B. QUESTIONS AND ANSWERS

Question 1	Following the request for proposals launched by DFATD for the mid-term evaluation of the Better Education through Teacher Training and Empowerment Results in Mozambique (BETTER) - 2020-7412428-1 project, I hereby request the forms in word format to fill in the technical and financial proposal
Answer 1	The documents will be added on Buy&Sell.
Question 2	<p>The team leader should preferably demonstrate experience as team leader for two education evaluation assignments in Mozambique (after 2010 as per the RFP amendments), which must have been conducted in a developing country and in the field of international development.</p> <p>What the RFP requires: a team leader must be specialized in evaluation (400 days...); specialized in education (2 mandates in education project evaluation) in Mozambique (10 points if the projects are done there) may be too focused (and very rare).</p> <p>Could the mandates have been conducted in international development in a developing country, but in a different field since SDC requires an evaluation specialist who is often a generalist (400 days of evaluation mandate) and will be accompanied by a senior education expert (as well as another senior gender expert)? My question really relates to the thematic qualification of the team leader: whether the team really has to be in education to get all the points.</p>
Answer 2	This is not a mandatory criteria . Sectoral experience is being evaluated under criteria 2.3 for a total of 5 points per mandate.
Question 3	Will the RFP submission date be extended due to the COVID-19 crisis?
Answer 3	Yes, see amendment 1 above

C. ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED.
