Amendment 001 is raised for the following:

Question 1: We are reviewing the tender for Alder Point Wharf Electrical Upgrade, EB144-202383/A, and have noted that there is an extremely tight time frame for construction on this project. With only an approximate time frame of two weeks to complete the project, it would take two weeks to construct the building alone. Consideration also has to be taken for the time of year for excavation and site works, as well as weather conditions. Light fixture deliveries could take up to two months. We are requesting your consideration for an extension to the project completion date.

Answer 1: An extension to the project completion date is granted. The Work must now be completed by 30 June, 2020.

Refer to Invitation to Tender – BID AND ACCEPTANCE FORM (BA)

BA06 CONSTRUCTION TIME: DELETE IN ITS ENTIRETY

INSERT:

BA06 CONSTRUCTION TIME

The Contractor must perform and complete the Work by 30 June, 2020.

Refer to Specification:

01 10 10 General Instructions - 3.1 - Work Schedule and Completion Dates: DELETE IN ITS ENTIRETY

INSERT:

3 Work Schedule and Completion Dates

.1 Work is to be completed no later than **30 June, 2020**. On-site work at the wharf cannot be carried out during the time period **1 May, 2020 to 16 May, 2020** due to the fishers preparing for Lobster season. Prior to and after that time period, the wharf will be a multi-use site and contractor should reference Section 01 10 10 5 Contractor's Use Of Site of the Specification for site work activities.

All other terms and conditions remain the same
