Title: International Environmental Support Services

Solicitation Number: 18-142656-BH

The following Questions & Answers is in link with the Request for Proposal document mentioned above.

Questions & Answers # 2

Q5. Section PR1 Work Plan of the Point-Rated Technical Criteria asks for bidder's to provide a proposal response to the depicted scenario of a "Energy and Water Audit Task Authorization".

The scope for the environmental services contract as listed on page 43 Appendix A – Statement of Work, doesn't seem to include Energy and Water Audits.

Can you please confirm that the scenario should be an "Energy and Water Audit"?

A5. The scenario presented in section PR1. Work Plan is as described, for an energy and water audit. This is representative of the type of work that may be required under RS 5 Environmental Expert – Support Services.

All other conditions and requirements remain unchanged
