GoCUID Rule:

RULE: The IU must identify the GoCUID by using separate line items within the table 1. Each product GoCUID code will be evaluated separately and multiple contracts may be awarded from one solicitation.

Added Features Rule: Allows Identified Users (IUs) the opportunity to enhance a chair's features. Added features are applicable to pre-qualified product only, which provide a non-structural enhancement. Any added feature must have generic specifications.

It is the responsibility of the IU to justify any added feature in a RFB. Justification should be on file in order to defend any complaints during the procurement process. Each added feature must be added by the IU in the bid solicitation (RFB or RFP). Examples include, but are not limited to, finishes, casters (i.e. chrome casters), and upholstery upgrades.

Non-Supply Arrangement (NSA) Rule – Allows Identified Users (IUs) the opportunity to purchase up to 30% NSA chairs of the total combined quantity of chairs. NSA chairs are chairs that do not form part of Annex B Product and Price catalogue of the Supply Arrangement.

NSA chairs must have generic technical specifications and dimensions, and must include tolerances and ranges. Each NSA chair must be added by the IU in the bid solicitation (RFB or RFP). Examples of NSA chairs include, but are not limited to, rotary task stools or intensive use chairs.

An example of 30% of the total combined quantity could be:

- 100 quantity of the Rotary Office Seating (category)
- 50 quantity of the Rotary Conference (category),
- Therefore: up to 45 NSA chairs could be procured within the same solicitation.

Should IUs require assistance or review of their NSA specifications, IU's can send an email including their specifications to TPSGC.PARCNAmobilier-APNCRFurniture.PWGSC@tpsgc-pwgsc.gc.ca for review by the Office Seating Technical Authority prior to solicitation. All NSA chairs are required to meet the associated ANSI/BIFMA testing for Office Seating. Generic Specifications are also found on the Office Seating Website.
