AMENDMENT NO. 008

This solicitation amendment is issued to:

- 1) Respond to Bidder's Questions 32-33.
-

1. QUESTIONS AND ANSWERS:

Question #32

MC1, MC2, RCT1, and RTC2 all contain the following provision for demonstrating similar resource categories in reference contracts:

"The Bidder must demonstrate similar resource categories by mapping at least 60% of the SOW tasks of this requirement to the tasks of the resource category identified in the IM/IT contract. In the event that 60% of the tasks results in a decimal (for example 4.8 tasks), the number of tasks would be rounded down (i.e. 4 tasks would be accepted as being equivalent). For same resource categories, Canada will automatically consider referenced resource categories, procured through the TBIPS contracting vehicle, to be 60% aligned with the SOW tasks of this requirement."

RTC4 contains a requirement for demonstrating similar resource categories through contract references, but does not include the above noted section on task mapping. Is the bidder correct in assuming that this statement also applies to RTC4?

Answer 32

The statement does not apply to RTC4. As per the rated criteria, the Bidder must demonstrate similar resource categories by mapping at least three of the tasks for the specific resource category at a Junior level, at least five of the tasks for the specific resource category at an Intermediate level, and at least seven of the tasks for the specific resource category at a Senior Level as identified in Section 2.2 of Annex A – Statement of Work.

Question #33

We would like to be invited to the above referenced solicitation.

Answer 33

The subject solicitation is part of the Set-Aside Program for Aboriginal Business (SPAB). The solicitation is open to all qualified Tier 2 Suppliers who hold a valid Tier 2 TBIPS SA in the NCR for the each of the required resource categories, at the time of bid closing.
