1. QUESTIONS AND ANSWERS

QUESTION 1	In Addendum 2, Answer 2, DFATD clarifies that the value stated in R2 is the portion of the proposed budget that was allocated to deployment of experts. Conceivably, one could have a project that started six months or a year ago with a large Technical Assistance pool but it may not have deployed any experts at all. Can you please confirm that the bidder should be required to demonstrate that they have deployed CAD \$1,000,000 worth of technical experts by the RFP closing date?
ANSWER 1	DFATD has looked at this requirement R2 and will consider Projects where the Bidder has managed a deployment budget of at least CAD \$750,000 by the RFP closing date. Please see section 2 of this Addendum for changes to the RFP.
QUESTION 2	For R2, can you please confirm that demonstrating deployment of experts needs to come out of a fund and not just experts deployed to provide technical assistance as part of an overall workplan?
