Part 2. Questions and Answers

The following question(s) have been asked in response to the Request for Proposal and Elections Canada hereby answers as follows:

2.1 Question No. 4

Question:

We had a question for the rolls of masking tape, more specifically the cardboard core. The industry standard is a core of 3" for masking tape; would this be acceptable?

Answer:

The core must be between 1" and 1.5" in diameter. This diameter is smaller than the industry standard because the rolls will be inserted inside a small kit.
