Solicitation Amendment #01

1. This amendment is raised to respond to the following industry questions:

Q1. Will you accept a single, radial adjustable machining arm that still meets the working range and max swing radius requirements but with one arm?

R1. Accepted with proof that it meets the minimum 5.7" machining range.

Q2. Will you accept a 2.1hp pneumatic drive motor?

R2. Accepted with proof that it meets all of the machining capabilities with this smaller drive motor.

Q3. Will you accept 6 preset radial feed rates?

R3. No, the feed rates must be an adjustable range.

Q4. Will you accept 3 preset boring feed rates?

R4. No, the rates must be an adjustable range.

Q5. Will you accept 3 varying size mounting chucks to better cover the range than one?

R5. Accepted if the 3 varying sizes offered capability equal or above the chuck specified, and was still able to meet the other requirements of the chuck.

All other terms and conditions remain unchanged.
