1 SECTION 1 GENERAL INFORMATION

1.1 Overview of Section 1

The purpose of this section is to provide general information about Canada Mortgage and Housing Corporation (CMHC) and this Request for Proposal (RFP). All capitalized terms in this document have the meaning ascribed to them within the RFP document, the draft agreement, or in certain cases, are terms that are in common use at CMHC.

1.2 Introduction and Scope

CMHC wishes to enter into an **Agreement** with a vendor (hereafter referred to as the “proponent(s)”) to establish a supply, services, and professional services agreement for audiovisual equipment. Further details can be found in Section 3 (Statement of Work).

This Agreement will have an initial term of up to three (3) years, with the potential to renew for two (2) subsequent one-year renewals, not to exceed a cumulative total of five (5) years.

CMHC shall not be limited to ordering equipment models as originally proposed in the proponent’s response, but shall have the option of acquiring any other models available at the time of requirements determination and acquisition from the selected proponent.

By issuing this RFP and accepting proposals, CMHC assumes the obligation of conducting the process in a fair and transparent manner.

The lowest cost or any proposal will not necessarily be accepted, and the CMHC reserves the right to accept or reject any proposal or any portion of a proposal. CMHC reserves the right to cancel any tender, or any resulting Agreement, or part thereof, should the requirements be impacted by any ongoing or future review or restructuring of CMHC programs or operations.

CMHC has no obligation to procure any services or to compensate any proponent for work done other than as may be set out in a written contract with that proponent. CMHC, at its sole and absolute discretion, may cancel this RFP at any stage until a written contract is signed by CMHC and a selected proponent.

1.3 CMHC Background

CMHC is the Government of Canada’s National Housing Agency, with a mandate to help Canadians gain access to a wide choice of quality, affordable homes. It is a Crown corporation with a Board of Directors reporting to Parliament through the Minister of Families, Children and Social Development, the Honourable Ahmed Hussen.

CMHC has approximately 2,000 employees located in Ottawa, and five business centres throughout Canada: Atlantic, Quebec, Ontario, British Columbia, and Prairies & Territories.

1.4 Purpose of Request for Proposal

CMHC uses a Request for Proposal (RFP) to describe its requirements, ask suppliers for their proposed solutions, describe the criteria, which will be used in evaluating proposals and selecting a lead proponent, and outline the terms and conditions under which the successful proponent will operate or supply goods and/or services. By submitting a proposal, proponents agree to be bound by the terms of this RFP, and the terms of the proposal that they submit.

In this RFP process, proposals and proponents are evaluated in terms of ability to satisfy the stated requirements, while providing “Best Value” to CMHC with respect to its requirements.

1.5 Service Providers Database

The policy pertaining to the selection of suppliers is based on the principle that all suppliers must be treated fairly and equally. Suppliers are defined as an individual or firm that could provide, or has provided, goods or services or construction under contract

CMHC utilizes the Supplier Information (SI) database, maintained by **Business Access Canada** as the official CMHC source list. All proponents **must** be registered with **Business Access Canada** prior to submitting a proposal. The Procurement Business Number (PBN) provided by **Business Access Canada** must be included with your proposal. If you are not registered, and you wish to do so, you may access **Business Access Canada** (<https://buyandsell.gc.ca/>), or you may call their Information Line at 1-800-811-1148. Present Suppliers not registered with Business Access Canada are required to self-register on the SI via the Business Access Canada Web site.

1.6 Schedule of Events

The following schedule summarizes significant target dates for the RFP process. These dates are objectives only and may be changed by CMHC at its sole discretion. They shall not be considered terms or conditions under which the RFP will be conducted.

Month	Day / Year	Activity
March	02, 2020	Request for Proposal issued
March April	20 22, 2020	Questions Deadline
March April	27 29, 2020	Submission Deadline
April May	10 08, 2020	Evaluation and Selection of lead proponent
April May	2020	Agreement award and finalization with lead proponent
April May	2020	Announcement of successful proponent
<u>May</u> June	2020	As requested, debriefing to unsuccessful proponents

1.7 Mandatory Requirements

Throughout this RFP, certain requirements are identified as mandatory. Compliance with mandatory requirements will be assessed by CMHC in its sole discretion.

A mandatory requirement is defined as:

- a minimum standard that a proposal must meet in order to be considered for further evaluation;
- a requirement that must be met in order for the proponent to substantially comply with the requirements of the RFP; and
- a term that must be included in any Agreement that results from the RFP

Proponents must supply a response of: “Compliant” or “Non-Compliant,” for each mandatory requirement in this RFP and must also substantiate the compliance with a statement or reference to the attached documentation.

An example of a compliant response to a mandatory requirement is as follows:

Requirement	Response	Response Details
Section 3.6.9 All electrical equipment supplied by the proponent must be certified by the Canadian Standards Association in accordance with the requirements of the Canadian Electrical Code, Part 1, or approved for use by the Electrical Inspection authority of the province wherein the equipment will be used.	Compliant	Refer to attached technical manual page xx

Mandatory requirements are identified in:

- Section 2 Submission Instructions
- Section 3 Statement of Work
- Section 4 Proposal Requirements
- Section 6 Proposed Agreement, and
- Appendix A The Certificate of Submission.

Caution: Proposals which fail, in the reasonable discretion of CMHC, to meet any mandatory requirement will be eliminated from further consideration in the evaluation process.

Notwithstanding the foregoing, CMHC reserves the right to waive or revise any mandatory requirement(s) during the RFP process if a waiver or revision is necessary to meet CMHC's intent in issuing the RFP, or to ensure that CMHC receives the best value from the process. In the event that CMHC elects to waive a mandatory requirement(s), all proponents will be advised of the change in requirements and provided with an opportunity to revise their proposals as noted in section 2.4.

This clause should be interpreted solely for the benefit of CMHC and not for the benefit of the proponents.

1.8 Proponent Feedback

CMHC aims to continuously improve its bid documents and procedures. CMHC welcomes input regarding proponent experience in responding to its RFPs, whether it be positive or negative. As CMHC does not wish to be perceived as influenced by such feedback in the award decision, proponents are requested to submit their feedback after an Agreement has been executed or the RFP process has been terminated.

Proponents wishing to provide feedback may submit comments labeled as ***Proponent Feedback RFP # 000140*** to the name and address provided in Section 2.4.

Any proponent who notes a material flaw in the RFP that could prevent the process from being conducted in a fair and objective manner, or that could prevent CMHC from receiving the best value from the process, is asked to report the flaw to CMHC as soon as possible, using the inquiry process specified in Section 2.4

1.9 Direct Deposit and Income Tax Reporting Requirement

All payments and transfers of funds under any resulting contract will be made by means of Electronic Funds Transfer ("EFT") direct deposit unless an exception is requested in the proposal and is approved prior to execution of a contract.

As a federal Crown Corporation, CMHC is obliged under the *Income Tax Act* and its associated regulations to report payments to suppliers of goods and/or services by using a T1204 supplementary slip. Proponents are therefore required to provide the necessary information, including the proponent's social insurance number and/or corporate identification number, with their proposals in order to allow CMHC to complete the T1204 supplementary slip. The lead proponent will be required to complete and sign a Vendor Information Form (CMHC/SCHL 68964) prior to the commencement of the term of any resulting agreement. Throughout the term, the proponent will be required to ensure that the information provided remains accurate and up to date. The proponent assumes full responsibility for and indemnifies CMHC from and against any errors in payments or tax reporting that arise because the information supplied is inaccurate or out of date.

2 SECTION 2 SUBMISSION INSTRUCTIONS

2.1 Overview of Section 2

The purpose of Section 2 is to inform the proponent about CMHC's procedures and rules pertaining to this RFP process.

All Proponents are advised that CMHC has provided a Mandatory Compliance Checklist as Appendix C to the RFP. The Checklist is provided for the benefit of proponents prior to the submission of their proposals, to help them ensure that they have complied with all mandatory requirements. Non-compliance with a mandatory requirement will result in the proposal being eliminated from further consideration, as described in Section 1.7 above.

2.2 Certificate of Submission

MANDATORY

The Certificate of Submission, attached as Appendix A, summarizes some of the mandatory requirements set out in the RFP. It is a mandatory requirement that a proposal includes an un-alerted Certificate of Submission (or an accurate reproduction) signed by the proponent. Refer to Section 1.7 Mandatory Requirements.

Should a proponent not include the signed Certificate of Submission with its proposal, the proponent will be notified by CMHC and will have 48 hours from the time of notification to meet this requirement. A signed copy of the Certificate of Submission must also be included for each participating company in the event of a joint venture proposal.

2.3 Delivery Instructions and Deadline (by EBID)

Timely and correct delivery of proposals to the exact specified proposal delivery address is the sole responsibility of the proponent. All risks and consequences of a failure to deliver a proposal to CMHC are borne by the proponent. CMHC will not assume or have transferred to it those risks or responsibilities under any circumstances.

The time of delivery for the purposes of this section is deemed to be the time recorded by CMHC's computer servers receive the proposal, not the time the proposal was sent by the proponent.

***Please be advised that EBID has a size limitation of 10 MB. It is advisable and recommended that proponents submit larger proposals in multiple smaller files.**

Upon receipt of proposals, an automated confirmation will be issued by EBID to the sender's e-mail address. It is strongly recommended that proponents follow up with the inquiries person named in Section 2.4 should they not receive said confirmation within 30 minutes of submission.

***Please be advised that electronic transmissions may not necessarily be immediate and can experience lengthy delivery delays. Proponents should ensure that sufficient delivery time is allowed, as they assume the risk of delays in transmission and receipt.**

Address for Delivery

Proposals, including all supporting documentation, are to be sent electronically to the following e-mail address:

EBID@cmhc-schl.gc.ca

The subject line of the transmission must state: RFX000140 AV Equipment

Submissions sent to any other e-mail address will not be considered.

Format

Proposals may be submitted in MS Word or Adobe Acrobat PDF and MS Excel in English or French. Please note CMHC requires an unprotected version of the submission to handle the information.

Rich Text formatted or Compressed (Zipped) documents cannot be opened by CMHC and will not be considered.

Proposal Opening and Verification Period

All EBID proposals received on or before the closing date and time specified in this RFP will be opened after the closing date and time. If at that time, CMHC is unable to open a proposal, the proponent will be so advised and provided an opportunity to resubmit a version that can be opened within two (2) hours of notification.

2.3.1 Submission Deadline

MANDATORY

Your proposal must be received at the exact location as specified above, on or before the submission deadline set as:

2:00 p.m. local Ottawa time, on ~~March 27~~ April 29, 2020

Proposals arriving late will be automatically rejected, and the sender will be so notified by e-mail.

Remainder of page blank.

2.4 Inquiries

All questions regarding this RFP must be sent by e-mail or facsimile to the following contact person:

William Finnagan
Senior Officer, Procurement,
Information Technology Contracts,
ProcurementSourcing_Sourcesd'approvisionnement@cmhc-schl.gc.ca
Telephone: 613 748-2518

Changes to this RFP document will only be effective if issued by CMHC in writing, as described below. Proponents are therefore strongly cautioned to request that all clarification, direction, and changes be provided in writing, as information given orally by any person within CMHC shall not be binding upon CMHC.

All written questions submitted, which in the opinion of CMHC raise an issue that has the potential to affect all proponents, will be answered by CMHC in writing and distributed to all proponents by e-mail, or GETS. The identity of the proponent making the inquiry will not be included in the response. Any questions of a proprietary nature must be clearly marked as such.

In the event that it becomes necessary to revise any part of the RFP as a result of any inquiry or for any other reason, an addendum to this RFP will be provided to proponents by e-mail or GETS.

CMHC has no obligation to respond to any inquiry and will determine, at its sole discretion, whether it will respond to inquiries that are submitted. CMHC cannot guarantee a reply to inquiries received less than **seven calendar days** prior to the closing date.

2.5 Communication

During proposal evaluations, CMHC reserves the right to contact or meet with any individual proponent in order to obtain clarification of its submission, including clarification of the scope of services offered. Any such communication is limited to clarification purposes only, and proponents will not be allowed to revise their proposal during this process.

2.6 Proponent Contact

The proponent shall name a person in their proposal to act as a primary contact for CMHC during the evaluation period. A secondary contact should also be provided for backup purposes.

2.7 Offering Period

MANDATORY

It is a deemed condition of every proposal that the terms of the proposal, including all terms relating to pricing, shall remain valid and binding on the proponent until such time as an Agreement is negotiated and executed.

2.8 Changes to Proposals

Changes to a proposal are permitted, provided that they are received as an addendum to, or clarification of, a previously submitted proposal, or as a new proposal that replaces and supersedes the proposal that was previously submitted.

Any addendum, clarification, or new proposal must be submitted as per the delivery instructions outlined in Section 2.3, be clearly marked **"REVISION,"** and be received no later than the submission deadline. Where the new proposal is intended to replace all or part of an earlier proposal, it must be accompanied by a clear statement specifying the sections of the earlier proposal that are replaced by the new proposal.

2.9 Multiple Proposals

Proponents interested in submitting more than one proposal for consideration may do so, provided that each proposal independently complies with the instructions, terms and conditions of this RFP.

2.10 Acceptable Alternative

An alternative to any portion of a proposal may be submitted as an addendum to a proposal.

Where the alternative proposal relates to a mandatory requirement, the alternative must meet that requirement.

2.11 No Liability

While CMHC has made considerable efforts to ensure that the information in this RFP is accurate and complete, it is possible that errors may exist. The information is not guaranteed or warranted to be accurate by CMHC, nor is it necessarily comprehensive or exhaustive. CMHC will have no liability of any kind to proponents for losses or damages arising from any errors that may be found in the RFP, regardless of how the errors are caused. Proponents remain obliged to make their own investigation of relevant information and to form their own opinions and conclusions as experts in the industry in respect of the matters addressed in this RFP.

By submitting a proposal, proponents waive any claim or cause of action that they may have against CMHC or its representatives as a result of the conduct of this RFP process or any resulting contract award, except insofar as they have proof of wilful misconduct on the part of CMHC or its representatives. Proponents agree that they will not bring a court action or institute any other

proceedings against CMHC for damages arising from the conduct of this RFP or any resulting contract award. This section is intended to be a complete waiver of the proponent's right to claim damages subject to the limited exception noted above.

2.12 Verification of Proposals

The proponent authorizes CMHC to conduct such investigation, as it deems appropriate to verify the contents of the proponent's proposal.

2.13 Ownership of Responses

All proposals and related materials become the property of CMHC upon submission, and CMHC shall have all intellectual property rights in those proposals and materials. Proposals and related materials will not be returned to proponents. Proponents are not entitled to any compensation for any work-related to or materials supplied in the preparation of their proposals.

The proponent warrants that the proponent possesses all rights necessary to satisfy this requirement. The proponent hereby certifies that it has waived or has obtained a waiver in favour of CMHC of, all moral rights in the proposal and related materials, and hereby assigns all rights in the material, as provided for in the law of copyright. The proponent agrees to execute any document requested by CMHC, acknowledging CMHC's ownership of the material and the waiver of moral rights therein.

All information regarding the terms and conditions, financial and/or technical aspects of the proponent's proposal, which are of a proprietary or confidential nature, must be clearly marked "**PROPRIETARY**" or "**CONFIDENTIAL.**" Proprietary and confidential markings shall be included beside **each item or at the top of each page containing information that the proponent wishes to protect from disclosure.**

CMHC will take steps to protect proponents' documents and information so marked from disclosure. Notwithstanding the foregoing, CMHC shall have no liability of any kind to proponents based on the inadvertent or unintentional disclosure of proprietary information.

Proponents are further advised that as a Crown corporation, CMHC is subject to the federal legislation with respect to access to information and privacy. In certain specific circumstances, information submitted to CMHC by third parties may be required to be disclosed pursuant to federal legislation. In such cases, to the extent reasonably possible, CMHC will make efforts to advise the proponent of the required disclosure prior to releasing the information.

2.14 Proprietary Information

Information about CMHC that is contained in this RFP document is to be considered proprietary information of CMHC. It is made available for the sole purpose of providing proponents with sufficient information to prepare responses to the RFP. Proponents and other readers of this document may not make any other use of the information contained in the RFP.

2.15 Corporation Identification

Proponents agree that they will not make any use whatsoever of CMHC's name, logo or other official marks without the express written consent of CMHC.

2.16 Declaration with respect to Gratuities

By submitting a proposal, the proponent certifies that no representative of the proponent or any individual or entity associated with the proponent has offered or given a gratuity (e.g. an entertainment or gift) or other benefit to any CMHC employee, Board member or Governor-in-Council appointee.

2.17 Conflict of Interest

MANDATORY

- (a) The proponent and its principals, employees, and agents shall avoid any real, potential or apparent conflict of interest during the RFP process, and upon becoming aware of a real, potential or apparent conflict, shall immediately declare the conflict to CMHC. The proponent shall then, upon the direction of CMHC, take steps to eliminate the conflict, potential conflict, or perception that a conflict of interest exists.
- (b) The successful proponent must not provide any services to any third party in circumstances that might reasonably give rise to a conflict of interest between the proponent's duties to that third party and the proponent's duties to CMHC.
- (c) In the event that a conflict of interest, real, potential, or perceived, cannot be resolved to the satisfaction of CMHC, CMHC shall have the right to immediately eliminate the proponent from consideration under the RFP or to terminate the resulting agreement. Upon such elimination or termination, CMHC shall have no obligation of any nature or kind to the proponent.
- (d) Any former public office holder must be in compliance with the post-employment provisions of the Conflict of Interest and Post-Employment Code for Public Office Holders (2012) in order to derive a direct benefit from any contract which may arise from this request for proposal.

2.18 Declaration with respect to Bid Rigging and Collusion

By submitting its proposal, the proponent certifies that:

- (a) prices, as submitted in its proposal, have been arrived at independently from those of any other proponent;
- (b) the prices as submitted have not been knowingly disclosed by the proponent, and will not knowingly be disclosed by the proponent prior to award, directly or indirectly, to any other proponent or competitor; and

- (c) no attempt has been made, nor will be made, to induce any other person to submit, or not to submit, a proposal, for the purpose of restricting competition.

2.19 Security Clearance

CMHC requires employees of the selected proponent to be security cleared in order to permit them access to CMHC premises when and if required. This process normally takes approximately five (5) working days but may take longer, depending on the circumstances.

The proponent or its employees will require an escort by a CMHC employee at all times when accessing CMHC premises and devices. Access will not be granted to CMHC information and systems or any confidential information. Where the required security clearance is not granted to an individual, CMHC will have the right to exclude that individual from performing the services outlined in this RFP. The failure of an individual to obtain security clearance shall not relieve the successful proponent from any of its obligations under this RFP and any resulting agreement.

2.20 Shortlist

The evaluation procedure may include the development of a shortlist of the highest-ranked proponents in order that CMHC can gather additional information and conduct further evaluation of the proposals. The evaluation of shortlisted proposals will be based on the criteria outlined in *Section 3 Statement of Work*, of the RFP. Shortlisted proponents may be asked to prepare a presentation, supply demonstration equipment and/or provide additional information prior to the final selection. CMHC reserves the right to supply additional information to those bidders who are shortlisted for the purpose of evaluating their proposals.

2.21 Joint Venture Responses

Joint venture proposals should adequately represent and communicate the proposed roles and responsibilities of each party participating in the joint venture and must provide a detailed description of the proposed joint venture business arrangement. The description must, at a minimum, list the companies involved, indicate how long the business arrangement has been (or will be) in existence, outline the goods or service(s) that each respective party would be providing, and describe the proposed roles and responsibilities of each party.

The proponent shall designate one of the entities participating in the joint venture as the contact person for the purpose of this RFP process. All communications between the proponent and CMHC will be directed through the contact person.

Joint venture responses must be accompanied by a signed Certification of Submission from each participating entity. Refer to Section 2.2.

2.22 Non-Disclosure of CMHC Information

Under this section, "CMHC Information" refers to any and all information of a confidential nature, including all personal information, which is managed, accessed, collected, used, disclosed, retained, received, created or disposed of by CMHC in order to complete this RFP process and to fulfill the requirements of any resulting agreement. Without limiting the generality of the foregoing, CMHC Information includes information held in any format and information provided directly, indirectly to the proponent.

The proponent understands and agrees to treat all CMHC Information as proprietary, confidential and sensitive, unless otherwise specifically agreed to in writing by CMHC. The proponent agrees to restrict access to CMHC Information to those persons who have a need to know this information in order to prepare the proponent's response to this RFP or perform the work or services under any resulting agreement.

The proponent further acknowledges and understands that all CMHC Information is subject to Canadian laws on privacy and access to information under which CMHC is bound and that CMHC considers CMHC information to be under its custody and control at all times.

Information is to remain in Canada

The proponent shall ensure that CMHC Information remains in Canada and expressly agrees to segregate CMHC Information (whether in electronic format or in hard copy) from any other information by electronic or physical means. Without limiting the generality of the foregoing, the proponent shall not and shall ensure that any subcontractor, reseller, agent or any other person engaged to perform any part of the work or services does not release, share or otherwise divulge CMHC Information to any other person including subsidiaries, branch offices, partners or subcontractors of the proponent without the prior written consent of CMHC.

3 SECTION 3 STATEMENT OF WORK

3.1 Overview of Section 3

This section of the RFP is intended to provide the proponent with the information necessary to develop a responsive proposal. The Statement of Work is a complete description of the tasks to be done, results to be achieved and/or the goods to be supplied.

Proponent responses must follow the same numbering format as this section and the related Appendices. Proponents are required to provide detailed responses to each of the items in this section. The format for responses is at the discretion of the proponent.

3.2 Mandatory Requirements

A Mandatory requirement (M) is a minimum standard that a proposal must meet in order to be considered for further evaluation. Any mandatory requirements associated with the Statement of Work are clearly identified in Section 3 with a (M) beside the require name and number.

The Mandatory Compliance Checklist is located in Appendix C (7.3).

3.3 Rated Requirements

A rated requirement is defined as a desired function, capability, or feature of the proposed solution that is not mandatory. Rated requirements are based on a points system of 1 to 10 points, as well as a base weight between 2 and 80 per requirement. Rated requirements that are considered more important will be given a higher overall weight. Points are calculated for each rated requirement by multiplying the points given by the weight.

Subsections identified as Rated (R) will be assigned a score as per Section 5.4 – Evaluation Methodology.

3.4 Informational Requirements

Sub-sections identified as Information (I) are for information purposes only and may not require a response.

3.5 Introduction and Scope:

5 SECTION 5 EVALUATION AND SELECTION

5.1 Overview of Section 5

Section 5 describes the process CMHC will use to evaluate proposals, select a lead proponent and finalize, and sign an agreement.

The lowest cost or any proposal will not necessarily be accepted and CMHC reserves the right to accept or reject any or all proposals in whole or in part.

CMHC reserves the right to alter the stated requirements as needs require and to accept an alternate proposal included in any proponent's response.

As per section 2.11, by submitting a proposal, proponents agree to relinquish and expressly waive all causes of action, claims, complaints or demands that they may have against CMHC arising out of its evaluation of proposals, the alteration of any terms and conditions, the failure to evaluate any proposal, the failure to sign an agreement with a proponent.

5.2 Limitation of Damages

The proponent, by submitting a proposal and subject to section 2.11, agrees that under no circumstances will it claim damages in excess of an amount equivalent to the reasonable costs incurred by the proponent in preparing its proposal. The proponent waives any claim for loss of profits or other indirect or special damages.

5.3 Evaluation Table

The Evaluation Table, as provided in Appendix "B" lists the criteria upon which each proposal will be evaluated. The criteria are based on the requirements as provided in this RFP.

5.4 Evaluation Methodology

Each proposal will be examined to determine compliance with each mandatory requirement identified in this RFP. A proposal must comply with all of the mandatory requirements in order to proceed in the evaluation process. A proposal that is deemed by CMHC to be non-compliant in one or more mandatory requirements will be eliminated from further consideration. A proposal that meets all the mandatory requirements will be deemed compliant and will proceed in the evaluation process.

Each compliant proposal will first be individually evaluated by each member of the Evaluation Committee that is formed by CMHC for this purpose. Evaluators will evaluate each proposal in accordance with the evaluation criteria, as shown in the Evaluation Table, Appendix B. Once individual evaluations are complete, the Evaluation Committee members will discuss their scores and agree upon a final score for each proposal.

A proposal must meet the minimum upset score 822 to remain in the evaluation process.

Each compliant proposal that meets the minimum upset scores shall then be award **pricing** points relative to the 'best price' submitted. Proponents will be awarded points as a percentage of the best cost submitted on a compliant proposal:

$$\text{Formula: } 1 - \frac{(\text{VP} - \text{BP})}{\text{VP}}$$

Where: **VP is the Vendor Price**
BP is the Best Price

Example 1: Vendor Price: \$1,000.00
Best Price: \$1,000.00

$$\text{Formula: } 1 - \frac{(1,000 - 1000)}{1,000} = 1 - 0 = 1 = 100\% \text{ of allocated points}$$

Example 2: Vendor Price: \$2,000.00
Best Price: \$1,000.00

$$\text{Formula: } 1 - \frac{(2,000 - 1000)}{2,000} = 1 - \frac{1000}{2,000} = 1 - .5 = 50\% \text{ of allocated points}$$

A lead proponent will be identified based on the Committee's evaluation.

5.5 Financial Evaluation

Once a lead proponent is identified, CMHC may carry out a credit check and/or a financial capacity on the lead proponent. The financial evaluation will be based on the information that is requested as per Section 4.8.1 of this RFP.

The financial evaluation is a pass/fail evaluation to determine whether the lead proponent has the financial capacity required to provide CMHC with reasonable assurance that it will be able to meet its obligations if it enters into an agreement with CMHC. If the lead proponent passes the financial evaluation, CMHC is then in a position to begin contract negotiations. If the lead proponent fails the evaluation, it is disqualified from further consideration.

5.6 Proponent Selection

Acceptance of a proposal does not obligate CMHC to incorporate any or all of the accepted proposal into a contractual agreement but rather demonstrates a willingness on the part of CMHC to enter into negotiations for the purpose of arriving at a satisfactory contractual arrangement with one or more parties.

Without changing the intent of this RFP or the lead proponent's proposal, CMHC will enter into discussions with the lead proponent for the purpose of finalizing the contract. If at any time CMHC decides that the lead proponent cannot satisfy CMHC's requirements, CMHC may terminate negotiations. If at this time CMHC feels that the secondary proponent may meet the requirements, CMHC will continue the process with the secondary proponent and so on.

By submitting a proposal, proponents agree that if they are selected as a lead proponent, they will enter into contract negotiations in a timely manner and in good faith, and within the framework of the RFP and the proponent's response to the RFP.

The announcement of the successful proponent will be made to all proponents following the signing of an agreement.

The proponent's proposal and all associated correspondence from the proponent, where relevant, shall to the extent desired by CMHC form part of the final contract and the proponent must accept that the final contract form will be in a format acceptable to CMHC.

Submission of a proposal constitutes acknowledgement that the proponent has read and agrees to be bound by the terms and conditions in the draft agreement in Section 6.3 in the event that the proponent is selected by CMHC to enter into a contract.

4.21 Closure of CMHC Offices or Suspension of Operations

Payment will be suspended in full after 48 hours written notice unless the Contractor provides satisfactory evidence to CMHC that the Contractor will continue to incur monetary obligations to others directly as a result of its undertakings under this Agreement and is unable to mitigate its losses due to such obligations. Based on such evidence and the extent to which the Contractor is able to mitigate, CMHC may continue payment in full (subject to clause (b) below), or at a reduced amount, or suspend payment completely.
- (b) Notwithstanding clause (a) above, if closure is continued beyond one calendar week, payment under this Agreement may be suspended in full immediately, on further written notice to the Contractor, until reopening permits the services to continue.

4.22 Extras

Except as otherwise provided in the Agreement, no payment for extras shall be made unless such extras and the price thereof have been authorized in writing in advance by CMHC.
