

Annex E: Lester B. Pearson Rehabilitation Project

LEED Requirements

LEED Requirements & Waste Management

1. Manufacturer is required to provide third-party documentation required by LEED v. 4.1 to illustrate that all product has been tested in accordance with ANSI/BIFMA Standard Method M7.1–2011 (R2016) and complies with ANSI/BIFMA e3-2014e Furniture Sustainability Standard.
2. This Subcontractor is responsible for the removal of all furniture packaging and wrapping materials from site. As the Construction Manager is aiming for a 95% diversion ratio of waste materials, this Subcontractor is responsible for properly separating and diverting this material from site. This Subcontractor shall provide the Construction Manager with all required paperwork so they can accurately track and include the diverted materials in their waste audit. This includes, but is not limited to, the following; disposal way bills and waste summary sheet, which clearly indicate the weight of each material being diverted, as well as letters from each waste receiving facility describing how the materials are recycled.
