

GENERAL NOTES
This drawing and all fittings are produced by copyright and written consent of Casola Koppe Architects Ltd. Their drawings are not to be used for any other project without their written consent. All dimensions are in millimeters unless otherwise specified. Contractors must verify all dimensions, including those shown on drawings, before construction. Any discrepancies are to be resolved by the contractor. This drawing is for informational purposes only and does not constitute a contract. The contractor is responsible for all work. This includes dry-fit and coordination.
