### **Amendment no. 1**

This amendment is raised in order to:

1. Answer supplier question

#### **1. Question and Answer**

**Question #1:** For each fish feed table and each feed form in each table, bidders must provide the following information for each feed table they wish to be considered as part of their bid: the product name and/or number; feed size, feed form, the product manufacturer; a list of the product's ingredients in order of their respective weights within the feed (i.e., from most to least) and the guaranteed analysis for each feed (e.g., percent crude protein, crude fat, crude fiber, vitamins, etc.) This information is required to confirm the proposed feeds meet the technical requirements for the applicable feed table in Annex A - Requirement."

**Answer #1:** : For each fish feed proposed for each fish feed table the bidder will need to provide a guaranteed feed analysis that includes the feeds percent crude protein and percent crude fat (or total protein and total lipid content), as this information is needed to determine if each of the feeds meets the requirements of *Annex "A" – Requirement*. The other items that were listed were included as examples of what might be included in a product's guaranteed analysis and are not required to determine whether a feed meets the technical requirements.

**ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.**
