KILN DRIED FIREWOOD SPECIFICATIONS

January 2020

PAGE 1 of 3

- 1. Scope of Work:**
- 1.1 Parks Canada is a recognized leader in heritage protection and presentation, proudly and efficiently managing Canada’s National Parks on behalf of Canadians.
- In this regard, this tender for firewood specifies “**Kiln Dried Fire Wood**”. Kiln dried firewood reduces the risk of introducing exotic insects, moulds, fungi, etc. into a National Park of Canada. Kiln dried firewood also reduces the emission of particles of organic gases and hazardous pollutants into the air.
- 1.2 The Contractor must supply all labour, material and equipment necessary to prepare and deliver Kiln Dried Firewood to Fundy National Park of Canada all in accordance with these mandatory specifications.
- 2. Type of Wood:**
- 2.1 Kiln Dried Firewood (to a maximum moisture content of 15%) must be 100 % hardwood species, consisting of Yellow Birch, Maple, Ash or Beech.
- 2.2 Each package of wood must include a firestarter.
- 3. Size of Wood:**
- 3.1 Kiln Dried Firewood pieces must be 38 cm (15") in length, \pm 2.5 cm (1"). Average cross-sectional area of individual pieces must be maximum 65 cm² (10 in²); minimum 20 cm² (3 in²).

FIREWOOD SPECIFICATIONS

January 2020

PAGE 2 of 3

- 4. Packaging:**
- 4.1 Wood must be secured in bundles of 28.3 dm³ (1.00 ft³). Each bundle must contain one firestarter. Bundles must be secured to withstand normal handling without any pieces of firewood falling out of the package. Bundles must be packaged with plastic film or contained in a heavy-duty plastic bag to keep the wood dry. Plastic film, and/or bag container must be recyclable and must not produce toxic or harmful fumes “if” burned by camper. Mesh, Jute and biodegradable bags or wrapping are not acceptable.
- 4.2 Wood bundles must be labelled showing detailed product identity, dealer identity and the volume. Labels must be securely fastened and of a type that will withstand normal handling of the bundles. Labels must also conform to Industry Canada regulations for pre-packed firewood.
- 5. Delivery Locations:**
- 5.1 Firewood must be delivered to the wood storage building in the Headquarters Maintenance Compound
- 6. Delivery Conditions:**
- 6.1 **All deliveries** must be made to the Headquarters Maintenance Compound wood storage building. The bulk of deliveries must be made during the peak operating period of June 30 to August 31 as required **with 14 calendar days’ notice from a Park representative**. Parks Canada will be responsible for proper unloading and storage in the Park wood storage building. All “packaged bundles” of firewood must be delivered in an **enclosed trailer**, on pallets of a maximum of 72 - one (1) cubic feet bags, shrink wrapped on the pallets. The enclosed trailer must have a pallet jack for the driver to move the pallets to the end of the trailer for offloading by parks Canada personnel. Parks Canada personnel will use a Front End Loader to transfer the pallets from the truck into the wood storage building. At each delivery, a designated park representative will ensure quality control of firewood, as well as, a verification count. Delivery must be made between the hours of 10:00 a.m. and 3:00 p.m. Contractor must call a park representative at least 24 hours in advance of each delivery and make arrangements for acceptance of delivery. Contractor must provide a delivery slip (shipping bill) for each delivery that must be signed (accepted) by a Park representative at the time of delivery.

FUNDY NATIONAL PARK OF CANADA

FIREWOOD SPECIFICATIONS

January 2020

PAGE 3 of 3

7. Quantity:

7.1 Depending on the weather during camping season, the Park intends to purchase:

Year 1 - 20,000 bundles

Year 2 - 25,000 bundles (if option to extend is exercised)

Year 3 - 25,000 bundles (if option to extend is exercised)

The Park guarantees the contractor to purchase:

Year 1 - a minimum of 10,000 bundles

Year 2 - a minimum of 15,000 bundles (if option to extend is exercised)

Year 3 - a minimum of 15,000 bundles (if option to extend is exercised)

**8. Standing
Orders/Regulations:**

8.1 The Contractor and persons in the employ of the Contractor must become familiar with and observe at all times standing orders and/or regulations in force at the Park.

8.2 It is be the responsibility of the Contractor to purchase permits and licenses necessary to carry out this contract.

8.3 The Contractor must provide proof of comprehensive general liability insurance with a minimum of \$1,000,000 coverage.
