hauling operations, when conducted by the contractor, are all-inclusive and must include loading, hauling and dumping.
- 21.4 The contractor must utilize tandem dump trucks only, equipped with snow boards as necessary to provide 20 cubic yard capacity per load.
- 21.5 Tracking of loads moved and dumped at the snow dump site will be captured utilizing contractor's on-board GPS units and a printout provided to the PA within one business day after completion of the work.
- 21.6 The snow dump area is located along Kandahar Road at Garrison Petawawa.
- 21.7 Maintenance of the snow dump area will be the responsibility of the DND.

22.0 Sweeping

- 22.1 Sweeping operations are defined as the sweeping, cleaning and disposal of sand, gravel and debris.
- 22.2 The contractor must provide end of season sweeping services to all parking lots, laneways, parade squares, and sidewalks and entrances, serviced under this contract.
- 22.3 The contractor must provide all equipment, including water truck capabilities, to sweep and remove all sand, salt and debris and dispose off-site.
- 22.4 The contractor must commence sweeping operations annually no later than 16 April and must complete all areas no later than 15 May annually.

23.0 GPS Reports

- 23.1 GPS reports are required for all of the contractor's on-site activity regardless of date or time.
- 23.2 GPS system utilized under this requirement must have at minimum the capabilities for asset tracking as follows;
 - 23.2.1 Customized reporting and real time information
 - 23.2.2 Asset number and type of equipment
 - 23.2.3 Minute by minute GPS location by date and time
 - 23.2.4 Capability to set-up landmarks or addresses
- 23.3 Reports must be delivered to the PA by email/electronic means within 24 hours of the request.

24.0 Invoicing

- 24.1 Invoices must be received at Real Property Operations Det Petawawa, Contracts Section, no later than 14 days from the end of each month.
- 24.2 Invoices must contain the following;
 - 24.2.1 Requirement Number and Task Authorization Number;
 - 24.2.2 Area and location of work;
 - 24.2.3 Breakdown in accordance with the pricing basis;
 - 24.2.4 Date work was completed; and
 - 24.2.5 GPS reports when requested by the PA
- 24.3 The final invoice for each SNIC season will not be paid until all sweeping operations and restoration of identified damages have been completed to the satisfaction of the PA.

ANNEX "B"

BASIS OF PAYMENT

Note to Bidders:

All information in Italics in Annex "B" will be removed from any resultant contract

Estimated Quantities: *The quantities as stated herein are an estimate of the requirement made in good faith. The Contract will be limited to the actual services ordered and performed.*

Pricing Instructions: *Prices must be quoted as per the unit of issue stated below. The Units of issue and the Pricing Basis, including FOB Destination pricing, as stated in this document are not to be altered in any way or your proposal will be considered non-compliant. Pricing provided must be all inclusive for the service listed. Pricing will include as a minimum: overhead, profit, direct and indirect labour, equipment, materials and all additional fees applicable to the service being provided. applicable taxes must not be included in the price and shall be shown as a separate item on invoices.*

Additions and Deletions: *Items 3 to 6 will be considered an additional (added) price or a deletion (subtraction) of price where applicable. You can indicate a change to this by adding +\$ or -\$ to indicate that you wish for an alteration.*

Pricing:

All prices are firm, all-inclusive, unit prices in Canadian dollars, FOB Destination, Canadian customs duties and excise taxes included, HST excluded. HST is not included in the unit prices but will be added as a separate item to any invoice issued.

Pricing Periods:

YEAR 1 - 15 October 2020 to 14 October 2021
YEAR 2 – 15 October 2021 to 30 June 2022

Estimated usage is the same for each year

Pricing Basis “A” – Firm Requirement

Serial	Task	Unit of measure	Usage figures	Firm Unit Price Year 1	Firm Unit Price Year 2
1	Snow plowing, ice control, sanding, salting and year-end sweeping for all “Areas to be serviced” in accordance with the Contract and SOW	Per month	6 months annually		

Pricing Basis “B” As and When Requested Services through the use of Task Authorizations

Serial	Task	Unit of measure	Usage figures	Firm Unit Price Year 1	Firm Unit Price Year 2
2	Hauling of snow to include loading and hauling from designated areas utilizing trucks with 20 yard capacity to an approved snow dump site	Per 20 cu yd load	4,000		
3	Addition of plowed areas including ice control, sanding, salting and year-end sweeping, all work to be completed in accordance with standards laid down in the Contract and SOW	m2/month	7,000		
4	Addition of sidewalks, walkways or ramps including ice control, snow removal, salt abrasive application, and year-end sweeping, all work to be completed in accordance with standards laid down in the Contract and SOW	m2/month	500		
5	Deletion of plowed areas including ice control, sanding and salting.	m2/month	1,000		

6	Deletion of sidewalks, walkways or ramps including ice control, sanding and salting.	m2/month	500		
7	Provide D-6 or equivalent minimum capability with operator for snow dump maintenance operations	Hourly	50		
8	Float charge for dozer, includes delivery and pick-up, to be charged once per call-up	Each	10		
9	Provide snow bucket equipped front end loader, with operator for as and when requested service	Hourly	100		
10	Provide 20 yard tandem dump truck, with operator, for as and when requested service	Hourly	100		
11	Provide truck or loader mounted sweeper, with operator, for as and when requested service	Hourly	50		
12	Provide large industrial, heavy duty blower, front end loader mounted (or equivalent) 2 stage, side casting, hydraulic operated telescopic chute, with operator, for as and when requested service	Hourly	100

ANNEX "D"

INSURANCE REQUIREMENT

1. Commercial General Liability Insurance

1. The Contractor must obtain Commercial General Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$2,000,000 per accident or occurrence and in the annual aggregate.
2. The Commercial General Liability policy must include the following:
 - a. Additional Insured: Canada is added as an additional insured, but only with respect to liability arising out of the Contractor's performance of the Contract. The interest of Canada should read as follows: Canada, as represented by Public Works and Government Services Canada.
 - b. Bodily Injury and Property Damage to third parties arising out of the operations of the Contractor.
 - c. Products and Completed Operations: Coverage for bodily injury or property damage arising out of goods or products manufactured, sold, handled, or distributed by the Contractor and/or arising out of operations that have been completed by the Contractor.
 - d. Personal Injury: While not limited to, the coverage must include Violation of Privacy, Libel and Slander, False Arrest, Detention or Imprisonment and Defamation of Character.
 - e. Cross Liability/Separation of Insureds: Without increasing the limit of liability, the policy must protect all insured parties to the full extent of coverage provided. Further, the policy must apply to each Insured in the same manner and to the same extent as if a separate policy had been issued to each.
 - f. Blanket Contractual Liability: The policy must, on a blanket basis or by specific reference to the Contract, extend to assumed liabilities with respect to contractual provisions.
 - g. Employees and, if applicable, Volunteers must be included as Additional Insured.
 - h. Employers' Liability (or confirmation that all employees are covered by Worker's compensation (WSIB) or similar program)
 - i. Broad Form Property Damage including Completed Operations: Expands the Property Damage coverage to include certain losses that would otherwise be excluded by the standard care, custody or control exclusion found in a standard policy.
 - j. Notice of Cancellation: The Insurer will endeavour to provide the Contracting Authority thirty (30) days written notice of policy cancellation.
 - k. If the policy is written on a claims-made basis, coverage must be in place for a period of at least 12 months after the completion or termination of the Contract.
 - l. Owners' or Contractors' Protective Liability: Covers the damages that the Contractor becomes legally obligated to pay arising out of the operations of a subcontractor.
 - m. Non-Owned Automobile Liability - Coverage for suits against the Contractor resulting from the use of hired or non-owned vehicles.
 - n. Sudden and Accidental Pollution Liability (minimum 120 hours): To protect the Contractor for liabilities arising from damages caused by accidental pollution incidents.
 - o. Litigation Rights: Pursuant to subsection 5(d) of the **Department of Justice Act**, S.C. 1993, c. J-2, s.1, if a suit is instituted for or against Canada which the Insurer would, but for this clause, have the right to pursue or defend on behalf of Canada as an Additional Named Insured under the insurance policy, the Insurer must promptly contact the Attorney General of Canada to agree on the legal strategies by sending a letter, by registered mail or by courier, with an acknowledgement of receipt.

For the province of Quebec, send to:

For other provinces and territories, send to:

*Senior General Counsel,
Civil Litigation Section,
Department of Justice
234 Wellington Street, East Tower
Ottawa, Ontario K1A 0H8*

A copy of the letter must be sent to the Contracting Authority. Canada reserves the right to co-defend any action brought against Canada. All expenses incurred by Canada to co-defend such actions will be at Canada's expense. If Canada decides to co-defend any action brought against it, and Canada does not agree to a proposed settlement agreed to by the Contractor's insurer and the plaintiff(s) that would result in the settlement or dismissal of the action against Canada, then Canada will be responsible to the Contractor's insurer for any difference between the proposed settlement amount and the amount finally awarded or paid to the plaintiffs (inclusive of costs and interest) on behalf of Canada.

2. Automobile Liability Insurance:

1. The Contractor must obtain Automobile Liability Insurance, and maintain it in force throughout the duration of the Contract, in an amount usual for a contract of this nature, but for not less than \$2,000,000 per accident or occurrence.
2. The policy must include the following:
 - a. Third Party Liability - \$2,000,000 Minimum Limit per Accident or Occurrence
 - b. Accident Benefits - all jurisdictional statutes
 - c. Uninsured Motorist Protection
 - d. Notice of Cancellation: The Insurer will endeavour to provide the Contracting Authority thirty (30) days written notice of cancellation.
 - e. OPCF/SEF/QEF #3 - Drive Government Automobiles Endorsement

DND 626 TASK AUTHORIZATION FORM

ANNEX "F" to PART 5 OF THE BID SOLICITATION

FEDERAL CONTRACTORS PROGRAM FOR EMPLOYMENT EQUITY – CERTIFICATION

I, the Bidder, by submitting the present information to the Contracting Authority, certify that the information provided is true as of the date indicated below. The certifications provided to Canada are subject to verification at all times. I understand that Canada will declare a bid non-responsive, or will declare a contractor in default, if a certification is found to be untrue, whether during the bid evaluation period or during the contract period. Canada will have the right to ask for additional information to verify the Bidder's certifications. Failure to comply with any request or requirement imposed by Canada may render the bid non-responsive or constitute a default under the Contract.

For further information on the Federal Contractors Program for Employment Equity visit [Employment and Social Development Canada \(ESDC\) – Labour's](#) website.

Date: _____ (YYYY/MM/DD) (If left blank, the date will be deemed to be the bid solicitation closing date.)

Complete both A and B.

A. Check only one of the following:

- ☐ A1. The Bidder certifies having no work force in Canada.
- ☐ A2. The Bidder certifies being a public sector employer.
- ☐ A3. The Bidder certifies being a [federally regulated employer](#) being subject to the [Employment Equity Act](#).
- ☐ A4. The Bidder certifies having a combined work force in Canada of less than 100 permanent full-time and/or permanent part-time employees.

A5. The Bidder has a combined workforce in Canada of 100 or more employees; and

- ☐ A5.1. The Bidder certifies already having a valid and current [Agreement to Implement Employment Equity](#) (AIEE) in place with ESDC-Labour.
- OR
- ☐ A5.2. The Bidder certifies having submitted the [Agreement to Implement Employment Equity \(LAB1168\)](#) to ESDC-Labour. As this is a condition to contract award, proceed to completing the form Agreement to Implement Employment Equity (LAB1168), duly signing it, and transmit it to ESDC-Labour.

B. Check only one of the following:

- ☐ B1. The Bidder is not a Joint Venture.

OR

- ☐ B2. The Bidder is a Joint venture and each member of the Joint Venture must provide the Contracting Authority with a completed annex Federal Contractors Program for Employment Equity - Certification. (Refer to the Joint Venture section of the Standard Instructions)
