Amendment 017

This amendment is raised to publish questions and answers related to the Common Heavy Equipment Replacement (CHER) project as follows:

Q1: Will Canada pursue exchangeable cabins for the armoured vehicles?

A1: Canada provided an update in Amendment 011. The armour protection system must be modular so that it can be installed and uninstalled on the fleet of vehicles being acquired. Canada is open to various solutions.

Q2: Will there be an in-Canada variant and a deployable variant?

A2: All vehicles, with the exception of the Backhoes and Dump Trucks, are considered deployable.

Q3: Are you considering storage requirements for the armour?

A3: Yes, more details will be provided in the draft RFP.

Q4: What attachments are required for the Telescopic Rough Terrain Forklift (RTFL-T)?

A4: Forks and a lifting hook are required for the RTFL-T. More details will be provided in the draft RFP.

All other terms and conditions remain unchanged.
