Article 2.3 (Enquiries - Bid Solicitation) in its entirety

with the following text:

“2.3 Enquiries - Bid Solicitation

All enquiries must be submitted in writing to the Contracting Authority by April 14, 2020. Enquiries received after that time may not be answered.

Bidders should reference as accurately as possible the numbered item of the bid solicitation to which the enquiry relates. Care should be taken by Bidders to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that the Bidder do so, so that the proprietary nature of the question(s) is eliminated and the enquiry can be answered to all Bidders. Enquiries not submitted in a form that can be distributed to all Bidders may not be answered by Canada.”

2. The following “Evaluated Price” equation will be used to determine the evaluated price of the Bid based on the prices inserted by the Bidder in its bid Schedule A (Basis of Payment):

Using the Items listed in Schedule A,

For Category (A),

Evaluated Price

$$\begin{aligned} &= \text{Firm Unit Price of Item 001} \\ &+ \text{Firm Unit Price of Item 002} \\ &+ (2.00 \times \text{Firm Unit Price of Item 101}) \\ &+ (0.50 \times \text{Firm Unit Price of Item 102}) \\ &+ (0.50 \times \text{Firm Unit Price of Item 103}) \end{aligned}$$

For Category (B),

Evaluated Price

$$\begin{aligned} &= \text{Firm Unit Price of Item 003} \\ &+ \text{Firm Unit Price of Item 004} \\ &+ (2.00 \times \text{Firm Unit Price of Item 104}) \\ &+ (0.50 \times \text{Firm Unit Price of Item 105}) \\ &+ (0.50 \times \text{Firm Unit Price of Item 106}) \end{aligned}$$

3. The factors used in the “Evaluated Price” equation are for bid evaluation purposes only. There is no guarantee that the factors used for Items 101 to 106 in the “Evaluated Price” equation will equate to the actual quantities procured.”.

Revision 13

Replace:

Article 4.3 (Basis of Selection - Mandatory Technical Criteria) in its entirety

with the following text:

“4.3 Basis of Selection – Multiple Items

A bid must comply with the requirements of the bid solicitation and meet all mandatory technical evaluation criteria to be declared responsive. The responsive bid with the lowest evaluated price on a category by category basis (as defined in Schedule A – Basis of Payment) will be recommended for award of a contract.

A Bidder may submit a bid for one or more of the categories, and will be evaluated against all other Bidders in each individual category. If the same Bidder is the lowest evaluated price for both categories, then that Bidder will be recommended for award of a contract for both categories. One or more contracts may be awarded depending on the bid evaluation results for each category.”.
